## SAID HE MUST RESCUE GIRLS

Lowell Guardsman Held by  
Fitchburg Police at End  
of Wild Ride

Claimed He Was Ordered  
To Frustrate Kidnap-  
ing Episode

After a wild midnight ride from Lowell to Fitchburg, where he claimed he had been detailed to rescue two Boston girls, who were alleged to have been kidnapped and taken to that city by a prominent physician of Providence, R. I., George Henry, a resident of this city and acting sergeant in Company B, Mass. State Guard, is now being held at the Fitchburg police station for safe keeping, pending the time that he is taken back to Boston. In the meantime Geo. Gendron of this city, owner and driver of the automobile which transported Henry from this city to Fitchburg, is wondering who will settle the bill which amounts to \$35.

Henry, when taken in custody by the Fitchburg police, carried in his belt a loaded automatic 45 calibre revolver and it was only through a little trick on the part of the police that he was disarmed, for he did not want to part with his gun, claiming that it would probably come in handy on his mission.

The Fitchburg police are under the impression that the Lowell man is mentally deranged. His actions, they say, indicated that there was something wrong with him when arrested, yet he seems unconcerned as to his detention, for since the time of his arrest early this morning he has been peacefully sleeping.

Shortly before midnight last night, George Gendron, who owns a seven-passenger automobile was called by telephone and requested to meet a member of the state guard at the Canton restaurant in Central street. Gendron quickly cranked up his machine and speeded down to the restaurant, where he met Henry. The latter informed him that he wanted to be taken to Fitchburg at once on a very important mission and Gendron not wishing to make the trip alone with the soldier, called on Charles A. Gendreau, who maintains a tire repair shop in Central street and the trip started for Fitchburg.

The trip to Fitchburg was covered

## WILSON MAY GO UNDER KNIFE

Specialist Called To Determine Whether an Operation Is Necessary

Prostatic Condition Checking  
General Improvement,  
Say Doctors

WASHINGTON, Oct. 17.—While President Wilson was feeling well today, his physicians said the prostatic condition from which he had been suffering for several days was checking the general improvement of the past two weeks.

Dr. Mayson announced that he had called in Dr. Hugh Young of Johns Hopkins hospital, Baltimore, one of the foremost specialists in the country on prostatic troubles and that he was expected at the White House some time today. During the morning the president was treated by Dr. Fowler, a Washington specialist, who was called in when the president first suffered this complication, several days ago.

Dr. Young will make a thorough examination of the swelling of the prostate gland to determine whether an operation is necessary, Dr. Grayson said.

In fast time and upon reaching the city the men went at once to the police station, where Henry claimed the two girls were being detained, but they were not in sight and the police knew absolutely nothing about the alleged kidnapping or rescue. Henry was questioned at length by the officer at the desk, but his story could not be changed. Capt. Albert Bergeron of Company B, whose home is in Lowell, and who happened to be in town on a furlough, was communicated with by telephone and after hearing Henry's story, said it was news to him. He stated that Henry was an acting sergeant in his company but he knew of no orders for him to go to Fitchburg.

Finally Major Corliss, with headquarters in Boston, was reached by telephone at the request of Henry, but he too, knew nothing of the alleged kidnapping and requested the Fitchburg police to hold the man for safe keeping, stating that he would be sent for some time today.

It was then that the officer at the desk undertook to disarm Henry, but it was only after some coaxing that he succeeded in getting the gun and the Lowell man was taken to a cell. Gendron and Gendreau then returned to this city, arriving in Lowell shortly before 7 o'clock this morning. Later in the forenoon both men were questioned at length over the telephone by Major Corliss, but no agreement was arrived at as to who will pay Mr. Gendron's automobile bills.

Hutchins' Rubber Store, 211 Merrimack street. Rubber gloves. "Everything in rubber."

# Fall of Petrograd and Kronstadt Reported

WASHINGTON, Oct. 17.—Reports of the capture of Petrograd and Kronstadt by northwestern Russian forces under General Yudenitch, were received at the state department today from an American consular officer in Sweden when the despatch was sent, but it was said that they generally were credited in Sweden.

## "BOB" STILL IN THE LEAD

Veteran Shares Honor With  
Two Morgans in Great  
Home Test

WHITE RIVER JUNCTION, Vt., Oct. 17.—Soft roads and many hills made today's leg of the 300-mile endurance test of cavalry mounts the most difficult yet encountered. When the horses left here for their next stop over, at Concord, N. H., "Bob," the 13-year-old half blood stallion shared the lead in the scoring, with Donlin and Castor, the full blooded Morgans. Rustem Bey, an Arab from the Brown stables at Berlin, N. H., was five minutes behind, while Kheyr and Flanipa, also Arabs, trailed with a loss of 49 minutes. Eleven of the 14 mounts entered at Fort Bihan Allen were eligible to start on the fourth 60 mile leg of the contest. Several of the horses showed the effects of the journey and some further eliminations were looked for by the observers before the finish of the race at Camp Devens, Mass., tomorrow.

As speed counts but 25 per cent of the final award, the performance of some of the slower horses is being watched closely. Kingfisher, the Arab gelding, owned and ridden by Col. Frank Tompkins, military director at Norwich university and formerly commander of the 301st Infantry, is trailing the field, but covered the first three legs of 182.8 miles on the minimum amount of 12 quarts of oats and 20 pounds of hay.

Heavy Bombardment  
STOCKHOLM, Oct. 17.—(By the Associated Press) The fortress of Kronstadt has capitulated after a bombardment by a British fleet which, after the fort had surrendered, entered the harbor, according to advices received here.

Kronstadt is a fortress and seaport.

## 23,632 SHOT BY BOLSHEVIKI

Men, Women and Children  
of Riga Attacked by  
Intoxicated Reds

Executioners Laugh at Agonies of Victims—Well  
Dressed Girls Aid Reds

STOCKHOLM, Oct. 1.—(Correspondence of the Associated Press)—Professor Guido Schneider of Riga, in a lecture here stated that the Bolsheviks shot 23,632 men, women and children in Riga. The executioners, intoxicated and unable to aim straight, wounded their victims time and again, laughing at their agonies which sometimes lasted a whole day and night. He said young girls elegantly dressed volunteered as executioners and promenade up and down with rifles, fired at the prisoners.

## Your Good Old Father and Mother

are safe to follow in most things, but in some things their opportunity was not what yours is today. They paid the Home Expenses from the old blue stocking (blue stockings now out of print). ## RESUME READING OF TREATY TEXT IN SENATE

WASHINGTON, Oct. 17.—Having finally disposed of the Shantung amendment to the peace treaty by a vote which left no doubt as to its attitude on the question the senate was ready today to resume reading of the printed text, a four day job at best, with clerks reading in relays.

While there was no formal agreement the plan was to continue reading today and tomorrow. The Johnson amendment designed to equalize the voting power of the United States and Great Britain will be taken up next week.

The Shantung amendment which provided that the Chinese province of Shantung taken from Germany by Japan be restored to China, was defeated by a vote of 55 to 35.

Republican leaders declared that the result had no possible bearing on the lineup for ratification, insisting that there was no hope of ratifying the treaty without reservations.

## PLAN TO ALLEVIATE TRAFFIC CONGESTION

In an effort to alleviate traffic congestion in Merrimack square and lower Central street during the late afternoon and early evening hours, members of the transportation committee of the board of trade will meet next Tuesday afternoon at the board rooms in Merrimack street and will confer with Fred L. Crowley, of the trustees of the Eastern Massachusetts Street Railway company, Thomas Lees, its local manager, and Mayor Perry D. Thompson.

The traffic congestion is caused principally by the large number of electric cars which are lined up in the square and Central street about 5 o'clock every afternoon. At this hour mill operatives begin coming from work and a large number of them use the cars to get home. In addition there are extra cars coming in from the outlying and suburban sections of the city and the combination almost inevitably results in a traffic jam in the center of the city.

Motor and other vehicles also suffer from the congestion at this time and it is believed that one of the causes of the trouble is the fact that the electric cars remain too long in Merrimack square while discharging and taking on passengers. Efforts will be made at Tuesday's conference to find a solution of the difficulty.

## The South End Thanks You

The general committee in charge of the South End District Welcome Home Celebration desires to express thanks to all who contributed in making the entire program the pronounced success it happily proved to be. Particularly do we appreciate the courtesies extended us by Rev. Dr. Keisher for the use of the school hall, the material assistance of Mr. Schanke of the Opera House, the invaluable aid of the ladies of the district, and the contributions of money, great and small, enabling us to stage the affair on a grand scale. Where all things and hundreds of people added so splendidly in making it a most notable event, it is obviously difficult to particularize. All we can say is that in the name of the soldiers, sailors and marines, we thank you.

DANIEL COSGROVE, Chairman.  
JAMES L. O'DEA, Secretary.  
LEON H. MULLIN, Treasurer.

## ON COLLECTIVE BARGAINING

Representatives of Capital  
in Conference Seek To  
Frame Substitute

Object to Labor Resolution  
—John D. Rockefeller,  
Jr., With Labor

WASHINGTON, Oct. 17.—Representatives of capital in the National Industrial conference continued their efforts today to frame a declaration on collective bargaining to be offered as a substitute for the resolution presented yesterday by the committee of 15.

While acknowledging the right of individual bargaining, the declaration in its tentative form provides that the individual establishments shall be the basis of relationship and that the employers shall not be required to deal with others than their own employees.

While the representatives of capital were in session the labor and public groups marked time, and conference officials said they did not know when the day's sessions would begin.

The public delegates indicated a willingness to refer the entire question of collective bargaining back to the committee of 15, although labor delegates expressed vigorous opposition to further postponement of the steel strike arbitration resolution.

Charles Edward Russell of New York, a public representative who had a leading part in framing the Labor Public declaration on collective bargaining yesterday, said that he would offer at least two amendments to the resolution should it be sent back to the committee of 15.

Hope was expressed by labor delegates that Samuel Gompers, president of the American Federation of Labor, who has been suffering from nervous exhaustion, would be able to resume his place today as leader of the labor delegation. Mr. Gompers' temperature was normal last night, his secretary reported. He is very anxious to be back in the conference room, but his physician has advised further rest.

Gang Not Present  
Nearly two hours after the hour set for the meeting the conference was called to order. Elbert H. Gary, chairman of the board of the United States Steel corporation and a public delegate, was not present.

Immediately after the conference met, Harry A. Wheeler of Chicago, chairman of the capital group, presented a declaration outlining what were said to be the utmost concessions his group was disposed to make. It follows:

"Resolved: That without in any way limiting the right of a wage earner to refrain from joining any association or to deal directly with his employer as he chooses, the right of wage earners in private, as distinguished from government, employment or to organize in trade and labor unions, in shop industrial councils, or other lawful form of association, to bargain collectively, to be represented by representatives of their own choosing in negotiations and adjustments with employers in respect to wages, hours of labor, and other conditions of employment is recognized; and the right of the employer to deal or not to deal with men or groups of men who are not his employees and chosen from among them, is recognized; no denial is intended of the right of an employer and his workers voluntarily to agree upon the form of their representative relations."

Mr. Wheeler announced that of the 14 members of his group present during the framing of the substitute, 11 favored the proposal and three were silent.

He said the representatives of his group on the committee of 15 had

## 158 MILES IN 83 MINUTES

"Flying Parson" Given Ovation by Enormous Crowd at Rock Island, Ill.

Major Spatz Turns His Machine Over to Captain Lowell Smith

CHICAGO, Oct. 17.—Lieut. E. W. Maynard, still leader in the transcontinental air race, is on his east-bound course somewhere between Des Moines, Ia., and Chicago, after his crankshaft broke yesterday noon, and forced him down near Wahoo, Neb. Mechanics worked all night to put a Liberty motor salvaged from a wrecked Martin bomber into his DH-4, and early this morning the "parson" resumed his flight toward the Atlantic.

Lieut. Alexander Pearson, second in the race, left Cheyenne, Wyo., this morning about 1:55 miles behind Maynard with Captain J. O. Donaldson 124 miles behind Pearson.

Major Carl Spatz arrived in Buffalo, N. Y., this morning and turned his ship over to Captain L. H. Smith, whose plane burned there yesterday. The fight for fourth place had been between Smith and Spatz.

Nineteen contestants have now made the transcontinental trip, 13 having landed at San Francisco and six in Mincola. Seventeen are nearing the last stages of the journey into San Francisco.

Lieuts. Kiel and Queens started on the return journey from Mincola this morning while Captain C. H. Drayton and Lieut. H. W. Sheridan were ready to start from San Francisco.

Third in the race home, Capt. J. O. Donaldson, was only 130 miles further west, at Klamath. All three were farther along on their journey than Maj. Carl Spatz, the east to west leader, held at Rochester by bad weather.

In the west flying was not stopped and three aviators landed at San Francisco, bringing the total number to reach that terminus to 18, of 47 starters. Six of 15 who began the night for Mincola had reached their destination before the elements stopped flying yesterday.

Seventeen flyers still are struggling toward the Golden Gate.

Ovation for Maynard  
ROCK ISLAND, Ill., Oct. 17.—Lieut. Belvin W. Maynard was given an ovation by an enormous crowd on his arrival here at 12:15 p. m. from Des Moines, having made the 158 mile trip in 83 minutes, breaking his record for the same leg of the journey on his trip west.

opposed recommendation of the declaration on collective bargaining (favored by the public and labor groups because the capital group had not had the same opportunity as the public and labor groups to consider it.

The Labor Plank

Labor's plank on collective bargaining is as follows:

"The right of wage-earners to organized in trade and labor unions, to bargain collectively and to be represented by representatives of their own choosing in negotiations and adjustments with employers in respect to wages, hours of labor and relations and conditions of employment, is recognized."

"This must not be understood as limiting the right of any wage earner to refrain from joining any organization or to deal directly with his employer if he so chooses."

Rockefeller With Labor

A notable feature of the proceedings was a speech by John D. Rockefeller, Jr., in which he squarely took sides with the labor delegates on the collective bargaining plank.

## JOHN FARLEY HONORED

Lowell Lodge of Elks Give  
Testimonial Banquet to  
Past Exalted Ruler

With the ways smoothed by the presence and companionship of more than 200 of his brother members, John P. Farley, past exalted ruler of Lowell Lodge, No. 87, Benevolent and Protective Order of Elks, who was recently appointed district deputy grand exalted ruler for the Massachusetts northeastern district, glided into the performance of his new duties last evening when his parent lodge and a number of brothers from other lodges gave him a testimonial banquet in Elks' hall, Middle street.

It was a session of jubilation not alone for Mr. Farley, but for every member of the Lowell lodge. It had

JOHN P. FARLEY

been 19 years since a Lowell Elk had been honored with the position which Mr. Farley now holds and the local "Bills" were determined that the occasion should not pass without fitting and proper observance.

Material tokens of their esteem for the new district leader were evident in the presentation to Mr. Farley of a loving cup and a number of American gold eagles. But far outranking these tokens were the general good fellowship spirit which pervaded the evening and the incessant barrage of congratulatory, laudation and promises of co-operation to which the new deputy was subjected for several hours. There were speeches in abundance which ran with versatile abandon from the serious to the musingly reminiscent. And the talent of the lodge had its chance to pay respect to Mr. Farley and at the same

GABY

## GABY IS IN OUR MIDST ONCE MORE

NEW YORK—Gaby Dellys, and a new "trick" pop, are with us again. Gaby arrived unannounced on the liner La France. The reason for the visit of the famous actress was unexplained. Is it unchivalrous to observe that Gaby doesn't look as young as when she was the friend of the king of Portugal?

time entertain the gathering with choice musical selections.

The speakers of the occasion represented almost every walk of life and every branch of Elksdom. They included Nathan A. Tufts, district attorney, who delivered a powerful address on the duty of Elksdom to join in the fight for the suppression of Bolshevism; William H. Mahan, exalted ruler of Lowell lodge; Mayor Perry D. Thompson, Past District Deputy Edward M. Hamlin of Medford, Past District Deputy William B. Hill of Everett, Past District Deputy Charles R. Barton of Melrose and Mr. Farley, himself.

In his new position Mr. Farley will have jurisdiction over 16 lodges: Lowell, Lawrence, Haverhill, Everett, Woburn, Wakefield, Revere, Chelsea, Malden, Melrose, Medford, Lynn, Salem, Beverly, Newburyport and Gloucester. Eugene Y. Brown, chairman of the committee on arrangements, called the gathering to order after Caterer Lydon had served one of his habitually excellent turkey dinners with

all that goes with them. He welcomed those present and then introduced William D. Regan as toastmaster of the evening.

The latter told of the purpose of the gathering—to honor one of the members of the lodge who had been elevated to a high dignity in Elksdom and to promise him support in the performance of his duties. He sketched deftly the strides the local lodge had made since its inception and dwelt on the strong Americanism which was one of its cardinal principles. Long before this country had entered the world war, he said, the Elks' observance of flag day had arrested the attention of the country to the undying democracy of the Stars and Stripes.

Mr. Regan then read letters of regret from Andrew J. Casey of Boston, Peter McCann of Chelsea, Congressman John Jacob Rogers, James R. Nicholson, W. L. Healey of Boston, and C. P. J. McHugh of Boston.

William H. Mahan, exalted ruler of

Lowell lodge, was then introduced and spoke briefly relative to the election of the lodge in having one of its members chosen for the important post which Mr. Farley had been called upon to fill. He pointed out that it was incumbent on the officers and members of the lodge to do their part to uphold the dignity of the office.

He then extended his personal congratulations to Mr. Farley.

Andrew A. McCarthy was called upon for a solo, but first led the entire gathering in singing a parody on "I'll Liza Jane" having to do with Mr. Farley. The crowd caught on to the spirit of the song at once and this was one of the most pleasant features of the evening. Mr. McCarthy was assisted by Warren Churchill.

District Attorney Nathan A. Tufts, of Waltham was the next speaker. He was characterized by the toastmaster as one of the "best district attorneys we have ever had."

In opening, Mr. Tufts said that he would be glad to swap jobs with Mr. Farley and Mr. Farley responded that he would be willing to do his share to bring it about.

The speaker pleaded for a vigorous effort on the part of Elks to assist in the solution of the great problems before the country today. Elksdom had always stood, he said, for liberty in its purest form and American citizenship. He told of the problem confronting the country in the fact that there are nearly 75,000,000 aliens in the country, many of whom cannot read or write English. There are nearly 1000 papers printed in foreign languages and scores of these are openly anarchistic. He said that before the war the country had a steady procession of immigration and that this was good in some respects, but bad in others. Some of these immigrants came here only to await their chance to foist their ideas of government upon this country, Mr. Tufts alleged.

"We have a class of political degenerates in this country," he continued, "who are seeking to overthrow this present form of government. Fred Stone, the comedian, gave a good definition of a socialist when he said that such a man was one who had nothing himself and wanted to divide it with everybody else."

Mr. Tufts then urged active efforts on the part of the Elks in taking a stand against Bolshevism and said that it was high time that every man got into politics. He congratulated Mr. Farley and assured him that the entire district would support him in his new duties.

John Y. Myers entertained with a solo in which Hon. John T. Sparks of of Braintree assisted commendably.

Mayor Perry D. Thompson was called upon to respond to the toast: "Elks of Our City." He told of many of the leaders in all walks of life being members of the Elks and that for that reason it was only fitting that a fraternal leader should be chosen from the ranks of the lodge. He dwelt on the present governmental evils facing the country and in conclusion predicted a brilliant career for Mr. Farley as district deputy.

There were further selections by Com. Jas. E. Donnelly, Daniel J. McCaffrey, James Kenney and Lieut. Bissonnette. The other speakers spoke on much the same topics as those already quoted and included Past Dis-

trict Deputy William E. Hill and Past District Deputy Charles R. Barton.

At 11 o'clock the lights of the hall were dimmed and the celebrated 11 o'clock toast in honor of departed members was given by Brother Hill.

Following Brother Barton's remarks, Toastmaster Regan presented a loving cup and box of American eagles to Mr. Farley on behalf of the lodge members. Mr. Farley responded fittingly in an appreciative address. He thanked his brothers for their assurances of support and said that he chose to accept the evening's demonstration not personally, but as the official representative of the lodge.

It was nearly midnight when the affair closed with the singing of the national anthem. The Elks' orchestra furnished music during the evening

and Thomas Dowd accompanied the singers.

The committee in charge included:

Eugene Y. Brown, P.E.R., chairman; Richard A. Griffiths, secretary; William H. Mahan, E.R.; Richard T. Robinson, E.L.K.; Samuel Scott, E.L.K.; John T. Durkee, E.L.K.; John J. Lee, P.E.R., secretary; Thomas A. Golden, treasurer; James E. Donnelly, esquire; W. Edward Turnbull, J.G.; C. Edward Cotter, chaplain; Edwin W. Kilpatrick, taylor; John E. Burns, James H. Walker and Edward W. Saunders, trustees.

R. F. KEITH'S THEATRE

A gale of laughter that grows stronger every minute invariably characterizes the presentation of "Pravocation," which is being shown this week at the R. F. Keith theatre, by Bert Baker & Co. Baker wrote it and Baker plays the principal part in it. It's one great gloom-chaser. Searl

Allen and Laura Lyman in "The New Taxi Starter" have an entertaining vehicle, and Frank and Milt Britton serve jazz in its latest dress. McCormick and Wallace are ventriloquists of note, and Delano & Pike do a bit of many different things. Other acts on the bill are: Barbetta and Gertrude Dudley & Co.

Charles Hunkins, a retired coal merchant, of Southampton was found suffocated with his head trapped in a sea chest in which he kept his clothes.

# LADIES, 1000 of the FINEST HATS ever displayed in Lowell

## CHOOSING A HAT

Not every woman knows that her appearance can be made or marred by her selection of a Hat, but it's true.

A woman is to blame for her Hats. A becoming Hat should seem to belong to the face, as much as the eyes or the teeth belong to it.

Therefore in buying a Hat try to find one that will harmonize, bring out your complexion and set off or deepen the color of your eyes.

A Hat more than any other part of a woman's costume should be selected for its innate fitness to the wearer's personality.

Salespersons in the Broadway chain of stores are experts in fitting the proper Hat, are especially instructed and will please your purse and person.

## WILSON WINS ON AMENDMENT

Victory For President in  
First Big Battle—Shan-  
tung Proposals Defeated

Fourteen Republicans Side  
With Administration—Bitt-  
er Words in Debate

WASHINGTON, Oct. 17.—The presi-  
dent has won the first big battle for  
the peace treaty. There will be no  
amendments. Shantung was killed by  
a decisive vote, 14 republicans lining  
up with the democrats to defeat the  
six propositions relating with the  
transfer of German rights in the pen-  
insula to Japan, while only three dem-  
ocrats took the republican side.  
Still more significant—for the de-  
feat of the Shantung amendment was  
foreshadowed—was the demonstra-  
tion of the hopelessness of the John-  
son amendment. Wednesday senators  
were counting a tie vote—47 to 47—as  
the probable result when the measure  
concerning the plural vote of Great  
Britain in the league assembly came  
to a rollcall. Last night it was known  
that two certainly, and six probably,  
of the republicans who were counted  
as supporting the California senator  
are against him on this issue.

### Day of Bitter Debate

The fight for the amendments will  
go on for a week or so longer, but  
it is obvious that this is only a rear-  
guard action of the republicans to cov-  
er their retreat to their Hindenberg  
line of reservation, where they will  
make their stand.

The result of the voting on the  
Shantung section was a vindication of  
Senator Hitchcock as a prophet. The  
totals were exactly as predicted by him  
in his top-notch claim.

The vote came at the end of a day  
of bitter debate that involved every  
phase of the treaty struggle. One  
curious feature was a slashing side  
line fight on the democratic end with  
John Sharp Williams attacking the  
Irish and Phelan attacking John Sharp  
for his assault on the sons of the Em-  
erald Isle.

Thirty-two republicans and three  
democrats tried to save the Shantung  
amendment; 14 republicans and 41 dem-  
ocrats insured its defeat. Six senators  
were absent or paired.

### How Senators Voted

The vote in detail follows:  
For adoption:  
Republicans—Ball, Borah, Brandegee,  
Calder, Capper, Curtis, Dillingham, Fall,  
France, Frelinghuysen, Gronna, Har-  
ding, Johnson (California), Jones  
(Washington), Knox, La Follette,  
Lodge, McCormick, McLean, Moses, New,  
Newberry, Norris, Page, Penrose,  
Phelps, Poindexter, Sherman, Suther-  
land, Wadsworth, Warren and Watson  
—22.

Democrats—Gore, Reed, Walsh (Mas-  
sachusetts)—3.

Total for adoption—25.  
Against adoption:

Republicans—Cott, Cummins, Hale,  
Kellogg, Kenyon, Keyes, Lenroot, Mc-  
Cumber, McNary, Nelson, Smoot, Spen-  
cer, Sterling and Townsend—14.

Democrats—Ashurst, Bankhead, Beck-  
ham, Chamberlain, Culberson, Dlat,  
Fletcher, Gay, Gerry, Harris, Harrison,  
Henderson, Hitchcock, Jones (New  
Mexico), Kendrick, King, Kirby, Mc-  
Kellar, Myers, Nugent, Overman, Owen,  
Phelan, Pittman, Pomerene, Ransdell,  
Robinson, Sheppard, Shields, Simmons,  
Smith (Arizona), Smith (Georgia),  
Smith (Maryland), Stanley, Swanson,  
Thomas, Trammell, Underwood, Walsh  
(Montana), Williams and Wolcott—41.

Total against adoption—55.

The six senators absent or paired  
were: For adoption: Fernald, republic-  
an, Maine, and Elkins, republican,  
West Virginia.

Against adoption: Edge, republican,  
New Jersey; Johnson, democrat, South  
Dakota; Martin, democrat, Virginia.

## For Those Pesky Pimples

There Are Handsome Complexions in  
Almost Every Village That Prove  
the Remarkable Value of  
Stuart's Calcium Waters

Nature decreed that every woman  
should have a clear, smooth, delicate

skin. If it is blotched with pimples,  
blackheads and other such eruptions,  
it is simply an evidence that the skin  
lacks certain elements that promote  
and preserve skin health. And the  
greatest of these is the wonderful  
calcium sulphide in Stuart's Calcium  
Waters. Calcium is one of the natural  
constituents of the human body. Your  
skin is made of it.

It stimulates the skin health, dries up the  
pimples, boils and blotches, enables  
healthy skin of fine texture to form  
and become clear, pinkish and smooth.  
Stop using creams, lotions, powders,  
and bleaches which merely hide for  
the moment. Get a 50-cent box of Stu-  
art's Calcium Waters at any drug  
store today.—Adv.

### Lodge to Renew the Fight

After the vote was completed Sena-  
tor Lodge announced that later he  
would move to strike out entirely the  
sections awarding the Shantung rights  
to Japan. Notice also was given by  
a number of the republican senators  
who opposed the committee amend-  
ment that they would present reserva-  
tions dissenting from the Shantung  
award.

More than 20 senators took part in  
the debate yesterday, extended speech-  
es being made for the amendment by

Senators Johnson of California, Sher-  
man of Illinois and La Follette of Wis-  
consin, all republicans, and against it  
by Senators Phelan of California, a  
democrat, and McCumber of North Da-  
kota, a republican. Senator Williams,  
democrat, Mississippi, injected into the  
discussion a bitter denunciation of the  
attitude of some Irish-Americans and  
sharp replies were made by Senators  
Phelan, California, and Gerry, Rhode  
Island, democrats.

After the rollcall a few minutes was  
devoted to the formal reading of the  
long treaty text and the leaders ex-

pect to continue the task today.  
The general prediction was that a  
vote on the remaining amendments  
would not be reached before the mid-  
dle of next week.

### "Threats of Assassination"

Senator Williams declared he had  
recently received many intimidating  
letters.

"I have received several threats of  
assassination, but I don't mind as-  
sassination," he said. "I am perfect-  
ly aware that the friends of Irish free-

dom have been packing these galleries  
of late and I am perfectly well aware  
that in making this speech I have open-  
ly defied the scoundrels who have  
threatened me with assassination."

Senator Phelan, democrat, California,  
made sharp reply to Senator Williams,  
and especially to the latter's reference  
to the part taken by the Irish in the  
Civil war.

"The fact is that the south gave way  
because there was no more fibre in its  
armies," Senator Phelan declared, "and  
it is just as well to let it be known

again that the south was fighting for  
slavery while the Irish have always  
fought for freedom."

Senator Gerry, Rhode Island, the  
democratic whip, told the senate he  
did not like to let go unchallenged  
statements made in the debate charg-  
ing disloyalty to Irish citizens. Such  
inferences, he said, were entirely un-  
just.

Rickshaws, the popular Japanese car-  
t, were first made in large num-  
bers in 1870.

### POLICE LOOKING FOR SNATCH THIEF

The police are still endeavoring to  
locate the snatch thief who operated  
in Sixth street last Saturday evening  
when a young woman stenographer  
and bookkeeper was relieved of over  
\$40 in cash. According to the infor-  
mation received, the young woman  
was on her way home, carrying a hand-  
bag and when at a short distance from  
the house, a man came along and af-  
ter snatching the bag away from her,  
made his escape.

Make More  
Next Time!

LET the children have Pudding for dessert  
—it's good for them! Pudding is rich,  
creamy, and luscious—molds quickly any  
time. It comes in chocolate, rose vanilla,  
orange and lemon—and other delicious flavors.  
Easy and economical to make. Use it for  
creamy pie and cake fillings and ice cream.  
A 15c box serves 15 people. And you can  
use as much or as little at a time as you need.

Buy Pudding at your grocer's.

## Fall Coat

Is a Smart Affair

Usually it is fashioned of soft woolly fabrics with a long nap. Bolivia, tinseltone, chameleon cord are enjoying an immense vogue. There is a general tendency for the coat to be more snug fitting and tailored with a tighter sleeve than has been seen for some seasons. Beauty of line, richness of fabric and excellent workmanship. Our coats embody all the above facts; that is why you should get your winter wear here.

MISSES' COATS, of polo and lustone cloth, in navy, brown, ox blood; special values at \$25.00 and \$30.00

WOMEN'S COATS, of heavy weight velour and cheviot, half lined, colors black, brown and taupe. Special at ..... \$35.00

WOMEN'S POLO COATS, made of extra heavy weight polo cloth, half lined, with belt, colors brown, oxford and taupe. Priced at \$40

A happy assortment of coats for misses and women, in silvertone, bolivia, tinseltone, chameleon cord, evora and plush. Plain and fur trimmed coats in prices a little lower than elsewhere.

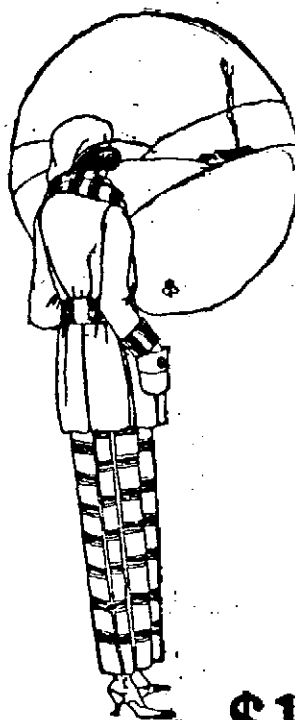

\$45, \$50, \$65 to \$200

## Girls' Winter Coats

SIZES 7 TO 14 YEARS

Our assortment of Girls' Coats is complete. Stylish winter coats of all wool cheviot, polo cloth and velour; also coats in heavy weight wool mixtures. Prices—

\$10, \$12.50, \$15, \$18.50

## A Plaid Skirt

For sport wear will always be a valuable addition to the wardrobe. The new styles for fall wear have arrived, and you'll find one to fit your taste in our generous collection.

\$10 \$18.50 \$25

## The Matter of New Blouses

Can be settled here in our waist section—where you'll find an unusual collection of the new fall blouses, including

TAFFETA

COTTON VOILE

GEORGETTE

Metal Radium Cloth in gold and silver.

STREET FLOOR

## Mutiny and Murder Charged

PHILADELPHIA, Oct. 17.—Four survivors of the British schooner Onato, rescued 300 miles east of Newfoundland on October 8, by the American steamship Zickle, are under arrest here today charged with mutiny on the high seas and with having killed the captain of their ship and his brother, the first mate. The charges were made by Captain Daniel A. Sullivan, master of the Zickle, which arrived at this port yesterday from Rotterdam. They denied there was a mutiny and declared the officers of the Onato were accidentally killed by the shifting of the cargo during a terrific gale.

## BISHOP SANCTIONS CHURCH UNION HERE

The proposed union of the Worthen Street and Highland Methodist churches has received the sanction of Resident Bishop Hughes and hereafter the two congregations will meet as one at the Highland church. Rev. Oliver W. Hutchinson, pastor of the Highland

church, has been appointed as minister of the Union church which will bear the name of the Highland Union M. E.

The property of the Worthen Street church will be disposed of by a commission of ministers and laymen, appointed by the bishop and while it may be sold so as to pass out of the sphere of church work of any kind, it is possible that it will be converted

into headquarters for missionary and Americanization work.

A formal public meeting of the members of the new Union church will be held soon and at this function it is planned to have present Bishop Hughes and District Superintendent Dr. C. E. Spaulding.

## LAUNCH DRIVE FOR MORE MEMBERS

A drive for more members was launched last evening at a meeting of St. Joseph's College Alumni association in the college hall. Five hundred members is the goal for which the organization will strive during the coming weeks, and Secretary Arthur Giroux announced that prizes will be awarded to those getting the best results. President Tancredi L. Blanchette presided. During the evening a musical and

athletic program was enjoyed, embracing wrestling matches between Joe Biss and Alfred Beauchene and Biss and Ernest Gagne; songs and violin selections by Noel Beaudet and Victor Hamel; and a drawing contest in which Rev. Joseph Bolduc, O.M.I., of St. Joseph's parish took the honors.

The match between Biss and Beauchene resulted in a win for Biss after 11 minutes of furious battling. Biss found Gagne a tougher opponent, and the bout was declared a draw by Referee Albert Hamel. Biss and Gagne are old wrestling partners and were at one time in vaudeville together.

## SHRINKAGE IN HIGH SCHOOL COMMISSIONS

Because the number of companies in the high school regiment has been reduced from 12 to six this year the number of available commissions has

shrunk in proportion. Written examinations for these positions were held yesterday afternoon and supplementary oral exams will follow next week. The positions open are: Colonel, lieutenant colonel, major, regimental adjutant, regimental quartermaster, six captains, six first lieutenants and six second lieutenants.

## N. E. WOMEN'S CLUBS

PORTLAND, Me., Oct. 16.—Mrs. Herbert J. Guernsey of Wallaston, Mass., was elected chairman today of the conference of the boards of officers of the federations of women's clubs of the New England states.

Mrs. Robert Smith of White River Junction, Vt., was elected vice chairman and Mrs. E. H. Harriman of Laconia, N. H., secretary-treasurer. The nominating committee consisted of Mrs. Myrtle L. T. White, representing Maine, Mrs. W. H. Hoffman, Con-

## Train Derailed—Cars Land in Ditch

CAMBRIDGE, Vt., Oct. 17.—A mixed train of six cars on the St. Johnsbury and Lake Champlain railroad, leaving St. Johnsbury about 6 o'clock this morning, was derailed four miles north of Cambridge Junction, two cars landing in the ditch, a third left hanging in mid-air from a culvert and the other three off the track, but still upright and both rails for a thousand feet torn up. No one was killed or badly injured. The accident happened as the train was passing over a culvert, going at an ordinary rate of speed.

Resident Mrs. Frederick E. Dowling, Massachusetts, chairman.

## BEES ARE STARVING

SPRINGFIELD, Oct. 16.—Two thousand swarms of bees in Hampden county are starving, according to a statement today by the Hampden County Improvement league. Wet weather and cold nights have so interfered with the formation of nectar as seriously to deplete the bees' food supply.

Between five and 15 pounds of sugar must be fed to each swarm before cold weather. If they are to survive, the league says, and steps are being taken.

An area of 436 acres was burned over in the great fire of London 1861.

To Cure Cold in One Day—Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough, Headache and works off the Cold. W. GROVE'S signature on each box.

**Owl Theatre**

## HEAD OF SWIFT & CO. MAKES DENIAL

CHICAGO, Oct. 17.—Louis F. Swift, president of Swift & Co., yesterday issued a statement denying the charges that the five big packers by enlarging the scope of their business threaten to control the wholesale grocery trade of the country which were contained in the latest report of the federal trade commission, made public yesterday.

Mr. Swift's statement reads in part: "The packing industry is again put in a wrong light by the latest installment of the series of attempts on the part of the federal trade commission to scare the American people into the belief that the large packers are getting control of the food supply of the country."

"In the first place the packers do not control anything. Swift & Co., is in active competition with all other packers in the purchase and sale of every product bought and sold."

"The charge that the five packers have divided the field, each specializing on certain lines, is absurd. Swift & Co., handles only such products as logically result from being in the packing business and such other products as can be handled efficiently through its sales organization and refrigerating equipment. The net result is the lowering of selling costs, more direct marketing from producer

and a better service to the public. This statement we stand ready to prove to any impartial tribunal.

"There is no ground for the claim that the large packers hold fair to dominate the wholesale grocery trade. Swift & Co.'s sales of grocery products amount to only a little over 1 per cent of the total wholesale grocery business. The five large packers together handle not to exceed 25 per cent.

"The trade commission's figures showing the percentage of poultry, butter and eggs handled by the large packers are greatly exaggerated."

"We have issued figures based on department of agriculture reports showing that Swift & Co., handles only about 6 per cent of the total quantity of these products sold in the United States.

"There is no combination or agreement with other packers in the handling of these products or to divide territory in their purchase or sale."

"I believe that the public is beginning to learn that it cannot rely on the prejudiced and sensational charges made by the federal trade commission and that this commission is doing the country a positive injury by stirring up discontent and misunderstanding."

### REUNION OF NOTRE DAME ALUMNAE

Members of the Notre Dame Alumnae association are looking forward to the annual reunion of the organization which is to be held in this city tomorrow. The session will last practically all day and will be held at Notre Dame academy in Adams street.

## Buy Millinery at Wholesale Prices and Save 1/3

Our plan of selling direct to you eliminates big retail profits and assures you of widest possible variety of styles. Remember that while lavish retail store fixtures add nothing to the quality of your hat—they do add considerably to the price. ### SUN BREVITIES

Best printing, Tobin's Associate bldg. Lydon for best catering. Tel. 4934.

Fire and liability insurance. Daniel J. O'Brien, Wyman's Exchange.

Hutchins' Rubber Store, 214 Merrimack street. Raincoats. "Everything in rubber."

John F. Leavitt, candidate for representative at the recent state primaries, has filed his expenso account at the city clerk's office. Mr. Leavitt spent \$46.05.

Twenty-one applicants for chauffeurs' licenses were examined at city hall today by Inspectors Hubbell and Hardy of the state highway commission.

Battery F Auxiliary met last evening to make arrangements for a reception and supper to the boys of the battery. The date of the affair has not yet been definitely determined.

James J. Weaver of 203 Fayette st. was accepted at the local army recruiting station this morning for one year's service with the Coast Artillery corps. Weaver saw service overseas in the world war, being attached to Battery C of the 51st Coast Artillery corps.

H. Lawrence Coggins, of this city, has resumed his studies at Pratt Institute, Brooklyn, where he is a member of the sophomore class in the department of architectural designing. Mr. Coggins was president of his freshman class, a member of the glee club and played on the school baseball team.

John H. Hoar, formerly connected with the lands and buildings department of this city in the capacity of elevator inspector is now special representative for the E. J. Woodson company, with headquarters in Detroit. Mr. Hoar was in Lowell recently visiting relatives and friends here, and incidentally doing business along his special line.

Leo F. Morris, who has been serving in the navy for the past two and a half years with the rating of storekeeper, has been honorably discharged from the service and has returned to his home, 453 High street. Morris made 15 trips to France during the war and a number of others after the armistice was signed. He was formerly employed as a conductor by the local street railway company.

### NEWS OF THE DAY IN POLICE COURT

On the charge of stealing \$10 from Patrick Flaherty on Oct. 15, Clara McFarland was arraigned before Judge Enright in police court today. She pleaded not guilty and a continuance was granted until Wednesday.

The case of Elmer LeDuc, accused of operating an automobile so as to endanger the lives and safety of the public was placed on file.

A suspended sentence of five months in the house of correction was ordered in the case of Wilfred J. Granderson, found guilty of neglect of his duties. Weekly contributions of \$15 to the probation department was also included in the order.

For drunkenness, Hector Christian was down a suspended sentence of six months to the above mentioned

### SUPERIOR COURT CIVIL SESSION

At the opening of the civil session of the superior court this morning a

verdict in the sum of \$251.61 was rendered in the case of Arnold A. Hyam et al., vs. Wilfred Lavigne, an action of contract by which the plaintiffs sought to recover the sum of \$287.50, which they claimed was due them by the defendant as a commission for the

alleged sale of the property at 425-425 Broadway. Qua, Howard & Rogers appeared for the plaintiffs and Trull, Wier and O'Donoghue for the defendant.

The next case to go to trial was an action of contract brought by Henry

W. O'Brien against Joseph Dunn, who is endeavoring to recover the sum of \$122.50 as a commission for the alleged sale of the property numbered 610 School street. John A. Crowley for the plaintiff and A. S. Goldman for the defendant.

## DICKERMAN & McQUADE

You're As Good As You Think You Are

Success often hinges on one's mental attitude towards the problem in hand. Confidence is a great leveler of obstacles.

Good clothes will stiffen your spinal column, give you confidence, raise your mental valuation of yourself to the right level.

In this live store we specialize in serving men with The Finest of Clothing, Ready to Wear, as produced by Hirsh, Wickwire.

Only the finest fabrics available are used in these clothes. There's a wealth of hand tailoring in them. They're cut and stitched one at a time, and you get out all the value packed into them in better fit, longer wear and resulting satisfaction.

Our showing is so comprehensive as to insure any man finding very definite satisfaction as to style, fabric, color, pattern and price.

# We Can Afford to Sell Good Clothes at LOW Prices

## ---CHESTER CLOTHES

LIKE all progressive clothiers, we urge you to buy good clothes---clothes that wear long and well. It is the only true economy, because it pays in the end.

BUT---We urge you also, NOT to pay high prices for good clothes---because YOU DON'T HAVE TO! Our plan of selling permits us to sell GOOD clothes at LOW prices. All our clothes are wonderfully good---serviceable, attractive fabrics---tailored into distinctive, smart styles by expert workmen. Their lines, cut and finish, are superb. And our prices are SURPRISINGLY LOW---because we produce all our own clothes---sell direct to you in our own stores, and we sell to an immense number of men.

**CHESTER** \$20  
"SERVICE PLUS STYLE"  
**SUITS & OVERCOATS**

This is a line we are proud of because it represents an achievement in clothes making. High quality materials, fashioned in the latest, the BEST style, sold at the remarkably low price of \$20. If you don't think it possible---come down and see the wonderful values.

**CHESTER** \$25  
"EXTRA FINE QUALITY"  
**SUITS & OVERCOATS**

Our line of Extra-Fine-Quality Clothes is truly "a new standard of Clothes Value." The fabrics are splendid, both durable and attractive, and the patterns are distinctive. They have that added touch of style individuality that appeal to discriminating men. Chester "Extra-Fine-Quality" Clothes are priced at \$25 because of our economical selling methods.

**CHESTER** \$30  
"VICTORY"  
**SUITS & OVERCOATS**

You'll like one thing about this line---the expert tailoring. That's what has made them the choice of men accustomed to custom-tailored clothes. Smart patterns and all wool patterns, too.

# CHESTER "Bestgrade" CLOTHES

## \$35 and \$40

Chester "Bestgrade" Clothes are all that the name implies--they appeal particularly to men of discriminating taste. Everything about them is far above the ordinary plane, and it is only because of our economical selling methods that we are able to offer them to you at these exceptionally low prices.

## FOND WOMEN PLEA TO WED SOLDIER

LONDON, Oct.—The *Usbridge* Board of Guardians has been appealed to by an ex-soldier, a widower with three children, who has advertised in vain for a nurse and housekeeper. "I have many replies," he said, "but all the women want to get married."

## LEGLESS ATHLETE SWIMMING STAR

BRIGHTON, Eng., Oct.—Corporal Pittendrigh is distinguished among the 500 war cripples in the Pavilion General Hospital by reason of the fact that he takes a daily swim, regardless of weather. Pittendrigh swims a quarter of a mile or more with ease.

## FIND SKELETON OF OLD WARRIOR

PATERSON, N. J., Oct.—Workmen tearing down an old barn near here unearthed the skeleton of a man, over six feet tall. The bone was a camp site of Washington's army and it is believed that they are those of a revolutionary soldier.

Picking wild flowers at Milford, Surrey, Miss Kate Chait, aged 45, had an epileptic fit, fell into a ditch face downwards and was drowned in two inches of water.

## Features of The Sunday Supplement Tomorrow

**Artistic Lamp Shades**  
Writer for The Sunday Supplement says that artistic lamp shades lend much decorative value to interiors and she tells how to make them at home. There is no one thing, she says, that gives a room a cosier, homier look than low lighting. Ceiling lights produce a glare that eliminates shadows. It is the dim corners of a room that are restful to the eye. Women readers cannot afford to miss this very interesting article on lighting and shades.

**Living in Homeboat**  
Crowded London drives member of parliament to houseboat. The river Thames his house address. But thousands are less fortunately housed. London is having its own troubles in the matter of overcrowding. Streets a-throng with picturesque soldiers of Australia, New Zealand, thousands of whom ought to be back home but won't go. Almshouse taking in boarders. Zoo Beckley writes interesting article for The Sun on conditions in Europe. Read it in The Sunday Supplement tomorrow.

**The Same in Detroit**  
Special writer for The Sun says "No Place to Live" is cry from thousands in Detroit. Lake boats to be used as family hotels, tied up to docks this winter. Industrial leaders have organized a clearing house for home builders and buyers. It is called the House Financing corporation. It will make no profits for itself but will stimulate home building to the utmost. Tent colonies in suburbs.

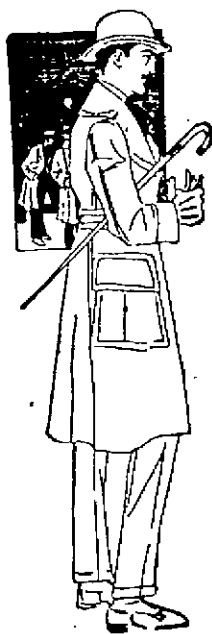

**When Love Directs**  
Love of Chinese Princess for fair-haired Tanker foreshadowed Manchurian Fall. Thaddeus White, American, has Chinese wife. Theirs was an unusual romance. White has won wealth and a unique international position as America's adviser-in-chief on Oriental affairs. Mrs. White is prominent in the American Red Cross and also the Chinese Ladies' societies. Read this story of romance in The Sunday Supplement.

**New Era for Red Men**  
Bold Yakima Braves Start Saving. Story by Betty Dixon, special writer for The Sun of the only bank in the world conducted by Indians—the American Commercial bank of Wapato, a little town in the heart of the Washington hills.

**Washington Letter**  
Richards this week deals exhaustively with the sugar situation and the steps to be taken to prevent a famine—also the plan of Senator Walsh to adopt a plan of compulsory education for foreigners coming here, allowing them five years in which to learn English.

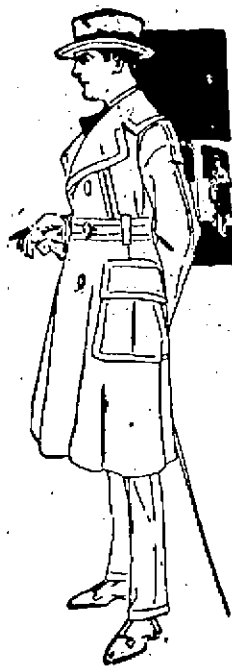

**Quarter of a Century Ago**  
"Old Timer" notes several wedding anniversaries of well known couples married 25 years ago—A celebration by Post 116, G. A. R.—Mill conditions and political contests.

**Lady Lookabout**  
As usual this writer has several articles of interest to women dealing with conditions of the present day.

## U. S. Troops Returning From Russia

VLADIVOSTOK, Wednesday, Oct. 8. (By the Associated Press.)—The American army transport *Great Northern* sailed from here October 7 with 100 officers and 1400 enlisted men, returning to the United States.

## Uses Common Yellow Mustard For Chest Colds and Sore Throat

Old Fashioned Simple Home Remedy Much Used by Doctors and Nurses for Inflammation, Congestion, Aches, Pains and Swellings

Mustard, real yellow mustard, the kind you use at home, is being used more than ever to banish distress and misery and free mankind from agony and suffering. Not very long ago people used to make yellow mustard into a paste, spread it on a cloth and apply it to that part of the body where pain or inflammation was present. It surely did do the work it was expected to do, but it was messy and bothersome and often blistered the skin. People still use yellow mustard when they get a cold in the chest or have pleurisy, lumbago or rheumatic pains and swellings. But nowadays they buy this yellow mustard in a box and find it much better, cheaper and cleaner than mustard plasters. This yellow mustard preparation,

which is known to millions as *Begy's Mustard*, is sold at drug stores all over America and one box will do the work of 50 mustard plasters and it cannot blister the tenderest skin. *Begy's Mustard* is the original mustard preparation used to take the place of blistering mustard plasters and is known among druggists as the quickest painkiller on earth. It will pay you to keep a box of *Begy's Mustard* in the house, for it is good for so many ailments that you will need it often. Just rub it on, that's all you have to do and headache, backache, earache and toothache will disappear almost instantly. Don't fail to use it for neuritis, neuralgia, sciatica, lumbago, gout and rheumatic pains and swellings. You may quickly find that there is nothing so good for sprains and strains, sore muscles, stiff neck and cramps in leg. Heat eases pain and *Begy's Mustard* made of real yellow mustard with other helpful ingredients contains more concentrated, non-blistering heat than can be found in any box of the same size. Just try a 30-cent box—you'll praise it every day. Always in the yellow box. —Adv.

## ENGLAND AIDS HOUSE OWNERS

LONDON, Oct.—Under the housing act, money is being loaned to the owners of buildings who are willing to convert them into flats for workers. The loan must not exceed half the value of the property.

Though England is a heavy importer of wool, but half the world's wool production is grown in the British empire.

## "OH, HOW I HATE TO GET UP IN THE MORNING"

If John R. Power of 416 Merrimack St., Lowell, Mass., the well known loom fixer, did much singing, he would probably have specialized in that song, depicting the comforts of bed, for Mr. Power felt just that way before trying *GOLDINE*. He said: "I couldn't sleep well and when I did sleep it didn't seem to do me any good. I could hardly get out of bed; I felt like lying there all the time. Also had rheumatism that made my legs and shoulders sore and cramped. At times I could

## LUCKY DIAMONDS FROM VOLCANOES

HONOLULU.—There is an unprecedented demand for "olivines," the diamond-like crystals found in lava from Mt. Pele. These stones are called "Hawaiian Diamonds" and are of various colors—brown, yellow, scarlet—as well as white. Wearing of them is said to insure luck.

Bremen unemployed struck as a protest against reporting twice daily to the police.

hardly get out of my chair but since taking *GOLDINE*, that trouble is all gone. I sleep better and feel rested when I wake up. I eat good now and feel fine. I used to get home from work so tired I would go right to bed but now I go out to a show in the evening. *GOLDINE* is good medicine. Ask John Brady what he thinks of *GOLDINE* for stomach and nerve trouble. Remember, *GOLDINE* is sold in Lowell by Carter & Sherburne, F. H. Howard, Wm. H. Noonan, R. F. Webster, Frye & Crawford Co. It is also sold by Roland G. Wright in Billerica, John R. Wentwood in Chelmsford, Conant & Co. in Littleton, Edward A. Woodside in Wilmington, and others in Ayer, Westford, Dracut, Tewksbury and other towns. If your dealer does not carry *GOLDINE* in stock, write him secure it through the Lawrence Drug Co.—Adv.

CAPITAL AND LABOR—HEART TO HEART

WASHINGTON—Industrial conference recesses bring together important figures in both capital and labor. The photographer snapped Frank Morrison, secretary of the American Federation of Labor (left) in earnest conversation with John D. Rockefeller, Jr., on the steps of the Pan-American building. The photographer discovered that John D., Jr., wraps his shoe laces twice about his shoe tops before he ties them, which struck him as a bit unconventional, at least, for a millionaire.

## CONTROL DENTAL GOODS

Charge That Nation-Wide Plot Exists Among Manufacturers and Dealers

WASHINGTON, Oct. 17.—Charging that a nation-wide conspiracy exists among manufacturers and dealers in dental goods, which has destroyed competition, the federal trade commission has issued a formal complaint against the American Dental Trade Association of Boston, the Dental Manufacturers' club of New York city and the Retail Dental Dealers' association of Providence, R. I. Officers and members of the three organizations are required to file answers to the complaint before Nov. 21.

Individuals, partnerships and corporations which have endeavored to compete either with manufacturers or retailers belonging to the organizations have been driven out of business, the complaint asserts, or have been unable to enter the business because they could not secure admission to the organizations.

## UNIQUE ORCHESTRA AT GRAFTON HALL

About 200 young people enjoyed general dancing in Grafton hall last evening and had the unique attraction of an orchestra composed of a harp, pipe player, a harpist, violinist and auto player. The affair was conducted under the direction of James Daly, the well known harp player, who hopes to promote interest in Irish dancing during the coming winter. He was assisted by James McElroy, harpist; James O'Garra, fiddler, and Edward Cunningham, violinist and step dancer. John O'Sullivan and Mrs. Jennie Conway were in charge of the dancing.

## K. OF. C. TO INSTALL OFFICERS

A large number of members of Bishop Delany general assembly, fourth degree, Knights of Columbus, met last evening at the council rooms and made arrangements for the installation next month of the recently elected officers. Master Louis Watson and suite will officiate. The following committee was named to make plans for the affair: Andrew Molloy, P. N.; Thomas B. Delaney, F. A.; Dr. Hugh Walker, Thomas J. Tobin and Richard T. Mower. A committee of 20 was named to make arrangements for a social and whist November 3, and the following committee was appointed to draw up resolutions on the death of Rt. Rev. Philip J. Garrigan, bishop of Sioux City, Iowa: Robert R. Thomas.

A Nutritious Diet for All Ages Quick Lunch at Home or Office Avoid Imitations and Substitutes

DOES SHE GIVE MILK? YES, AUTOMATICALLY

CHICAGO—The milkmaids are just as pretty and old Bossy is just as well satisfied as was the case when they drew the milk by hand. Now an electric apparatus does the work. The new fangled outfit was exhibited successfully at the National Dairy Show.

P. G. K.; Roger J. Lang and John V. Donoghue.

The council will meet next Sunday afternoon to exemplify the second degree on a class of candidates and an exemplification of the third degree will

## Held For Murder at Lincoln, N. H.

LINCOLN, N. H., Oct. 17.—Lornie Russell of Mountain Mills, Vt. a laborer at a construction camp here, was arrested today in connection with the killing last week of William ("Jack") O'Brien, a fellow worker. The arrest, according to Chief of Police Carey, was made when Russell confessed that he shot O'Brien after an argument, and took his watch to conceal the motive. O'Brien's home is believed to have been in Boston.

CHILD'S SLAYER HANGED CHICAGO, Oct. 17.—Thomas Fitzgerald, who on July 22 murdered Janet Wilkinson, aged 6, was hanged today.

He said he killed her because she screamed when he took her into his room to give her candy.

**Sugar Rationing For New York**

NEW YORK, Oct. 17.—Arthur Williams, federal food administrator for New York, today was perfecting plans to place the city on a sugar rationing basis similar to that in force during the war.

Sales of sugar will be limited to one pound per customer. Many restaurants already have put into effect the sugar envelopes employed during the war.

Four New York refineries already have been compelled to close because of inability to get raw sugar. Mr. Williams has been informed, and others will be obliged to close unless the shipping situation is quickly restored to normal. Although the longshoremen's strike has been called off by a majority of the local unions, the return of workmen to the piers is reported to be slow. Several cases of disorder have been reported in Brooklyn, where alleged I.W.W. agents attempted to prevent strikers from returning to work.

**U-Boats' Huge British Toll Announced**

LONDON, Oct. 17.—British merchant vessels lost through enemy action during the war totalled 7,759,090 gross tons, it was officially announced yesterday. Submarine action was responsible for the loss of 6,035,059 tons of this total.

The loss of 14,287 lives was involved in these sinkings, the official report added.

**Conflicting Claims on Steel Strike**

PITTSBURGH, Oct. 17.—Conflicting claims by employers and union leaders involved in the strike of steel workers in the Pittsburgh district, were made today. The companies' statements expressed optimism and a representative of the Carnegie Steel Co. said that concern had 90 per cent as many blast furnaces in operation today as were working when the strike began.

Union leaders were emphatic in their declarations that the strikers were not losing ground. They said new recruits were joining the ranks of the strikers each day and added that they were well pleased with present conditions. According to union representatives, many of the mills which employers have claimed were operating, are "down tight" and the forces of workmen on hand were declared to be entirely inadequate to run the plants.

**Caillaux in High Court October 25**

PARIS, Thursday, Oct. 16.—Joseph Caillaux, former premier of France, who is under arrest charged with intriguing to bring about a premature and dishonorable peace with Germany, will appear before the high court of the senate on October 25, at which time the accusation against him will be read and the date of his trial determined.

M. Moro-Giafferi, his attorney, will ask that M. Caillaux be admitted to bail in order that he may be a candidate in the Constituency of Sarthe, where he has been chosen as a nominee by the radical party, in the event the high court agrees to a postponement of the trial and will permit M. Caillaux to go before the voters.

**Big Liquor Plant Raided**

MOBILE, Ala., Oct. 17.—One of the largest plants for the illegal production of liquors yet discovered, was raided yesterday by deputy sheriffs who destroyed 1500 gallons of beer and 200 gallons of corn whiskey and seized two stills, each of 120 gallon capacity. Two arrests were made. The stills had been in operation for some time. The location was about 14 miles from Mobile.

**\$50,000 Fire Loss in Woburn**

BOSTON, Oct. 17.—The patent leather factory of James Robertson & Son, on Eastern avenue, Woburn, was totally destroyed in the general alarm fire shortly before 11 o'clock last night, which for a time threatened to wipe out the entire manufacturing district of the town, and it was only through the combined efforts of the Woburn and Winchester departments that the flames were prevented from spreading. Lightning is believed to have caused the blaze. The loss is estimated at \$50,000.

Style No. 1513—  
Black Gun Metal  
Blucher, medium toe  
a shoe built for ex-  
tra hard service that  
has a dressy appear-  
ance.

A Shoe That Will Outwear  
Two Ordinary Pairs of Shoes!

ORDINARY shoes are not built for heavy duty—the  
NEWARK WORK SHOE is. You can cut your shoe bills  
in HALF if you wear shoes for work that are DESIGNED  
for work.

NEWARK WORK SHOES have extra heavy soles, heels and  
uppers and are heavily stitched. We can sell them at the  
amazingly low price of \$7.85 because we sell hundreds of  
thousands of pairs of them every year through our own 298 stores  
in the U. S. Try a pair and see for YOURSELF how perfectly  
they are suited for heavy work.

**NO U.S. REPRESENTATIVE**

On Co-ordination Commis-  
sion Until She Ratifies  
the Treaty

PARIS, Thursday, Oct. 16. (By the  
Associated Press.)—Immediately after  
formal ratification of the treaty of  
peace with Germany, the supreme council  
of the peace conference will prob-  
ably name a co-ordination commission,  
the duties of which will be to decide  
what bodies shall have jurisdiction  
over matters not definitely assigned  
by the treaty. This commission will,  
in a way, carry on part of the work  
which has been performed by the su-  
preme council which is expected to  
close within six weeks.

Manifestly the United States cannot  
be represented on this coordina-  
tion committee until she ratifies the  
treaty. General regret is apparent over  
the impossibility to start all the com-  
missions created under the treaty with a  
full membership from the great pow-

ers, as it would be much simpler if  
all the permanent members of the va-  
rious commissions could begin work  
simultaneously. In the Rhineland, the  
Belgian, French and British members  
of the inter-allied commission of which  
an American will be the fourth mem-  
ber, will probably be empowered by  
their governments to proceed with civil  
administration in spite of the fact  
that the Rhineland convention requires  
American co-operation. In American  
occupied territory, military control will  
be continued by common consent until  
the United States senate ratifies the  
treaty and makes the establishment of  
civil government possible.

The co-ordination commission will  
have lesser powers than those held by  
the supreme council. Its members will  
not be plenipotentiaries, but will be  
required to refer important matters  
to their various foreign offices for  
decision. This commission will deal  
only with matters relating to the Ger-  
man treaty and will not indulge in the  
general discussion of Russian, Tur-  
kish or other international problems.

The creation of the co-ordination com-  
mission will end the "international for-  
eign office" as the supreme council  
has been termed. The various foreign  
offices will function as usual.

The work of the American delega-

tion will be largely advisory, but there  
is a general disposition to consult  
American representatives on all im-  
portant matters relative to the execu-  
tion of the treaty terms.

**SOCIAL AND FRATERNAL**

A splendid supper, inspection of past  
work by Inspector Nina P. Lovejoy and  
the perfecting of arrangements for ob-  
serving its anniversary at the next  
meeting were the features of the regu-  
lar meeting of James A. Garfield Re-  
lief corps, 33, held last evening with  
President Mrs. Almira Kilpatrick in  
the chair. Plans were also made to  
hold a supper and apron sale Nov. 1.  
It was announced that Mrs. Ingless will  
be the next M.E.O.P.

Elgin lodge, 166, N.E.O.P., held its  
regular meeting last evening in Ver-  
itas hall with a good attendance. Fol-  
lowing the transaction of considerable  
routine business, W. L. Curitts of  
Equity lodge, Lawrence, supervisor for  
this district, made an official visit and  
spoke on the general condition of the  
order in an optimistic vein. The speak-  
er's remarks were enthusiastically re-  
ceived.

**MATRIMONIAL**

Mr. Peter Eugene Toohy and Miss  
Mary Alice Sullivan were married  
Wednesday, the ceremony being per-  
formed at St. Patrick's rectory by Rev.  
Joseph A. Curtin. The bride wore  
white satin and georgette crepe, a  
veil caught up with orange blossoms  
and carried a shower bouquet of bridal  
roses. She was attended by her cousin,  
Miss Esther May Osland, who was at-  
tired in pink georgette crepe trimmed  
with taffeta and carried pinks. The  
best man was a brother of the bride-  
groom, Mr. John Joseph Toohy. At  
the close of the ceremony a reception  
was held at the home of the bride and  
attending the festivities from out of  
town were Mr. and Mrs. Charles Greg-  
oire of New Hampshire. Mr. and Mrs.  
Toohy, who received numerous wed-  
ding gifts left on a wedding trip to  
New York and New Hampshire and  
upon their return they will make their  
home in this city.

The fourth of March was chosen  
for presidential inauguration because  
calculation with the calendar showed  
it would not fall on Sunday in its  
quadrannual recurrence for hundreds of  
years.

**WILL VISIT ANDOVER**

Members of Clan Grant and its La-  
dies' Auxiliary will visit Andover this  
evening and plans have been perfected  
for an enjoyable time. Two covered  
auto vans will bring the members to  
their destination, one leaving West-  
ford and Chelmsford streets at 6.30,  
and the other, Falmouth street, at 6.45.

**Catarrh Vanishes**

Here is One Treatment That All  
Sufferers Can Rely Upon

If you want to drive catarrh and all  
its disgusting symptoms from your sys-  
tem in the shortest possible time, go  
to your druggist and ask for a Hyomei  
outfit today.

Breathe the air of Hyomei and let it  
rid you of catarrh and chronic head  
colds; it gives such quick relief that all  
who use it for the first time are aston-  
ished.

Hyomei is a pure, pleasant antiseptic,  
which is breathed through the nose  
and throat deep into the head and  
lungs; it soothes the sore, inflamed  
membranes, reduces swelling and  
quickly heals all inflammation.

Don't suffer another day with ca-  
tarrh; the disease is dangerous and  
often ends in consumption. Start the  
Hyomei treatment today. No stomach  
dosing, no sprays, or douches, no dan-  
gerous drugs or narcotics. Absolutely  
harmless. Just breathe it—that's all.  
At leading druggists everywhere.—Adv.

## ASKS RATIFICATION OF THE LEAGUE

BELLOWS FALLS, Vt., Oct. 17.—The second session of the annual convention of the Vermont State Sunday School association opened yesterday morning. Addresses were given by Rev. John C. Prince of Bellows Falls and Rev. Arthur W. Bailey of Boston.

The following officers were elected: President, W. B. Glynn, Saxtons River; vice president, Prof. H. F. Perkins, Burlington; recording secretary, A. M. Aseltine, Burlington; treasurer, W. H. Wood, Burlington; auditor, Prof. E. G. Evans, Burlington; member of international executive committee, W. B. Glynn, Saxtons River; members of board of managers for one year, C. T. S. Pierce, Vergennes, Rev. C. C. Merrill, Burlington; for two years, Dr. William Shaw, St. Albans, Prof. Raymond McFarland, Middlebury; for three years, Lieut. Gov. Mason S. Stone, Montpelier, Dean H. R. Roberts, Northfield.

The following resolution was adopted:

"The Vermont Sunday School association meeting in unusual numbers in annual convention at Bellows Falls desires to put itself emphatically on record as in favor of immediate ratification by the United States senate of the League of Nations covenant without amendments or reservations that will require a reassembling of the peace conference."

The secretary was instructed to send a copy of the resolution to Senators Dillingham and Page.

The addresses of the evening were given by Rev. W. G. Towart of Bennington and Rev. Milton S. Littlefield of New York city.

## ATTEMPT TO REVIVE THE OLD

### NIGHT LIFE OF PARIS

#### FAILS

PARIS, Wednesday, Oct. 15.—(By the Associated Press).—The first attempt to revive the old night life of Paris is generally regarded here as a distinct failure. A few late suppers were served last night in Montmartre establishments between midnight and 1 o'clock in the morning but there was scarcely enough patronage to pay for the trouble. Business was also light in boulevard establishments, which during the war closed at an early hour.

In the Latin quarter alone there was some show of resurrecting old conditions. Students celebrated the first night under peace time regulations but had only reluctant service from waiters, who have generally been thoroughly won over to the idea of early closing. Outside the Latin quarter and off the boulevards, all establishments were deserted shortly after 11 o'clock. Some remained open, as a sort of formal inauguration of the new regime, until midnight, but closed then to save needless waste of electricity. It is the opinion of residents here that night resorts in future must look to the foreigner for patronage.

## BOYS PIN HOPES

### ON "PIGS IS PIGS"

NICETOWN, Pa.—Inspired by Ellis Parker Butler's "Pigs is Pigs," a boys' club has started with a dozen guinea pigs and hopes, by selling their offspring to laboratories, to help raise \$50,000 for a swimming pool in North Philadelphia. Five to eight babies every eight weeks is the regular schedule of a mother guinea pig.

## JEWEL THRONE

### WILL BE SOLD

CONSTANTINOPLE.—The Turkish government proposes to sell the famous peacock throne, brought from India to Persia after the loot of Delhi and afterward captured by the Turks. Few occidentals have seen the throne which was described by a Frenchman who beheld it at Delhi in 1665 as a massive couch of gold, with lofty pillars and canopy, the whole encrusted with gems, among them hundreds of magnificent pearls.

## Agony of Asthma

New Prescription Gives Instant Relief. Makes Breathing Easy.

Thousands of people suffer from Bronchitis or Asthma who, having tried advertised remedies, inhalers, "patent smokers," douches, doctors, changes in climate, etc., without permanent benefit believe nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass., physician to find a simple, harmless treatment that gave almost immediate relief in even the most stubborn advanced cases and great numbers of former Asthmatics have now used this treatment with wonderful success.

The doctor's prescription is called Oxidaze and can be obtained from Lowell Pharmacy and leading druggists everywhere, who sell it on a guarantee of money back on the first package if in many cases it fails to give prompt relief.

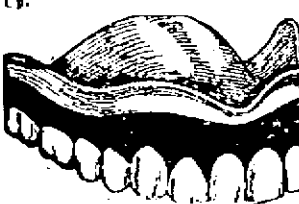

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take a dose of Oxidaze when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Oxidaze is a safe treatment, easy and pleasant to take and contains no harmful, habit-forming drugs. Adv.

## LEGION ENDS CONVENTION

Mass. Branch Bars Political Partisanship—Favors Deportation of Alien Slackers

Lowell Man Named Delegate to National Convention—Other Officers Elected

WORCESTER, Oct. 11.—The first annual convention of the Massachusetts State Branch of the American Legion adjourned last night at 10 o'clock, after having been in session two days. The next state convention of the Legion will be held in Springfield in 1920. New Bedford, the only other real competitor, withdrew its claims and nobody pressed Gloucester's invitation to go there next year.

Yesterday was election day with the Legion. The morning session began at 9 o'clock. Col. Edward L. Logan was chosen commander after a spirited contest and Louis A. Frothingham was elected first vice commander.

### Cavanaugh Withdraws

Maj. Frank W. Cavanaugh of Worcester withdrew his name from the contest for commander just before the start of the balloting, leaving but two competitors in the field against the old 101st Hub commander, Henry D. Wilson of Somerville, and Frank S. Paton of Dorchester.

The vote for commander was: Logan, 531; Wilson, 130; Paton, 23. Wilson and Paton joined in making the election of Logan unanimous.

Col. Logan got a great hand when he ascended the platform and the presiding officer, Louis A. Frothingham, surrendered him the gavel. He thanked the delegates for the honor conferred upon him and promised to devote himself to the welfare of the legion.

### The Officers

The complete list of officers follows:

Commander, Col. Edward L. Logan, South Boston.

First vice commander, Major Louis A. Frothingham, Easton.

Second vice commander, Maj. A. Platt Andrews, Gloucester.

Third vice commander, Francis P. Madden, Revere.

Adjutant, Leo A. Spillane, Chelsea.

Finance officer, Col. Frank S. Perkins, Salem.

Chaplain, Michael J. O'Connor, Cambridge.

Historian, Clem Putnam, Woburn.

Members national executive committee, Col. John F. J. Herbert of Worcester, Gen. E. Leroy Sweetser of Everett.

The attempt on the part of the Chelsea post to reconsider the Lavelle rule, which shut out all subjects not of vital importance to the members, failed, the convention adhering to its stand not to throw the convention wide open as a free-for-all debating forum.

Delegate Connolly of Lynn started a long and heated discussion by advocating that the legion pay the expenses of the delegates to the national convention. Mr. Connolly contended that many worthy men who would like to go and would be worthy representatives of the legion, couldn't go because they could not afford the great expense.

Objection was made on the ground that such an undertaking would involve an expense of from \$25,000 to \$30,000. It was stated by George Cutler, the treasurer, that the Legion had only \$528.57 in the bank. Finally, by motion of Thomas D. Lavelle, the matter was referred to a committee, and "Sailor" Ryan reported late in the evening that the committee felt that it was not deemed advisable to finance and pay the expenses of the delegates, but that in cases where delegates could not afford the expense of the trip the posts would aid them.

Recommendation Submitted

The committee on resolutions, through its chairman, Gen. John H. Sherburne, reported the following recommendations:

"We, the Massachusetts representatives of the American Legion, in convention assembled, do hereby reaffirm the high ideals and principles for which this organization now stands, and in addition do make the following recommendations:

"We believe that the American Legion should forever be free from partisan politics and to that end be it resolved, that no candidate for or incumbent of a salaried elective public office shall hold any office in the American Legion or in any branch or post thereof.

"Upon the question of suitable honor-

LOWELL, MASS.

or to our dead we feel that the selection of May 30 as Memorial day has proven satisfactory since its adoption, and it is fitting and proper that the graves of deceased members of the American Legion be especially marked that their memory may be perpetuated.

"Resolved, That the Massachusetts delegates to the national convention of the American Legion favor the selection of May 30 as the Memorial day of the American Legion and the adoption of a standard marker for the graves of their deceased comrades.

"We favor the deportation of aliens convicted under the espionage act and those who used improperly their status as aliens to evade military service, and

we recommend that congress enact appropriate legislation to this end.

"We favor the correction by appropriate legislation amending the war risk insurance act in order to remedy its present obvious limitations.

"Where injustice has been done, we recommend legislation by congress to enable dishonorably discharged service men to obtain an impartial review of the courts-martial and their findings and sentence.

Vocational Board Criticized

"The United States Government has pledged itself to the care and vocational rehabilitation of all men disabled in line of duty in the late war.

"It is the duty and responsibility of the legion to see that these men have

prompt and efficient service from the Government.

"There is a general well justified dissatisfaction with the administration of the Federal Board for Vocational Education, and many instances have shown its inefficiency or unwillingness to carry out the purposes for which it was created: be it

Resolved, That the secretary at once communicate with our Representatives and Senators, and urge that immediate steps be taken to remedy the deplorable situation which now exists.

"Resolved, That our National officials, be instructed to take such further action as they may consider best adapted to bring about a prompt and radical improvement in present conditions.

"Upon the question of further consideration by the National Government

to discharged soldiers:

"It is the sense of this convention that provision should be made so that those who served in the military or naval forces of the United States during the late war shall not undergo privations, or suffer because of the loss of opportunities that were so profitable to those in civil life who were able to take advantage of them, and should be given some additional compensation on length of service. But inasmuch as this matter affects in a personal financial manner each individual member of the American Legion; be it

"Resolved, That this entire question is one which the American Legion cannot, with wisdom or propriety, discuss, but which it entrusts with confidence to Congress.

Military House Cleaning

"We have had a bitter experience in

the cost of unpreparedness for National defense, and of the lack of proper training on the part of officers and men and we realize the necessity of an immediate revision of our military system and a thorough housecleaning in our entire professional military establishment.

"We therefore favor National military system based on universal military obligation, to include a relatively small Regular Army and a citizen army capable of rapid expansion sufficient to meet any National emergency on a plan which will provide compensation and progressive training for all officers, both of the Regular Army and of the citizen forces. But it is the sense of this convention that such military system be subject to civil authority. Any legislation towards an enlarged and stronger military caste we unqualifiedly condemn.

"The delegates to the National convention are instructed to urge legislation in accordance with the spirit of this resolution.

"We recommend that the Massachusetts Branch of the American Legion

## MONUMENTS

We are accumulating some monuments in this country—that is, places that were the scenes of our history making. And with time we will accumulate more of them, and there should be some system for preserving them—future generations will remember us more kindly.

France has what is called the commission of national historic monuments. Its function is entirely sentimental rather than material. It restores and preserves all buildings that have had to do with the history of France. For instance, no private purchaser of a chateau can make changes or build additions to it without first submitting plans to this body for approval.

This French commission is made up for the most part of architects who have made a special study of periods or historic styles of architecture. We are about ready for such a commission in this country. Some of the best of our historic monuments have only been preserved through the patriotic efforts of individual citizens.

Some of the best examples of our splendid colonial architecture, even public structures, have been ruined by ill-advised changes and additions. The home and tomb of George Washington was only saved by the efforts of one woman, Miss Ann Pamela Cunningham of South Carolina. For 50 years after the death of General Washington the property was owned and occupied by John A. Washington, a nephew of the father of our country. The land grew poor and keeping up the house and grounds became a profitless responsibility. The house became unsafe. John Washington offered the property to the government and then to the state of Virginia, but both offers were declined.

Miss Cunningham organized the Mt. Vernon Ladies' Association of the Union that paid \$200,000 for the house and grounds in 1859 and a large additional sum was expended in restoration. This organization now holds title to the buildings and 200,000 acres of land around them, and it is made up of a representative woman from each state in the union.

An average of 13,000 persons visit Mt. Vernon per month. An admission fee of 25 cents, together with the income from endowment funds, not only pays for the upkeep, but many items of the original furnishings have been reassembled. The restoration of the mansion indicates a close and intelligent study of the manner of building and landscape gardening of its time—even to the care and way of trimming of the original box hedges of which Washington speaks with such pride in some of his correspondence.

Great precaution is taken against fire at Mt. Vernon, and a full set of drawings of all buildings has been made so that they can be replaced in exact duplicate if destroyed from any cause. A national commission of historic monuments, if one is ever established in this country, can well take pattern from the organization that has extended Mt. Vernon into all time.—N. E. A.

## TUBERCULOSIS

Much good may come from the New England Tuberculosis Conference now in session in Providence, R. I. It was supposed that the army physicians during the war would have accomplished something towards finding more definite information relative to the tubercle bacillus.

Perhaps it was unreasonable to suppose that the army doctors in the rush of business could give much time to the research necessary to stamp out the germ of tuberculosis or to bring the disease under control like smallpox and yellow fever.

The war is over and apparently instead of there being fewer cases of this disease there are actually more than there were before. Therefore, the fight must be kept up. Research work by medical institutes and colleges must be maintained and every possible means adopted to overcome the ravages of this disease.

Education of the people in how they may resist the disease germs will do much; and health departments can accomplish a great deal by insisting upon proper sanitation, light and air in the dwellings and by impressing upon the people the necessity of fresh air, nourishing food, sound sleep and the proper

periods of rest with an absence of mental worry. Anything that increases the power of resistance in the body, helps in the fight against tuberculosis.

Cities are required to maintain hospitals for the care of tuberculosis patients; and the removal of all such from the family circle would help in checking the spread of the disease.

Experts assert that the two chief sources of the bacillus and those by which the disease is most commonly spread are the human sputum and the milk of cows suffering from the disease. Boards of health, it seems, should be able to do much in suppressing both these sources of infection.

## SAFETY FIRST CAMPAIGN

The United States railroad administration has announced a nation-wide accident prevention drive on steam railroads from Oct. 18 to 31, during which period each railroad system is expected to conduct a special safety first campaign, not only for the prevention of accidents during that period, but for the education of the employees and the public in the various methods of preventing or avoiding accidents.

The first point to which the safety first men might direct their efforts would be to offer greater protection to brakemen on freight cars against the danger of overhead bridges, not only on main lines, but particularly in entering freight yards and premises of large corporations. We have had accidents of this nature here in Lowell and in neighboring towns, showing the result of carelessness on the part of the railroad companies and corporations in leaving the brakemen exposed to dangers of which they were not notified.

Many accidents also occur in the shifting of cars which in congested districts is conducted under great difficulties. Statistics show that a considerable number of persons are injured while in the act of stealing rides on freight cars. "Jumping freight" is the usual expression by which this mode of travel is known to railroad men and others. There is hardly a city in the country in which the victims of this foolish practice are not to be seen around the streets on crutches, many of them having lost limbs in addition to other injuries, while the victims who were killed were quietly buried and soon forgotten.

Another great cause of railroad accidents is the habit in which many people indulge of walking on the tracks. Often when they least expect it, they are confronted with a train approaching at rapid speed leaving them but little time to escape. When caught on a bridge they may have no opportunity of escape and in other cases they step from the path of a train approaching only to be killed by another train coming in the opposite direction.

In recent years by far the greater number of railroad fatalities result from accidents at crossings, due to trains striking automobiles. It seems that some mode of giving greater warning to approaching automobiles should be adopted at every grade crossing. Many of these crossings are encountered on country roads where the approach of a train is hidden from view by trees, so that drivers have no warning of the danger until too late. If the present campaign for the prevention of accidents results in the adoption of some method of notifying approaching motorists to beware of crossings ahead, it seems that many fatal accidents might thus be prevented.

Much has already been done in the safety first movement by some of the railroad companies. On the New York, New Haven & Hartford for example there was a decrease of 31 in the number killed in the first eight months of this year as compared with last year and a decrease of 1,294 in the number of persons injured. If other companies have achieved equal results the sum total of the safety movement throughout the country should be very gratifying.

## COTTON GROWERS BALK

The cotton growers of the south are up in arms against the middleman, according to reports from the World Cotton Conference at New Orleans. The southern cotton growers appeal to the spinners of Europe to send their representatives direct to the growers in-

stead of to the middlemen who take to themselves \$11.50 of the price of each bale of cotton marketed. After entering this protest the growers were met by the charge that the more calamities come to the cotton crop the better it is for the growers and the more prosperity comes to the south.

In line with this contention it was hinted that the boll weevil instead of being regarded as an enemy is entitled to a monument at the hands of the cotton growers.

Possibly it was in pursuance of a profitable policy of curtailment that the growers said they intend to raise more foodstuffs on their farms, dropping cotton for a time until they have established their farms on a new productive basis. After that they intimate that they may grow cotton if they get the right price.

It appears that the cotton growers are becoming quite independent and defiant. They do not seem to have any regard for the interests of the rest of the country. Should they pursue a policy of curtailment as a means of forcing up the price, it will be necessary to let down the tariff bars against foreign cotton and substitutes for cotton. The cotton growers have enjoyed unprecedented prosperity and should not attempt to adopt a selfish policy that would prove injurious to the nation at large. They should be protected against the operations of speculators and if it be true that the middleman is deriving such large profits from dealing in cotton, it would be an excellent idea to eliminate him altogether.

## THE DYE INDUSTRY

Not much is heard of the dye industry just at present although the question of American dyes to take the place of those formerly supplied by Germany is always one of great importance to the textile manufacturers. The long-worth bill for a tariff against imported dyes came to the front at hearings in the house, but thereafter dropped out of sight. It is not assumed that a tariff alone affords complete protection. In quantity more is being manufactured now than we imported before the war. The total production for 1918 was 57,600,000 pounds, or one-fourth more than in 1917, but nevertheless, many important dyes are still missing. Some experts suggest that in order to solve the dye problem beyond peradventure, it will be necessary for the government to appropriate money for the purpose of conducting technical experiments of an elaborate character and which would entail considerable expense. Another suggestion is that German patents could be seized and utilized to meet foreign competition. Another year will probably change the dye situation for better or worse.

## IT SERVES THEM RIGHT

The Metropolitan Park commission of Boston confirms the former sentences of dishonorable discharge of nineteen Metropolitan park policemen who refused to go on duty at Scollay Square on the night of Sept. 9 when Boston was a prey to a mob of crooks, looters and murderers. They were asked to assist in defending the city left unprotected as a result of the police strike. The sentence is just. They have no right to complain. They are unworthy of trust or confidence as guardians of public order. They have received their just deserts. They deserve no sympathy.

Some organizations have a habit of passing resolutions on every matter on which they are interested. In many cases they make fools not only of themselves but of others also; and not infrequently when some of their own ideas thus expressed are flaunted in their faces, they are unable to offer any defense. When any local branch of an organization of national scope passes resolutions it implicates the entire body although it may express only its own ideas. It would be well, especially for hot-headed people who want to give public expression to their feelings to consider calmly whether they are going to help anybody or whether their hasty action will do more harm than good.

It is gratifying to know that the doctors offer assurance that President Wilson is on the sure road to recovery.

## NEURALGIA

or Headache—Rub the forehead and temples with

VICK'S VAPORUBS

## SEEN AND HEARD

It's tough to be hungry and have the price and still not be able to eat.

His friends will tell the victim of indignation to starve himself. Why starve? Might as well die one way as another.

This is truly a wonderful world. If you can keep viewing it in that light and accept every old thing "for the best."

The highest wages in the world, they say, are being paid in Detroit and money is no object. But people are paying sky-high rent for cramped quarters in polling booths and other shanties. And when it pours and pours as though the heavens would fall, hubby and wifey say to each other: "How fortunate that we have such a comfortable home." Rais!

## Of the Same Mind

The curly-haired little sprit of the house came running to her father in the study, and, throwing her arms about his neck, whispered confidentially in his ear: "O, papa, it's raining!"

Papa was writing on a subject that occupied his mind to the exclusion of ordinary matters, so he said rather sharply: "Well, let it rain."

"Yes, papa, I was going to," was the quick response.—Pittsburgh Chronicle Telegraph.

## The Cause

Teddy hated to wash his face more than once a day. Just as vehemently he liked to use the hose to sprinkle the flowers. Father had to remonstrate with him for oversprinkling his flowers. "You'll make them wilt if you sprinkle them at any time except in the morning," he told him.

A few days later mother was trying to persuade him to wash his face for lunch. Then grandmother tried to use her influence. "Why I always wash my face before lunch," she told him.

Then Teddy looked at grandma's wrinkles and remembered the flowers. "Yes, and just see how wilted it is," he retorted.—Indianapolis News.

## Passed the Test

A young man from our town had gone into a training school as an automobile mechanic. In one of their tests an automobile was taken apart and it was his duty to assemble each part to its respective place. He had done this with the exception of one piece, which was missing and which he could not find. The C. O. told this young fellow that it was up to him to find this piece, so, taking his superior officer at his word, he proceeded to take the missing part from the commanding officer's own car and he was one of four out of a class of 100 who passed the test.—H. H. in San Francisco Chronicle.

## "Glass Eyes"

Artificial eyes in imitation of the eyes of birds and animals are made in great variety. The eyes are made, of course, in imitation of nature, and many of them are beautiful. The stock that the manufacturer or dealer keeps always on hand is wonderful in its variety. There is no eye that could not be supplied. Here are hummingbirds' eyes, and alligators' eyes, tigers' eyes, and swans' eyes and eyes for owls, and for eagles, and for birds of all kinds and sizes; eyes for mounted snakes, eyes for the bear, the lion, the panther, the fox, the squirrel, the dog and the wolf, and for other animals to be mounted, and eyes for imitation pigs and dogs, sheep and cats, and so on.

## Rain

(Copyright, 1919, N.E.A.)  
When Infant Spring is born to Mother Earth,  
The child all sympathizing,  
Shows gentle blessings on her well-come birth,  
And gladdens her baptizing.  
When conquered Autumn lies upon his back,  
All silent in his sleeping,  
The mourning sky puts on a pall of gloom,  
And adds to bitter weeping.  
—EDMUND VANCE COOKE.

## MAN ABOUT TOWN

John H. Hoar, a Lowell young man who has made good in Detroit where many Lowellites are at the present time, was in Lowell recently and, in conversation with the writer, declared that the average person could not be made to understand how extremely busy and prosperous is the big city in Michigan. The highest of wages is being paid there and money is no object, but the city, corporations and individuals are up against it on the housing proposition. Detroit is overpopulated away into the thousands and people are living in tents, polling booths and all kinds of temporary structures. Sharks, he said, are doing a rushing business there. Speaking of the Americanization proposition in Detroit, Mr. Hoar said that manufacturers and others are going at it "heavy hammer" fashion. The man who is not an American citizen or has not expressed his intention to

## Stopped Her Baby's Cough

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevens, Vivian, W. Va., writes: "When my baby was 11 months old he had a terrible cough, and nothing did him any good. I read about Foley's Honey and Tar, and the first dose helped him and in two days the cough had stopped. I can say Foley's Honey and Tar saved my baby. It contains nothing else but purest of ingredients."—Burkshaw Drug Co., 418 Middlesex St., Moody's Drug Store, 301 Central St.

## MIDDLESEX WOMEN'S CLUB

Monday, Oct. 20, 4 p. m.—Dr. Maurice Francis Eagan, United States minister to Denmark, 1307-1318, who was to speak on "Embracing Moments in the Life of a Diplomat," has been obliged owing to illness to postpone his lecture until later in the season.

The committee has been fortunate in securing Miss Mary Clark for a song recital. Miss Clark, who is a dramatic coloratura soprano, was for some time a pupil of Miss Sennrich. She is now studying with Caruso and expects to sing in grand opera by the end of next season.

Friday, Oct. 25, 1:45 p. m.—President's Conference of the Massachusetts State Federation of Women's Clubs.

become one by taking out his first papers in the process of naturalization. Is not hired any more. And no odds how good a workman he may be, the fellow who is on the job and who has probably been on it for years without getting naturalized, is told that he must get out or become an American citizen. The majority do, but there are some who refuse and express their intention to return to their home country. As to the housing problem in Detroit, an exceptionally interesting story of conditions there will appear in The Sun Sunday Supplement, Saturday.

Which are more prone to truancy in the local public schools, girls or boys? William F. Thornton, chief attendance officer of the local school department, was discussing the subject the other evening and in response to a query he said that there was far more truancy among boys than girls. Obvious reasons are assigned as the cause of this, such as the natural instinct in boys to do things that may lead to a little adventure and excitement, and the contrasting hesitancy on the part of their sisters to stray from the path of constant attendance at school. But one girl truant presents as many difficulties as a dozen boys. Mr. Thornton said, and no truant officer is particularly in love with the job of bringing back a truant girl to the right path. It is almost impossible to tell the parents of an erring girl that their daughter isn't living up to her duties as laid down by the school teacher, because every parent thinks his or her daughter irreproachable in every respect. Mr. Thornton said parents very often become unpleasantly indignant if they are told that their daughter is causing trouble and offer little or no co-operation in righting the wrong.

According to reports from farmers in neighboring towns the potato crop this year is very poor, which means that there will be a scarcity of the tubers and that prices will be high in consequence. During the past few days I got in touch with a number of neighboring farmers and they are unanimous in saying that their crop is not to be compared with that of last year, and that there is a great danger of the potatoes rotting before the cold season is over. The amateur farmers in this district are also reporting very poor success as far as the growing of potatoes goes. In Maine, however, it is said to be altogether different, but the Maine farmers know how to keep up their prices. A few days ago I met a resident of this city who spent his vacation in Maine during the latter part of September and he told me that he saw immense fields of potatoes. In one place he saw no less than 6,000 bushels on the field and the boss of the farm informed him his potato diggers refused to work unless they received between \$9 and \$12 a day for their labor. "Of course," he said, "the farmers paid the price rather than let

their crop go to waste on the field," and that means that we, residents of Lowell and others, who get most of our supply from Maine, will have to pay the price for potatoes next winter. During the digging season farmers were getting \$2.50 a bag on the field, at wholesale.

Traffic cops, street railway starters, city editors—all must attempt to answer a large variety of dumb fool questions as the weeks go by. Perhaps that's why they're so patient. But did you ever think of the girl who sits at the information desk in the telephone exchange and answers the questions of Mr. and Mrs. Lowell in search of their "party" and a multitude of out-of-town folk as well. Verily she must have the patience of Job, must this young woman.

"Perhaps if we knew just what she's 'up against' we'd be a bit more considerate when we air our opinions of the service in general over her wire. One information operator that I know told me of an individual who sprung the following: 'I'm an out-of-town man and I want you to get the number of a man named Fred. I don't know his other name but he rides on the Westford street car.' Yes, it's true, and but a sample of the type of questions that are daily propounded to the 'information' operator.

## A Woman's Heartly Recommendation

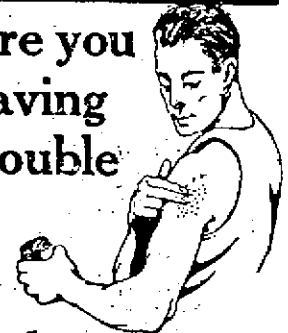

Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Weston, Belvidere, Ill., writes: "I could not sleep down and when I was down I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, strong and better in every way. My general health is quite improved. I heartily recommend Foley's Kidney Pills to all suffering the way I did. They relieve dizziness, puffiness under the eyes, sore muscles and joints and rheumatic pains when caused by disordered kidneys. Burkshaw Drug Co., 418 Middlesex St., Moody's Drug Store, 301 Central St.—Adv.

## SEA-GOING BUS IS GIVEN TEST

LONDON.—Casualties caused recently by the overturning of the "deepsa" motor buses in British cities have led to the invention of a device by which the authorities can test the stability of cabs. They are placed in a frame, with weight to correspond to a maximum load, and are tilted at a sharp angle.

Roller skates were patented in 1529 by a London man.

### LIKE AFTERNOON TEA—ONLY DIFFERENT

LIEGE, Belgium—These old ladies have formed a pipe smoking club. They gather in the afternoons like the people of England do for their afternoon tea. The members are up in the eighties and nineties. They're talking of war hardships.

### TO STAMP OUT TYPHUS

American Red Cross Acts  
To Check Spread Along  
Trans-Siberian Railroad

OMSK, Thursday, Oct. 9.—(By the Associated Press).—The American Red Cross has undertaken to establish and administer quarantine stations along the trans-Siberian railroad in an effort to stamp out typhus which is spreading at an alarming rate. This work was undertaken at the request of Admiral Kolchak.

The visit of Col. Rodolph Hasting Teusler, in charge of Red Cross work in Siberia, to Omsk, has resulted in a plan of co-operation between the Rus-

sian civil and military authorities. The latter will assume the burden of maintaining not only proposed quarantine stations, but hospitals already established.

Conditions may be judged from observations made by Col. Teusler, en route to this city from the east. At Irkutsk, he found 300 patients without blankets in barren barracks and attended by convalescents. In filthy box cars in front of the barracks were one thousand others.

Col. Teusler reports having outfitted 10,000 beds in Russian hospitals, in addition to nine hospitals with 3500 beds under the management of the Red Cross.

Spiders chew their food with hard, horny jaws. The jellyfish absorbs its food by wrapping itself around the object which it seeks to eat.

### CITY SAVES ADDICTS FROM DRUG CLUTCHES

NEW YORK.—Fresh air and exercise were the chief medicines administered by specialists in curing the first 300 patients in the city drug sanitarium on North Brother Island. City Health Commissioner Copeland announces that two months' treatment completes the cure.

By its Executive Committee take the necessary measures to extend the Civil Service Preference act passed by the present Massachusetts Legislature so that the act shall include not only men honorably discharged from service, but also women discharged,

## They used RED PILLS and testify to their value

### Very grateful

Circumstances compelled me to start working at a very early age, so that at sixteen, I was so weak that I had to stop. In reading the newspapers, I learned of the excellent results obtained through the use of RED PILLS for Pale and Weak Women, and decided to try my luck. I took good care of myself and used RED PILLS for two years, and soon recovered my strength. Indeed, I was then stronger than ever. To-day I am married and mother of seven children. I do all my own housework with ambition and courage, and am feeling fine in every way, thanks to RED PILLS, which I still take whenever I feel myself getting run-down.—Mrs. DIDACE LAJEUNESSE  
64 Clinton St., North Side, Cohoes, N.Y.

### Her only medicine

It is quite a while now since I started to take RED PILLS for Pale and Weak Women, and I have always found them very satisfactory. I could do nothing without them. As soon as I stop taking them, I find that I cannot sleep regularly, I feel ill at ease, and excessively nervous. RED PILLS are the only remedy which can keep up my strength, for I am always overworked. Through seeing so many recommendations published in the papers, I got to know RED PILLS, and now, in turn, I consider it my duty to tell others what they have done for me. Trusting this may be the means of helping some other women who may be weak and suffering.

—Mrs. ESTHER POIRIER

464 Cartier St., Manchester West, N.H.

### Nervousness after "La Grippe"

I have been using RED PILLS for Pale and Weak Women since last January, and am pleased to say that they have helped me wonderfully by strengthening me and by relieving me of the nervousness which had remained since I was taken ill with the Spanish Grippe last fall. I like RED PILLS so well that I intend to take them again, so as to keep myself constantly fit and in good health.—Miss ALICE DALY

363 Pond St., Woonsocket, R.I.

### Dizziness, headaches, palpitations

For over a year I had been suffering from general weakness, dizziness, headaches, palpitations, and was also coughing quite a bit. As may be imagined, I found it rather difficult to attend to my household duties in this state of health, so that all my family was suffering thereby. I was determined to do my utmost to get better, and so started taking RED PILLS for Pale and Weak Women which helped me right away by toning up my system and by ridding me of the headaches and dizzy attacks which had been the cause of such worry to me. In fact, I am now feeling fine, thanks to their beneficial effects.

—Mrs. EUGENE CANDA

130 Marquette St., Saginaw, Mich.

### RED PILLS are for Women only

They are always sold in boxes of fifty pills, 50 cents a box, 6 boxes for \$2.50. See that the name of the "FRANCO-AMERICAN CHEMICAL COMPANY LIMITED" is on every box

who are now deprived of the benefits of the act.

"The Red Cross by its activities during the war in behalf of service men has endeared itself to the American public and is now helping to solve many problems in which the American Legion has a vital interest."

"We therefore resolve that the Massachusetts Branch of the American Legion in convention assembled express its deep interest and pledge its support to the third Red Cross rollcall."

When the resolutions were submitted by Gen. Sherburne, Maj. Wheelock of Fitchburg asked that the second plank be stricken out on the ground that the subject was already covered in Section 3 of the constitution.

### Resolutions Adopted

Delegate Conroy of New Bedford said that the resolution was designed to eliminate politicians from the or-

ganization. Col. Root of Haverhill declared that the resolution was the art piece of work the convention had done and he wanted it to stand.

Col. Logan pointed out that the resolution was probably aimed at Col. Herbert, a delegate at large.

Gen. Sherburne said that it was not a matter of law, merely an expression of the feelings of the legion members, to be taken for what it was worth.

The resolutions were then unanimously adopted.

The attempt to put the convention on record in favor of pay for discharged men and women who were in the army or navy or Marine corps failed, the convention taking the ground that congress could be counted upon to deal fairly with the subject and treat them liberally and justly.

Delegate Jennup of Dorchester, a former navy man, was dissatisfied with the failure of the resolutions to sur-

ferentially condemn alien and native slackers.

He told of his experience with them and said that he has taken great delight punching the head of one of them through a car window after listening to him boasting how he has remained at home and made big money at the Victory plant in Squantum, while he and his two sons had donned Uncle Sam's uniforms and did their bit as fighting men in the war. The delegates cheered him.

Col. Herbert said after the adoption of the resolution that he was not disturbed over the paragraph said to be aimed at him and his candidacy for lieutenant governor on the democratic ticket.

Replying to Col. Root, who informed him that he intended to publicly oppose him in partisan politics, while holding office in the legion, Colonel Herbert said that he welcomed the opposition and told Col. Root that he

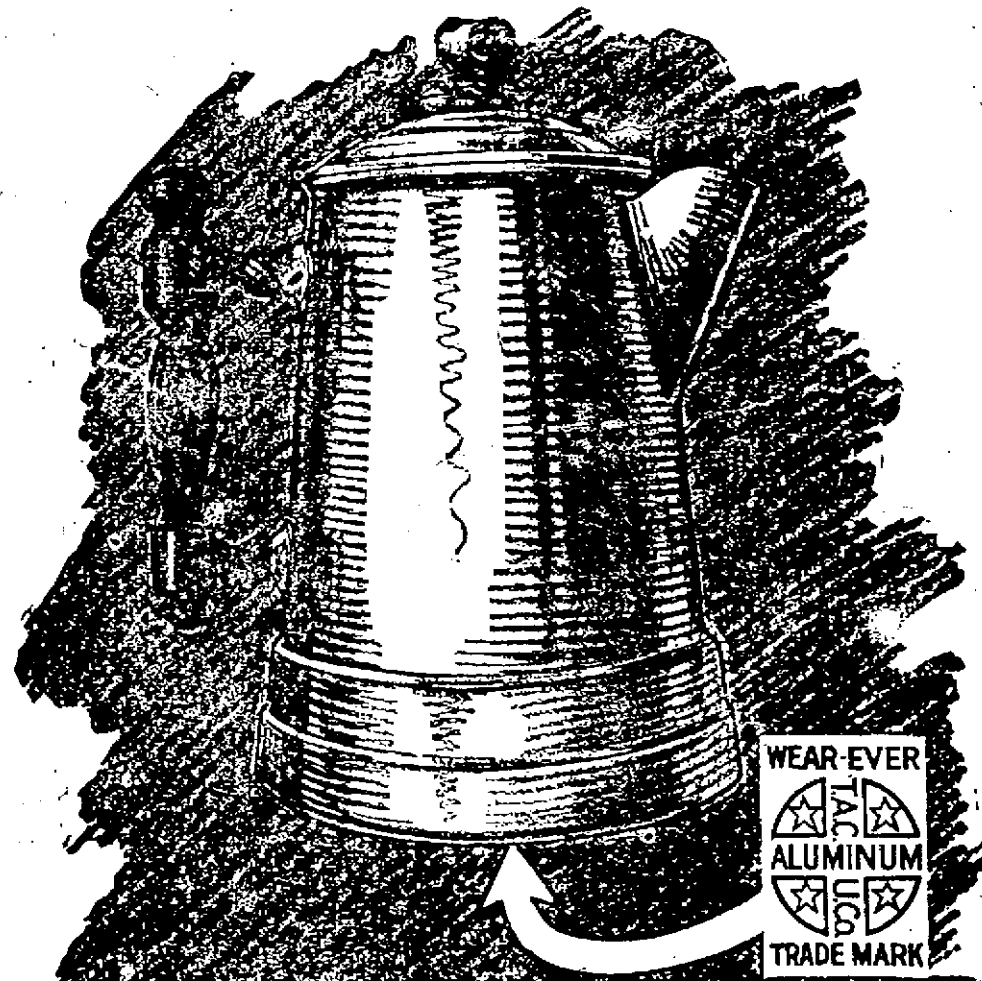

would send him an engraved invitation to be present at his inauguration as lieutenant governor next January.

Members of state executive committee elected were: District 1, R. A. Flood, North Adams; District 2, A. F. Foot, Holyoke; District 3, David J. Nolan, Worcester; District 4, William J. Keville, Belmont; District 5, J. Wells Farler, Needham; District 6, Fred Doyle, Boston; District 7, Judson Hannigan, Beverly; District 8, Charles E. Davis, New Bedford; District 9, Louis P. Eaton, Brockton.

### Delegates Elected

The following delegates at large to the national convention were elected:

Jasper G. Bacon, Jamaica Plain; William T. Ryan, Holyoke; John F. J. Herbert, Worcester; William J. Keville, Belmont. Alternates, James H. Walsh, Fitchburg; Henry L. Fowler, Greenfield; John J. O'Rourke, Lowell; W. Vagle, Newton.

## "BOB" HART GOING GOOD

Scored All of New Bedford's

Goals in Last Night's Victory Over Fall River

NEW BEDFORD, Oct. 17.—New Bedford and Fall River polo teams met for the first time here last night, New Bedford winning, 6 to 3.

Jean brought down the derision of the big crowd when, after Mulheads foul, he slammed the ball at his own goal on the free shot. Jean saw the hole when Purcell, who was forced to make a good stop, shouted at him. Both sides played a good passing game.

"Bob" Hart scored all of New Bedford's goals. The summary:

|            | Gls | Fls |
|------------|-----|-----|
| Hart Jr.   | 6   | 0   |
| Rhoads Jr. | 0   | 1   |
| Pierce Jr. | 0   | 1   |
| Conley Jr. | 0   | 0   |
| Totals     | 6   | 2   |

|            | Gls | Fls |
|------------|-----|-----|
| Hart Jr.   | 1   | 0   |
| Rhoads Jr. | 0   | 0   |
| Pierce Jr. | 0   | 0   |
| Conley Jr. | 0   | 0   |
| Totals     | 1   | 0   |

Stops, Conley 45, Purcell 45, Rhoads 45, G. Hart 2, Pierce. Referee, Carroll.

## POLO NOTES

Frank Hardy, former leader of the rival Lawrence team, will come to Lowell tonight at the head of the Salem team to play Capt. Markins' club at the Crescent rink and a red hot game is expected.

"Kid" Williams and Alexander, who did the rushing for Salem last season are back on the job and to date have been setting a fast pace. Williams is a speed merchant and his work is always a treat to watch. It is said he is working well with Hardy and the team is considered one of the fastest in the league at the present time.

"Melly" Morrison, who filled in with Lowell a few games last season, and played with several other teams will be in the Salem lineup. He's a good passer and Lovegreen will play goal.

Lowell's successful start here on Tuesday night, though handicapped by the absence of Griffith, made a big hit with the fans and a good crowd is

expected here tonight to see the "bat-

A large delegation from Woburn, as well as a number from Salem, will be on hand tonight. The Salemites are coming with fish horns, etc. to root for their team.

It was announced last night that "Bob" Griffith, star center of the Lowell team, would be in the lineup tonight. "Griff" is a great favorite here, where he has played for the past two seasons, and his work had an important part in Lowell's success in winning two successive pennants. His friends will be out in large numbers to greet him when he hops into the cage tonight.

## MURPHY'S HORSES WIN AT ATLANTA

ATLANTA, Oct. 17.—Yesterday was Murphy day at Lakewood park, the Poughkeepsie trainer winning two of the four events on the card.

The veteran trotter, Royal Mac, winner of two races at Lexington, again went to the front, beating the small field in the \$2500 event for 2.07 trotters; while Esther R., making her first appearance since she was disqualified at Columbus four weeks ago, did the same thing to the 3.07 pacers.

Dry Star, the winner of the junior division of the Kentucky Futurity, was in a soft spot in the sweepstakes event for 2-year-olds. Walter Cox landed him first in a jog in each heat, the last half in 1.00, with the final quarter in .29, and then doing the last half of the last heat in 1.00, with a quarter in .28.

Esther it had only a trip to beat in the 2.07 pace and Murphy covered her up in the early part of each heat, winning easily through the last eighth.

## MORE BETTING THAN EVER IN ENGLAND

LONDON. (Correspondence of the Associated Press.)—There is more betting than ever on horse racing throughout England, according to one of the leading London bookmaking firms, as though every one was trying to make up for the war-time period when racing as well as betting was suspended.

"It is not only that more people are betting," said the head of the concern, "but they are wagering larger sums. The small man who used to have his tanner on a race now risks his shilling or half-crown, while the clubman who formerly was content to wager a sovereign now bets a fiver."

"I have been in business for 35 years, and I have never made such profits as this year over the Derby and other classics."

"Another point about present day

## STILL GOOD FRIENDS

Pat Moran and Kid Gleason shaking hands. The Kid offered congratulations to Pat after the series had been won by the Reds.

betting," continued the bookmaker, "is the number of women who back horses. Fifteen years ago I don't think we had a dozen women customers. Now we have hundreds. I don't know where they get their information, but some of the biggest checks we have drawn this year have been for women."

"They nearly always pay, too, when they lose. Of course, we get an occasional defaulter, as we do among our men customers. But take them all around they are just as sporting over the business as any of the men we have on our books."

A poison epidemic is killing wild fowl in Utah and surrounding states.

## ADAIR GETS DECISION

Awarded Verdict After Fast 12 Round Bout With Duffy—Other Bouts

Barney Adair and Jimmy Duffy, both of New York, met in the main bout at the Crescent rink last night and after a fast battle over the entire distance, 12 rounds, Referee Carney declared Duffy the winner.

The decision did not meet with unanimous approval, many being of the opinion that it should have been called a draw. Duffy, lighter than Adair, and ever willing to mix, made a hit with the fans and while he did excel at infighting, at long range work Adair had the advantage. Both boxers worked carefully and cautiously in the early stages, but as the bout progressed they warmed up and traveled at a fast pace. Adair packed a heavy wallop and got over some telling blows, but Duffy never backed away. Several times they stood in there and swapped punches to the delight of the crowd.

Adair got away to a fast start and had the lead in the milling, but toward the final stages, Duffy rallied and put up a stiff battle. Duffy, a very scientific boxer, it would be hard to select a better pair, and while the skillful work appealed to many, a great many eagerly who prefer the sram bang battling were disappointed. In blocking and ducking, both are among the top-notchers and many blows tagged with a K. C. launched by both failed to reach their objective.

The decision was a difficult one, but as the referee stated the rounds carefully, and found that Adair had the advantage, he rendered his verdict accordingly. Both boys left the ring amid great cheers and the applause indicated satisfaction over the fast work.

The entire program was well arranged and satisfactorily staged. One extra prelim was introduced because of the brevity of the opening event. In the first number Kid Jinx lasted less than a round with young Paneo. Buddy Kane and Kid Jellison then came forth for the second event. This, too, was of short duration, for in the

## O'Brien Says

You have to pay so much for cheap clothes these days, why not pay a little more for Good Clothes?

There are plenty makes of really GOOD CLOTHES. We think Stein-Bloch's are the best, because they are the best tailored. That's why we sell them.

GOOD CLOTHES are not plentiful. If you need a suit or overcoat, buy a good make from a reliable dealer—you owe that to yourself.

POLO

Salem vs. Lowell, Tonight

CRESCENT RINK

second round Jellison went to the carpet from a blow that landed in the vicinity of the spinal column. He was backing away when the haymaker landed.

Young Paneo who won the first bout then came on for his second bout of the night. This time he met Young Corrigan and he found a very rugged and hard hitting opponent before him. Corrigan put up a great battle. The bout was full of action, and went big with the fans. Both boys were very willing to fight all the way round appreciation on the part of the members. Both were fighting furiously when the final bell rang and in his confusion, the referee's draw decision was misunderstood, many thinking he had awarded the decision to Paneo. He immediately sent Announcer Reane to the ring to explain that the award was a draw.

The semi-final between Dubby Dolan of Lawrence and Frank Molins of Lowell was a "whale" of a number. Both are aggressive and fast performers and they fought hard all the way. In the early part of the bout the going was very even, but Molins went to the front as the rounds were told, and while Dolan flashed in the last two rounds, Molins had a comfortable lead and he gave the decision.

It was announced that on next Thursday night Benny McCoy of Baltimore and Roy Moore of St. Paul, bantamweights, will meet in the main bout.

## AMUSEMENT NOTES.

Below is what the press agents of the different theatres say of the current attractions and of others to come:

## THE STRAND

You can't beat Douglas Fairbanks when it comes to introducing and carrying out new and novel stunts. In his latest million dollar production, "His Majesty, the American" which has been held for the entire week at The Strand, Fairbanks shows some of the most daring work ever accomplished in the motion pictures. But don't think that he has a monopoly on this particular brand of picture entertainment. Not by a long shot. George Walsh, another live wire of the screen is there in his latest offering, "The Winning Stroke" and it's a regular "battle of stunts" between the pair. We don't pretend to decide the winner. We leave that to you. And besides these two great attractions there is a good comedy and excellent Weekly.

Next week another really big picture attraction is promised in Nazi-

moa, the great Russian artist in "The Strand." This picture played at Boston at dollar prices. You will have the opportunity of seeing it at the usual Strand rates.

## OPERA HOUSE

J. Francis Kirk, director of the Lowell Players at the Opera House who occasionally appears in the cast, and Martin Miskel, both contribute materially to the excellent humor in "Polly With a Past" which is being given such a commendable presentation this week. The former appears as the irate "Padrowski" who is reported a suicide over his lost love of a modern vampire, and Mr. Miskel portrays the role of a reformed anti-prohibitionist, and their efforts are indeed commendable. Miss Fields and Mr. Meehan could hardly be improved on in their respective parts.

Next week the Players will present "The Boss" an enthralling drama in big business and politics, written by Edward Sheldon. It will offer unusual opportunity for superior dramatic effort. Don't miss it. Capacity audiences have been the rule at every performance, and in be sure of your favorite

seats it is advisable to make reservations in advance. Better still have your name placed on the subscription list. Tel. 261.

## GERMANS INDIGNANT

Protest Enormous Cost of Maintaining Entente Armies of Occupation

BERLIN, Wednesday, Oct. 15. (By the Associated Press.)—Indignation was expressed today by members of the budget commission of the assembly when the national treasurer announced the cost of maintaining entente armies of occupation and various control commissions would be from 2,300,000,000 to 3,000,000,000 marks annually. The minister added that the drain on the national defense would be "eventually reduced" and expressed the hope that the size of the occupying armies would be gradually reduced. Socialist and democratic deputies declared the entente demands "exceeded all limits of moderation" and charged the troops were indulging in "extravagances at Germany's expense" and charged the troops were indulging in "extravagances at Germany's expense." Four leading Berlin hotels have been requisitioned for the accommodation of inter-allied missions, which are expected to arrive next week. A government official told the budget commission today that efforts to induce the entente to reduce the size of these missions had been futile. A wireless

## PROVIDING PLACES FOR KICKERS

As an incentive to organized football in Lowell, the park commission has laid out three regulation gridirons in various sections of the city and these will be ready for games tomorrow afternoon, it was stated this morning.

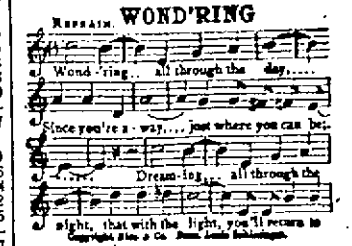

The need of properly laid out football fields here in Lowell has long existed and it is felt that the sport will enjoy a decided stimulus as the result of the park department's action. With the exception of Spalding park and occasionally Washington park in Middlesex street, there have been no properly appointed places available for the fall sport.

The gridirons have been laid out on the South common, North common and the fair grounds. Regulation goal posts, white yard lines and all the other paraphernalia essential to the conduct of a football contest have been provided by the commission.

The use of the fields by various eleven will be regulated just as the baseball diamonds are in the summer—each team will be given equal opportunities

## Sensational Song Hit

A new ballad which is the latest New York rage, entitled "Wond'ring," is a sensational affair, prettily written with a swinging fox-trot chorus by the same author and composer of the current musical successes, "Romance" and "Dance of the Arabs." The following is a portion of the chorus:

This song is written in only one octave with a number of odd harmonies that seem to particularly appeal to the fair sex. The slight advance over popular music has not kept it from being a tremendous hit. The chorus is using the melody as a fox-trot. This can be had for talking machines and player pianos.

## THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Dr. Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gain of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.—Adv.

48 CENTRAL ST., OPP. MIDDLE ST.  
THEO. TELLIER, Manager.

### MATRIMONIAL

Mr. Norman H. MacDonald and Miss Bertha Dimock, both of Billerica, were united in marriage on October 6 by Rev. Mr. Blossie, pastor of the Billerica Baptist church. Mr. MacDonald is connected with the N.E. & T. Co., in Boston and the couple will make their home in Dorchester.

### NEW TAXES IN GERMANY

BERLIN, Wednesday, Oct. 15. (By the Associated Press.)—It has been decided by the tax commission to impose a 10 per cent. tax on advertisements and hotel lodging bills. The rate for the levy on luxuries has not as yet been fixed. But that on the turnover of business concerns has been adjusted at one and one-half per cent.

### RIED HEATS ROBINSON

FRAMINGHAM, Oct. 17.—A crowd of 1500 at the Casino A. C. last night saw Pal Reed of Boston win by decision over George Robinson of Cambridge in a 12-round bout.

### BELGIAN ROYAL PARTY IN "MOVIELAND"

LOS ANGELES, Cal., Oct. 17.—King Albert, Queen Elizabeth and Crown Prince Leopold of Belgium, arriving here today from a visit to the national wonder of the Yosemite Valley and the Giant Sequoia of California, were introduced to a new experience in "movieland."

Their majesties were invited to meet the leaders of the professional motion picture world and be escorted through the studios. Later they were to be driven through the gardens and orange groves of Pasadena and Glendale.

Three and one-half hours was all the time they planned to spend here. Soldiers of the 51st "wild west" division that served in Belgium, were at the station to meet the royal party. From the king, many of this organization had received decorations in Belgium for heroic deeds of fighting with Albert's troops.

### Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

### USE IT FOR SANITARY REASONS

Don't take chances with your children's welfare. Make them safe and secure against vermin. Kill-ve is a clean and harmless, non-oily, non-sticky preparation, that destroys not only vermin, but eggs, also of larvae and their breeding place. Sold at all drug stores—35c, one and a half doz.

## RESUME LONG MURDER TRIAL

MONTPELIER, Vt., Oct. 17.—The Washington county court was prepared today to resume the trial of George A. Long, who is charged with the murder of Mrs. Lucina A. Broadwell at Barre on the night of May 3, Juror Thomas J. Ferris having recovered from the illness which caused an adjournment two days ago.

The cross-examination by the defense of Harry B. Broadwell, husband of the dead woman, was expected to occupy a large part of today's session. Evidence brought out by the state was intended to show that Broadwell was not near the place where the body was found and had no opportunity to commit the crime.

## FUNERALS

COTE.—The funeral of Cyril Cote took place this morning from his home, 31 Willie avenue. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Aurelien Merrell, O.M.I., assisted by Rev. Eugene Turcotte, O.M.I., as deacon, and Rev. Guillaume Ouellette, O.M.I., as sub-deacon. The bearers were Joseph Meunier, Leon Proulx, Louis Hestehesne, Simeon Jalbert, Theophile Croteau and Adolphe Desrosiers. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Boileau, O.M.I. Funeral arrangements were in charge of Undertakers Amadee Archambault & Sons.

## FUNERAL NOTICE

POFF.—Mr. William Poff died yesterday at 4 p. m. He leaves his wife, Carrie Poff; two daughters, Cora and Lilian; two brothers, George and Clinton; and Charles of Worcester; two sisters, Mattie Colburn of Brockton and Hanna Hamlet of Lowell. Services will be held in the chapel at Woodlawn cemetery, Nashua, N. H., at 2 p. m.

## Fail of Petrograd Reported

Continued

Report Lacks Confirmation  
LONDON, Oct. 17.—The march of General Yudenitch at the head of the northwestern Russian army on the city of Petrograd was still progressing favorably at the latest advices. Some reports of his advance, however, have apparently outrun his actual progress. There appeared for instance some doubt today whether the fortress of Kronstadt, outpost at the water approach to Petrograd, had capitulated to British naval forces, as indicated in reports during the night. The British Admiralty had received no confirmatory advices and the accuracy of the news was questioned in Admiralty circles.

Despatches from Scandinavia have announced the capture of Gatchina, 25 miles south of Petrograd, by the Yudenitch forces and stated that he was advancing on Tsarskoe-Selo, former residence of the late Emperor Nicholas and Krasnoye-Selo, nearby. Reports of the capture of these places by the anti-Bolshevik army, however, seemed of doubtful accuracy. A Bolshevik wireless station is located at Tsarskoe-Selo and announcement was made by the wireless press here this morning that the Bolsheviks were apparently still in possession of it as soviet propaganda was yet being sent out by the station during this forenoon.

## Soviet Troops in Mutiny

Soviet troops are reported to be leaving Petrograd, a mutiny among the men having broken out. In any event, advices indicate that the Yudenitch forces are encountering feeble resistance.

Bolshevik troops are said to have captured Kiev, but in this region the situation is obscure. It was reported last week that Kiev was in the hands of General Petliura's Ukrainian army, which advanced against General Denikin's lines. With the exception of the capture of Kiev, the Bolsheviks seem to have been repulsed along the new front.

Further details of the situation south of Moscow have not been received, but it appears that Bolshevik armies in that region are launching counter attacks against General Denikin's lines. The Bolsheviks seem to have been repulsed along the new front.

There is also some uncertainty as to the exact situation in Lithuania, where Russian and Lithuanian forces are mobilized. Lithuanian troops have been ordered to advance against Shavli in the government of Kovno. If this movement should be carried out, the Lithuanians would be in the rear of the Germano-Russian forces which advanced against Riga last week and have since last Friday been fighting Lettish and Estonian troops in that city.

In the meantime, Admiral Kolchak, head of the all-Russian government at Omsk and commander of the anti-Bolshevik elements on the east Russian front, is advancing rapidly in pursuit of the soviet armies, which have been ordered to retire. The location of the line of battle in this region, has not been reported recently but it is known to be west of the Tobol river, which flows northward through the eastern foothills of the Ural.

## Siberian Forces Hold Line

OMSK, Thursday, Oct. 9. (By the Associated Press.)—Siberian forces are

holding the line of the Tobol river, except in the vicinity of Yulutorovsk and Kurgan, which are still in Bolshevik hands. The military situation has been virtually unchanged during the past week because of heavy rains and mud, which have brought operations to a standstill.

## Reds Still at Sile

LONDON, Oct. 17.—The wireless press this morning announced that the Russian Bolshevik authorities were still sending during the forenoon today propaganda messages through the wireless station at Tsarskoe-Selo. This would indicate that General Yudenitch had not yet, as reported, reached this point in his advance on Petrograd.

Hutchins' Rubber Store, 214 Merrimack street. Rubber boots. "Everything in rubber."

## EMPLOYMENT FOR UNSKILLED LABOR

All kinds of positions are open for unskilled labor, both male and female, outside the city, according to C. F. Cronin, manager of the United States employment bureau in the War Camp Community building on Dutton street, which is still doing business despite the recent order from the government discontinuing all United States employment office throughout the country. It is understood that the office is soon to be taken over by the directors of the War Camp Community Service, and will be continued in its present form for the benefit of Lowell's ex-service men and civilians as well.

It is cured in 6 to 14 days  
Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles, Stomach Irritation, Sores and Itchings. You can get real relief after the first application. Price 60c.

## The League of Catholic Women

Will Meet On

## LEGAL NOTICES

Commonwealth of Massachusetts—Middlesex ss. Probate Court.

To the heirs-at-law, next of kin and all other persons interested in the estate of Samuel Renaud, late of Lowell, in said County, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented in said Court for Probate, by Della Giroux, who prays that letters testamentary may be issued to her, the executrix thereof, without giving a surety on her official bond.

You are hereby cited to appear at a Probate Court to be held in Lowell, in said County of Middlesex, on the twenty-first day of September, A. D. 1919, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this first day of October, in the year one thousand nine hundred and nineteen. P. M. ESTY, Register.

Commonwealth of Massachusetts—Middlesex ss. At the Police Court of Lowell, holden at Lowell, in the District of Lowell, in the County of Middlesex, on the fifteenth day of October, A.D. 1919.

George Gaudette, of Lowell, in said County of Middlesex, Plaintiff, vs. Burton A. Kinney, of Los Angeles, in the State of California, Defendant.

This is an action of Contract to recover one hundred ninety-five dollars, alleged to be due to the Plaintiff from the Defendant on the twenty-seventh day of September, A.D. 1919, as set forth in the Plaintiff's writ of that date.

And it appearing to the Court by the suggestion of the Plaintiff and on inspection of the officer's return on the Plaintiff's writ, that the Defendant was not an inhabitant of this Commonwealth, nor a resident therein at the time of the service of said writ, that he has no last and usual place of abode, tenant, agent or attorney in this Commonwealth known to the Plaintiff or to said officer; and that no personal service of said writ has been made upon the Defendant.

It is ordered by the Court, here, that the Plaintiff give notice to the Defendant of the pendency of this action, and to appear before said Court, in the first Saturday of November, A.D. 1919, to answer to the same, by causing an attested copy of this order to be published in The Lowell Sun, a newspaper printed in said Lowell, once in a week, three weeks successively; and that this action be continued to the said first Saturday of November, A.D. 1919, or until notice shall be given to the Defendant agreeably to this order.

EDWARD W. TRULL, Clerk.

Commonwealth of Massachusetts—Middlesex ss. Probate Court.

To the heirs-at-law, next of kin, and all other persons interested in the estate of Joseph Welch, late of Lowell in said County, deceased.

Whereas, certain instruments purporting to be the last will and testament—and one codicil—of said deceased have been presented to said Court for probate, by Arthur W. Grant, who prays that letters testamentary may be issued to him, the executor therein named.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the twenty-eighth day of October, A.D. 1919, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this sixteenth day of October, in the year one thousand nine hundred and nineteen. P. M. ESTY, Register.

SAID HE MUST  
RESCUE GIRLSLowell Guardsman Held by  
Fitchburg Police at End  
of Wild RideClaimed He Was Ordered  
To Frustrate Kidnap-  
ping Episode

After a wild midnight ride from Lowell to Fitchburg, where he claimed he had been detailed to rescue two Boston girls, who were alleged to have been kidnapped and taken to that city by a prominent physician of Providence, R. I., George Henry, a resident of this city and acting sergeant in Company B, Mass. State Guard, is now being held at the Fitchburg police station for safe keeping, pending the time that he is taken back to Boston. In the meantime Geo. Gendron of this city, owner and driver of the automobile which transported Henry from this city to Fitchburg, is wondering who will settle the bill which amounts to \$35.

Henry, when taken in custody by the Fitchburg police, carried in his belt a loaded automatic 45 calibre revolver and it was only through a little trick on the part of the police that

ON COLLECTIVE  
BARGAININGRepresentatives of Capital  
in Conference Seek To  
Frame SubstituteObject to Labor Resolution  
—John D. Rockefeller,  
Jr., With Labor

WASHINGTON, Oct. 17.—With the introduction of a resolution by the capital group giving its views as to the right of collective bargaining a spirit of conciliation was manifested today in the national industrial conference.

L. E. Sheppard, head of the railway conductors' brotherhood, said he saw in the resolution a sincere effort at a closer co-operation between capital and labor in the meeting and declared that in his opinion the gathering was "just getting down to business."

Announcing that the impatience manifested by the labor group Thursday had now given way to a willingness to wait any reasonable length of time, Mr. Sheppard said his group saw every prospect of a harmonious adjustment of the differences existing between the right and left wings of the conference as a result of the employers' resolution.

WASHINGTON, Oct. 17.—Representatives of capital in the National Industrial conference continued their efforts today to frame a declaration on collective bargaining to be offered as a substitute for the resolution presented yesterday by the committee of 15.

While acknowledging the right of collective bargaining, the declaration in its tentative form provides that the individual establishments shall be the basis of relationship and that the employers shall not be required to deal with others than their own employees.

While the representatives of capital were in session the labor and public groups marked time and conference officials said they did not know when the day's sessions would begin.

The public delegates indicated a willingness to refer the entire question of collective bargaining back to the committee of 15, although labor delegates expressed vigorous opposition to further postponement of the steel strike arbitration resolution.

Charles Edward Russell of New York, a public representative who had a leading part in framing the Labor-Public declaration on collective bargaining yesterday, said that he would offer at least two amendments to the resolution should it be sent back to the committee of 15.

Hope was expressed by labor delegates that Samuel Gompers, president of the American Federation of Labor, who has been suffering from nervous exhaustion, would be able to resume his place today as leader of the labor delegation. Mr. Gompers' temperature

WILSON MAY GO  
UNDER KNIFESpecialist Called To Deter-  
mine Whether an Opera-  
tion Is NecessaryProstatic Condition Checking  
General Improvement,  
Say Doctors

WASHINGTON, Oct. 17.—While President Wilson was feeling well today, his physicians said the prostatic condition from which he had been suffering for several days was checking the general improvement of the past two weeks.

Dr. Grayson announced that he had called in Dr. Hugh Young of Johns Hopkins hospital, Baltimore, one of the foremost specialists in the country on prostatic troubles and that he was expected at the White House some time today. During the morning the president was treated by Dr. Fowler, a Washington specialist, who was called in when the president first suffered this complication, several days ago.

Dr. Young will make a thorough examination of the swelling of the prostate gland to determine whether an operation is necessary, Dr. Grayson said.

DEBATE ON THE  
PEACE TREATY

WASHINGTON, Oct. 17.—Despatch of additional American troops to Europe for the ultimate purpose of policing Silesia during the plebiscite proposed in the peace treaty formed the text of another chapter of senate debate today on the treaty.

The authority of the war department to take such a step was questioned by Senator Brandegee, republican, Connecticut, and the scarcity of information available to the senate on such subjects was deplored by Chairman Wadsworth of the military committee. The department's action was defended by Senator Nelson, republican, Minnesota, and others.

"Nobody knows under what authority these troops are being sent," said Senator Brandegee. "It may be that the war department has some idea that the status of war technically exists although it does not."

158 MILES IN  
83 MINUTES"Flying Parson" Given Ova-  
tion by Enormous Crowd  
at Rock Island, Ill.Major Spatz Turns His Ma-  
chine Over to Captain  
Lowell Smith

CHICAGO, Oct. 17.—Lieut. B. W. Maynard, still leader in the trans-continental air race, is on his east-bound course somewhere between Des Moines, Ia., and Chicago, after his crashshaft broke yesterday noon, and forced him down near Wahoo, Neb. Mechanics worked all night to put a Liberty motor salvaged from a wrecked Martin bomber into his D-11, and early this morning the "parson" resumed his flight toward the Atlantic.

Lieut. Alexander Pearson, second in the race, left Cheyenne, Wyo., this morning about 125 miles behind Maynard with Captain J. O. Donaldson 136 miles behind Pearson.

Major Carl Spatz arrived in Buffalo, N. Y., this morning and turned his ship over to Captain L. H. Smith, whose plane burned there yesterday. The fight for fourth place had been between Smith and Spatz.

Nineteen contestants have now made the transcontinental trip, 13 having landed at San Francisco and six in Mineola. Seventeen are nearing the last stages of the journey into San Francisco.

Lieuts. Kiel and Queens started on the return journey from Mineola this morning while Captain C. H. Drayton and Lieut. H. W. Sheridan were ready to start from San Francisco.

Third in the race home, Capt. J. O. Donaldson, was only 136 miles further west, at Rawlins. All three were farther along on their journey than Maj. Carl Spatz, the east to west leader, held at Rochester by bad weather.

In the west flying was not stopped and three aviators landed at San Francisco, bringing the total number to reach that terminus to 13, of 47 starters. Six of 15 who began the flight for Mineola had reached their destination before the elements stopped flying yesterday.

Seventeen flyers still are struggling toward the Golden Gate.

## Ovation for Maynard

ROCK ISLAND, Ill., Oct. 17.—Lieut. Belvin W. Maynard was given an ovation by an enormous crowd on his arrival here at 12:15 p. m., from Des Moines, having made the 158 mile trip in 83 minutes, breaking his record for the same leg of the journey on his trip west.

Fall of Petrograd and  
Kronstadt Reported

WASHINGTON, Oct. 17.—Reports of the capture of Petrograd and Kronstadt by northwestern Russian forces under General Tudenitch, were received at the state department today from an American consular officer in Sweden when the despatch was sent, but it was said that they generally were credited in Sweden.

Heavy Bombardment  
STOCKHOLM, Oct. 17.—(By the Associated Press) The fortress of Kronstadt has capitulated after a bombardment by a British fleet which, after the fort had surrendered, entered the harbor, according to advices received here.

Kronstadt is a fortress and seaport

at the head of the Gulf of Finland, 20 miles west of Petrograd. The fortress was begun by Peter I, but has in recent years been entirely rebuilt. The port which was the chief station of the Russian navy, with a naval dockyard and a commercial harbor, has been in the hands of the Bolshe-

RESUME READING OF  
TREATY TEXT IN SENATE

WASHINGTON, Oct. 17.—Having finally disposed of the Shantung amendment to the peace treaty by a vote which left no doubt as to its attitude on the question the senate was ready today to resume reading of the printed text, a four day job at best, with clerks reading in relays.

While there was no formal agreement the plan was to continue reading today and tomorrow. The Johnson amendment designed to equalize the voting power of the United States and Great Britain will be taken up next week.

The Shantung amendment which provided that the Chinese province of Shantung taken from Germany by Japan be restored to China, was defeated by a vote of 55 to 35.

Republican leaders declared that the result had no possible bearing on the lineup for ratification, insisting that there was no hope of ratifying the treaty without reservations.

PLAN TO ALLEVIATE  
TRAFFIC CONGESTION

In an effort to alleviate traffic congestion in Merrimack square and lower Central street during the late afternoon and early evening hours, members of the transportation committee of the board of trade will meet next Tuesday afternoon at the board rooms in Merrimack street and will confer with Fred L. Crowley of the trustees of the Eastern Massachusetts Street Railway company, Thomas Lee, its local manager, and Mayor Perry D. Thompson.

The traffic congestion is caused principally by the large number of electric cars which are lined up in the square and Central street about 5 o'clock every afternoon. At this hour mill operatives begin coming from work and a large number of them use the cars to get home. In addition there are extra cars coming in from the outlying and suburban sections of the city and the combination almost inevitably results in a traffic jam in the center of the city.

Motor and other vehicles also suffer from the congestion at this time and it is believed that one of the big causes of the trouble is the fact that the electric cars remain too long in Merrimack square while discharging and taking on passengers. Efforts will be made at Tuesday's conference to find a solution of the difficulty.

The South End  
Thanks You

The general committee in charge of the South End District Welcome Home Celebration desires to express thanks to all who contributed in making the entire program the pronounced success. It is happily proved to be. Particularly do we appreciate the courtesies extended us by Rev. Dr. Kehler for the use of the school hall, the material assistance of Mr. Schaake of the Opera House, the invaluable aid of the ladies of the district, and the contributions of money, great and small, enabling us to stage the affair on a grand scale. Where all things and hundreds of people aided so splendidly in making it a most notable event. It is obviously difficult to particularize. All we can say is that in the name of the soldiers, sailors and marines, we thank you.

23,632 SHOT  
BY BOLSHEVIKI

Men, Women and Children  
of Riga Attacked by  
Intoxicated Reds

STOCKHOLM, Oct. 17.—(Correspondence of the Associated Press)—Professor Guido Schneider of Riga, in a lecture here stated that the Bolsheviki shot 23,632 men, women and children in Riga. The executioners, intoxicated and unable to aim straight, wounded their victims time and again, laughing at their agonies which sometimes lasted a whole day and night, he said. Young girls elegantly dressed volunteered as executioners and promenaded up and down with rifles, fired at the prisoners.

## METHODS OF PUBLICITY

Newspapers One of Greatest  
Factors in Campaign  
Against Tuberculosis

PROVIDENCE, R. I., Oct. 17.—More effective methods of publicity were stressed at the morning sessions of the New England Tuberculosis conference here today. They included the use of paid advertising and the systematic organization of each city by districts and by churches.

"Newspapers are one of the greatest factors in the campaign against tuberculosis," declared WILLIS E. Chandler, secretary of the Rhode Island Anti-Tuberculosis association, after criticizing the failure of leaflets to reach large numbers of people. "By hammering away in the papers with paid advertising, we hope to get our message to everybody."

Harold W. Slocomb, secretary of the Vermont Tuberculosis association, told how health talks had been added to Sunday evening services in rural churches of Vermont.

Committees in each church parish with definite objectives were urged by Mrs. Mabel Greeley Smith, secretary of the Cambridge Anti-Tuberculosis association. Miss Maria Stowe, field

TO LIBERATE THE IRISH  
POLITICAL PRISONERS

DUBLIN, Oct. 17.—The lord mayor has been informed that all the Irish political prisoners in Mount Joy prison, will be liberated immediately. This is the outcome of their hunger strike, it was explained.

## "BOB" STILL IN THE LEAD

Veteran Shares Honor With  
Two Morgans in Great  
Home Test

WHITE RIVER JUNCTION, Vt., Oct. 17.—Soft roads and many hills made today's leg of the 200-mile endurance test of cavalry mounts the most difficult yet encountered. When the horses left here for their next stop over, at Concord, N. H., "Bob," the 13-year-old half breed stallion shared the lead in the scoring, with Donlyn and Castor, the full blooded Morgans. Rustem Bey, an Arab from the Brawna stables at Berlin, N. H., was five minutes behind, while Kheyra and Ramla, also Arabs, trailed with a loss of 49 minutes.

Eleven of the 14 mounts entered at Fort Ethan Allen were eligible to start on the fourth 60 mile leg of the contest. Several of the horses showed the effects of the journey and some further eliminations were looked for by the observers before the finish of the race at Camp Devens, Mass., tomorrow.

As speed counts but 25 per cent of the final award, the performance of some of the slower horses is being watched closely. Kingfisher, the Arab gelding, owned and ridden by Col. Frank Tompkins, military director at Norwich university and formerly commander of the 301st Infantry, is trailing the field, but covered the first three legs of 132.9 miles on the minimum amount of 19 quarts of oats and 20 pounds of hay.

worker of the Framingham Civic league, described the division of the city for educational work into seven districts of 500 families each, with street leaders, district committees and a central council.

Gardner T. Swartz, Jr., of Providence, advised that exhibits develop more realism and color and center upon the children in the school. State representatives told how New England is using the modern health crusade.

Puller emphasis upon a few important ideas was suggested by R. V. Spencer of Boston. Hubert M. Sedgewick of New Haven told of the Connecticut public health campaign to keep everybody interested and smiling at funny motion pictures.

## THE GOVE CO.

LOWELL—LAWRENCE—HAVERHILL

## JOHN FARLEY HONORED

Lowell Lodge of Elks Give  
Testimonial Banquet to  
Past Exalted Ruler

With the ways smoothed by the presence and companionship of more than 200 of his brother members, John P. Farley, past exalted ruler of Lowell Lodge, No. 57, Benevolent and Protective Order of Elks, who was recently appointed district deputy grand exalted ruler for the Massachusetts northeastern district, glided into the performance of his new duties last evening when his parent lodge and a number of brothers from other lodges gave him a testimonial banquet in Elks' hall, Middle street.

It was a session of jubilation not alone for Mr. Farley, but for every member of the Lowell lodge. It had

JOHN P. FARLEY

been 19 years since a Lowell Elk had been honored with the position which Mr. Farley now holds and the local "Elks" were determined that the occasion should not pass without fitting and proper observance.

Material tokens of their esteem for the new district leader were evident in the presentation to Mr. Farley of a loving cup and a number of American gold eagles. But far outstriking these tokens were the general good fellowship spirit which pervaded the evening and the incessant barrage of congratulatory, laudation and promises of co-operation to which the new deputy was subjected for several hours. There were speeches in abundance which ran with versatile abandon from the serious to the musingly reminiscent. And the talent of the lodge had its chance to pay respect to Mr. Farley and at the same

GABY  
DELYS

## GABY IS IN OUR MIDST ONCE MORE

NEW YORK—Gaby Delys, and a new "trick" pup, are with us again. Gaby arrived unannounced on the liner La France. The reason for the visit of the famous actress was unexplained. Is it unchivalrous to observe that Gaby doesn't look as young as when she was the friend of the king of Portugal?

time entertain the gathering with choice musical selections.

The speakers of the occasion represented almost every walk of life and every branch of Elkindom. They included Nathan A. Tutts, district attorney, who delivered a powerful address on the duty of Elkindom to join in the fight for the suppression of Bolshevism; William H. Mahan, exalted ruler of Lowell lodge; Mayor Perry D. Thompson, Past District Deputy Edward M. Hamilton of Medford, Past District Deputy William E. Hill of Everett, Past District Deputy Charles R. Barton of Melrose and Mr. Farley, himself.

In his new position Mr. Farley will have jurisdiction over 16 lodges: Lowell, Lawrence, Haverhill, Everett, Woburn, Wakefield, Revere, Chelsea, Malden, Melrose, Medford, Lynn, Salem, Beverly, Newburyport and Gloucester.

Eugene Y. Brown, chairman of the committee on arrangements, called the gathering to order after Caterer Lydon had served one of his habitually excellent turkey dinners with

all that goes with them. He welcomed those present and then introduced William D. Regan as toastmaster of the evening.

The latter told of the purpose of the gathering—to honor one of the members of the lodge who had been elevated to a high dignity in Elkindom and to promise him support in the performance of his duties. He sketched deftly the strides the local lodge had made since its inception and dwelt on the strong Americanism which was one of its cardinal principles. Long before this country had entered the world war, he said, the Elks' observance of flag day had arrested the attention of the country to the underlying democracy of the Stars and Stripes.

Mr. Regan then read letters of regret from Andrew J. Casey of Boston, Peter McCann of Chelsea, Congressman John Jacob Rogers, James R. Nicholson, W. L. Healey of Boston, and C. F. J. McHugh of Boston. William H. Mahan, exalted ruler of

Lowell lodge, was then introduced and spoke briefly relative to the election of the lodge in having one of its members chosen for the important post which Mr. Farley had been called upon to fill. He pointed out that it was incumbent on the officers and members of the lodge to do their part to uphold the dignity of the office. He then extended his personal congratulations to Mr. Farley.

Andrew A. McCarthy was called upon for a solo, but first led the entire gathering in singing a parody on "My Little Jane," having to do with Mr. Farley. The crowd caught on to the spirit of the song at once and this was one of the most pleasant features of the evening. Mr. McCarthy was assisted by Warren Churchill.

District Attorney Nathan A. Tutts, of Waltham was the next speaker. He was characterized by the toastmaster as one of the "best district attorneys we have ever had."

In opening, Mr. Tutts said that he would be glad to swap jobs with Mr. Farley and Mr. Farley responded that he would be willing to do his share to bring it about.

The speaker pleaded for a vigorous effort on the part of Elks to assist in the solution of the great problems before the country today. Elkindom had always stood, he said, for liberty in its purest form and American citizenship. He told of the problem confronting the country in the fact that there are nearly 25,000,000 aliens in the country, many of whom cannot read or write English. There are nearly 1000 papers printed in foreign languages and scores of these are openly anarchistic. He said that before the war the country had a steady procession of immigration and that this was good in some respects, but bad in others. Some of these immigrants came here only to avail their chance to foil their ideas of government upon this country, Mr. Tutts alleged.

"We have a class of political degenerates in this country," he continued, "who are seeking to overthrow this present form of government. Fred Stone, the comedian, gave a good definition of a socialist when he said that such a man was one who had nothing himself and wanted to divide it with everybody else."

Mr. Tutts then urged active efforts on the part of the Elks in taking a stand against Bolshevism and said that it was high time that every man got into politics. He congratulated Mr. Farley and assured him that the entire district would support him in his new duties.

John Y. Myers entertained with a solo in which Hon. John T. Sparks of of Dracut assisted commendably.

Mayor Perry D. Thompson was called upon to respond to the toast: "Elks of Our City." He told of many of the leaders in all walks of life being members of the Elks and that for that reason it was only fitting that a fraternal leader should be chosen from the ranks of the lodge. He dwelt on the present governmental evils facing the country and in conclusion predicted a brilliant career for Mr. Farley as district deputy.

There were further selections by Com. Jas. E. Donnelly, Daniel J. McCaffrey, James Kenney and Lieut. Wilsonnette. The other speakers spoke on much the same topics as those already quoted and included Past Dis-

trict Deputy William E. Hill and Past District Deputy Charles R. Barton.

At 11 o'clock the lights of the hall were dimmed and the celebrated 11 o'clock toast in honor of departed members was given by Brother Hill.

Following Brother Barton's remarks, Toastmaster Regan presented a loving cup and box of American eagles to Mr. Farley on behalf of the lodge members. Mr. Farley responded fittingly in an appreciative address. He thanked his brothers for their assurances of support and said that he chose to accept the evening's demonstration not personally, but as the official representative of the lodge.

It was nearly midnight when the affair closed with the singing of the national anthem. The Elks' orchestra furnished music during the evening

and Thomas Dowd accompanied the singers.

The committee in charge included: Eugene Y. Brown, P.E.R., chairman; Richard A. Griffiths, secretary; William H. Mahan, E.R.; Richard T. Robinson, E.L.K.; Samuel Scott, E.L.K.; John T. Durkee, E.L.K.; John J. Lee, P.E.R., secretary; Thomas A. Golden, treasurer; James F. Donnelly, esquire; W. Edward Turnbull, J.C.; C. Edward Cotter, chaplain; Edwin W. Kilpatrick, J.C.; John E. Burns, James H. Walker and Edward F. Saunders, trustees.

R. F. KEITH'S THEATRE  
A tale of laughter that grows stronger every minute invariably characterizes the presentation of "Pre-variation," which is being shown this week at the B. F. Keith theatre, by Bert Baker & Co. Baker wrote it and Baker plays the principal part in it. It's one great gloom-chaser. Searl

Allen and Laura Lyman in "The New Taxi Starter" have an entertaining vehicle, and Frank and Milt Britton serve jazz in its latest dress. McCormick and Wallace are ventriloquists of note, and Delano & Pike do a bit of many different things. Other acts on the bill are: Barretto and Gertrude Dudley & Co.

Charles Hankins, a retired coal merchant, of Southampton was found suffocated with his head trapped in a sea chest in which he kept his clothes.

LADIES, 1000 of the FINEST HATS  
ever displayed in Lowell

## Every Hat Distinctive

## CHOOSING A HAT

Not every woman knows that her appearance can be made or marred by her selection of a Hat, but it's true.

A woman is to blame for her Hats. A becoming Hat should seem to belong to the face, as much as the eyes or the teeth belong to it.

Therefore in buying a Hat try to find one that will harmonize, bring out your complexion and set off or deepen the color of your eyes.

A Hat more than any other part of a woman's costume should be selected for its innate fitness to the wearer's personality.

Salespersons in the Broadway chain of stores are experts in fitting the proper Hat, are especially instructed and will please your purse and person.

Smartest Hats of the season; models of the leading New York showrooms, pattern hats (no two alike) pleasingly priced, by our direct wholesale method, saving you 1-3 to 1-2 the profits the usual milliners ask.

## STUNNING HATS

At \$3.98 to \$25

Notwithstanding the present conditions, our TRIMMING SERVICE IS STILL FREE

These hats are Duveltyne, Panne Velvet, Lyons Velvet and Georgette and Velvet combinations, in all the beautiful, autumn colorings.

## WILSON WINS ON AMENDMENT

Victory For President in  
First Big Battle—Shan-  
tung Proposals Defeated

Fourteen Republicans Side  
With Administration—Bitter  
Words in Debate

WASHINGTON, Oct. 17.—The president has won the first big battle for the peace treaty. There will be no amendments. Shantung was killed by a decisive vote, 14 republicans lining up with the democrats to defeat the six propositions relating with the transfer of German rights in the peninsula to Japan, while only three democrats took the republican side.

Still more significant—for the defeat of the Shantung amendment was foreshadowed—was the demonstration of the hopelessness of the Johnson amendment. Wednesday senators were counting a tie vote—47 to 47—as the probable result when the measure concerning the plural vote of Great Britain in the league assembly came to a rollcall. Last night it was known that two certainly, and six probably, of the republicans who were counted as supporting the California senator are against him on this issue.

### Day of Bitter Debate

The fight for the amendments will go on for a week or so longer, but it is obvious that this is only a rear guard action of the republicans to cover their retreat to their Hindenberg line of reservations, where they will make their stand.

The result of the voting on the Shantung section was a vindication of Senator Hitchcock as a prophet. The totals were exactly as predicted by him in his top-notch claims.

The vote came at the end of a day of bitter debate that involved every phase of the treaty struggle. One curious feature was a slashing side-line fight on the democratic end with John Sharp Williams attacking the Irish and Phelan attacking John Sharp for his assault on the sons of the Emerald Isle.

Thirty-two republicans and three democrats tried to save the Shantung amendment; 14 republicans and 41 democrats insured its defeat. Six senators were absent or paired.

### How Senators Voted

The vote in detail follows:  
For adoption:

Republicans—Bull, Borah, Brandegee, Calder, Capper, Curtis, Dillingham, Fall, France, Frolinghuysen, Gurnea, Harding, Johnson (California), Jones (Washington), Knox, La Follette, Lodge, McCormick, McLean, Moses, New, Newberry, Norris, Page, Penrose, Phipps, Potendexter, Sherman, Sutherland, Wadsworth, Warren and Watson—32.

Democrats—Gore, Reed, Walsh (Massachusetts)—3.

Total for adoption—35.

Against adoption:

Republicans—Cott, Cummins, Hale, Kellogg, Kenyon, Keyes, Lenroot, McCumber, McNary, Nelson, Smoot, Spencer, Sterling and Townsend—14.

Democrats—Ashurst, Bankhead, Beckham, Chamberlain, Culberson, Dial, Fletcher, Gay, Gerry, Harris, Harrison, Henderson, Hitchcock, Jones (New Mexico), Kendrick, King, Kirby, McKellar, Myers, Nugent, Overman, Owen, Phelan, Pittman, Pomeroy, Randall, Robinson, Sheppard, Shields, Simmons, Smith (Arizona), Smith (Georgia), Smith (Maryland), Stanley, Swanson, Thomas, Trammell, Underwood, Walsh (Montana), Williams and Wolcott—11.

Total against adoption—55.

The six senators absent or paired were: For adoption: Fernald, republican, Maine, and Elihu, republican, West Virginia.

Against adoption: Edge, republican, New Jersey; Johnson, democrat, South Dakota; Martin, democrat, Virginia.

## For Those Pesky Pimples

There Are Handsome Complexions in Almost Every Village That Prove the Remarkable Value of Stuart's Calcium Waters

Nature decreed that every woman should have a clear, smooth, delicate

skin. If it is blotched with pimples, blackheads and other such eruptions, it is simply an evidence that the skin lacks certain elements that promote and preserve skin health. And the greatest of these is the wonderful calcium sulphide in Stuart's Calcium Waters. Calcium is one of the natural constituents of the human body. Your skin requires it to be healthy. It invigorates the skin health, dries up the pimples, boils and blotches, enables healthy skin of fine texture to form and become clear, pinkish, and smooth. Stop using creams, lotions, powders, and bleaches which merely hide for the moment. Get a 50-cent box of Stuart's Calcium Waters at any drug store today.—Adv.

Make More  
Next Time!

LET the children have Pudding for dessert—it's good for them! Pudding is rich, creamy, and luscious—molds quickly any time. It comes in chocolate, rose vanilla, orange and lemon—and other delicious flavors. Easy and economical to make. Use it for creamy pie and cake fillings and ice cream. A 15c box serves 15 people. And you can use as much or as little at a time as you need.

Buy Pudding at your grocer's.  
FRUIT PUDDING COMPANY  
Baltimore, Md.

# PUDDING

Senators Johnson of California, Sherman of Illinois and La Follette of Wisconsin, all republicans, and against it by Senators Phelan of California, a democrat, and McCumber of North Dakota, a republican. Senator Williams, democrat, Mississippi, injected into the discussion a bitter denunciation of the attitude of some Irish-Americans and sharp replies were made by Senators Phelan, California, and Gerry, Rhode Island, democrats.

After the rollcall a few minutes was devoted to the formal reading of the long treaty text and the leaders ex-

pected to continue the task today. The general prediction was that a vote on the remaining amendments would not be reached before the middle of next week.

### Threats of Assassination

Senator Williams declared he had recently received many intimidating letters.

"I have received several threats of assassination, but I don't mind assassination," he said. "I am perfectly aware that the friends of Irish free-

dom have been packing these galleries of late and I am perfectly well aware that in making this speech I have openly defied the scoundrels who have threatened me with assassination."

Senator Phelan, democrat, California, made sharp reply to Senator Williams, and especially to the latter's reference to the part taken by the Irish in the Civil war.

"The fact is that the south gave way because there was no more fibre in its armies," Senator Phelan declared, "and it is just as well to let it be known

again that the south was fighting for slavery while the Irish have always fought for freedom."

Senator Gerry, Rhode Island, the democratic whip, told the senate he did not like to let go unchallenged statements made in the debate charging disloyalty to Irish citizens. Such inferences, he said, were entirely unjust.

Rickshaws, the popular Japanese cart, were first made in large numbers in 1870.

## POLICE LOOKING FOR SNATCH THIEF

The police are still endeavoring to locate the snatch thief who operated in Sixth street last Saturday evening when a young woman stenographer and bookkeeper was relieved of over \$10 in cash. According to the information received, the young woman was on her way home, carrying a handbag and when at a short distance from the house, a man came along and after snatching the bag away from her, made his escape.

\$15

Fifteen dollars is a good price to pay for your boy's suit. We can guarantee you satisfaction and give plenty of style, fine fabrics and good tailoring.

STREET FLOOR

**Mutiny and Murder Charged**

PHILADELPHIA, Oct. 17.—Four survivors of the British schooner Onato, rescued 300 miles east of Newfoundland on October 8, by the American steamship Ziekle, are under arrest here today charged with mutiny on the high seas and with having killed the captain of their ship and his brother, the first mate. The charges were made by Captain Daniel A. Sullivan, master of the Ziekle, which arrived at this port yesterday from Rotterdam. They denied there was a mutiny and declared the officers of the Onato were accidentally killed by the shifting of the cargo during a terrific gale.

**BISHOP SANCTIONS**  
**CHURCH UNION HERE**

The proposed union of the Worthen Street and Highland Methodist churches has received the sanction of Resident Bishop Hughes and hereafter the two congregations will meet as one at the Highland church. Rev. Oliver W. Hatchinson, pastor of the Highland church, has been appointed as minister of the Union church which will bear the name of the Highland Union M. E. church. The property of the Worthen Street church will be disposed of by a commission of ministers and laymen, appointed by the bishop and while it may be sold so as to pass out of the sphere of church work of any kind, it is possible that it will be converted

into headquarters for missionary and Americanization work.

A formal public meeting of the members of the new Union church will be held soon and at this function it is planned to have present Bishop Hughes and District Superintendent Dr. C. E. Spaulding.

**LAUNCH DRIVE FOR**  
**MORE MEMBERS**

A drive for more members was launched last evening at a meeting of St. Joseph's College Alumni association in the college hall. Five hundred members is the goal for which the organization will strive during the coming weeks, and Secretary Arthur Giroux announced that prizes will be awarded to those getting the best results. President Tancred L. Blanchette presided.

During the evening a musical and

athletic program was enjoyed, embracing wrestling matches between Joe Biss and Alfred Beauchessne and Biss and Ernest Gagne; songs and violin selections by Noel Beaudet and Victor Hamel; and a drawing contest in which Rev. Joseph Bolduc, O.M.I., of St. Joseph's parish took the honors.

The match between Biss and Beauchessne resulted in a win for Biss after 11 minutes of furious battling. Biss found Gagne a tougher opponent, and the bout was declared a draw by Referee Albert Hamel. Biss and Gagne are old wrestling partners and were at one time in vaudeville together.

**SHRINKAGE IN HIGH**  
**SCHOOL COMMISSIONS**

Because the number of companies in the high school regiment has been reduced from 12 to six this year the number of available commissions has

shrunk in proportion. Written examinations for these positions were held yesterday afternoon and supplementary oral exams will follow next week. The positions open are: Colonel, lieutenant colonel, major, regimental adjutant, regimental quartermaster, six captains, six first lieutenants and six second lieutenants.

**N. E. WOMEN'S CLUBS**

PORTLAND, Me., Oct. 16.—Mrs. Herbert J. Guernsey of Wollaston, Mass., was elected chairman today of the conference of the boards of officers of the federations of women's clubs of the New England states.

Mrs. Robert Smith of White River Junction, Vt., was elected vice chairman and Mrs. E. H. Harriman, of Laconia, N. H., secretary-treasurer. The nominating committee consisted of Mrs. Myrtle L. T. White, representing Maine, Mrs. W. H. Hoffman, Con-

**Train Derailed—Cars Land in Ditch**

CAMBRIDGE, Vt., Oct. 17.—A mixed train of six cars on the St. Johnsbury and Lake Champlain railroad, leaving St. Johnsbury about 6 o'clock this morning, was derailed four miles north of Cambridge Junction, two cars landing in the ditch, a third left hanging in mid-air from a culvert and the other three off the track, but still upright and both rails for a thousand feet torn up. No one was killed or badly injured. The accident happened as the train was passing over a culvert, going at an ordinary rate of speed.

necticut, Mrs. Frederick E. Dowling, Massachusetts, chairman.

**BEES ARE STARVING**

SPRINGFIELD, Oct. 16.—Two thousand swarms of bees in Hampden county are starving, according to a statement today by the Hampden County Improvement league. Wet weather and cold nights have so interfered with the formation of nectar as seriously to deplete the bees' food supply.

Between five and 15 pounds of sugar must be fed to each swarm before cold weather, if they are to survive, the league says, and steps are being taken.

An area of 436 acres was burned over in the great fire of London in 1866.

To Cure Cold in One Day Take LAXATIVE BROMO QUININE (Tablets.) It stops the Cough and Headache and works off the Cold. W. GROVE'S signature on each box, 10c.

## LABOR MEN CONFER WITH TRUSTEES

Francis Warnock and Timothy O'Rourke were elected last night by the Lowell Trades and Labor council as delegates to attend a conference with the trustees of the Eastern Massachusetts Street Railway Co. in Boston this afternoon in an effort to obtain more consideration for the laboring man in the system of fares now in vogue on local lines of the company. The conference is being held at the request of the trustees.

The two delegates will advocate an extension of the inner zones to several points of the city line and also will submit a proposition for a flat five-cent fare for all lines. As an alternative, if the latter proposal is not considered, they will suggest a special ticket and transfer system to accommodate working people at the hours of going and coming from work. Also it is believed that the delegates will file an opposition to the so-called one man car to be operated in this city in the near future.

The standing committees of the council for the coming six months were chosen as follows:

Legislative committee, Frank Warnock, Charles E. Anderson, Frank B. McNulty, Albra W. Hersome, Fred Drouin, Timothy O'Rourke and John B. Curtin.

Organizing committee, Frank N. Stimpson, Parker Murphy, Joseph F. Convery, John W. Downing, Timothy Finnegan, John Purcell and Michael Duffy.

Grievance committee, Thos. Crowe, Peter Gillick, Martin Hoar, M. P. Regan, Thomas F. Quinn, John Hanley and John F. Casey.

Label committee, George H. Keating, Annie Odell, Walter E. Roche, I. F. Moulton, J. Frank Burke and James Wood.

Credentials committee, George H. Keating, John Casey and Timothy O'Rourke.

### JUDGE SMITH,

AGED 78, DEAD

ST. JOHNSBURY, Vt., Oct. 17.—Walter Perrin Smith, aged 78, died yesterday afternoon after an illness of three weeks. He had been judge of probate for Caledonia district since 1882.

Born in Hardwick, Vt., Nov. 4, 1841, he was educated at the academies of Hardwick and Morrisville and was graduated from the University of Vermont in the class of 1867. He studied law at the University of Michigan and completed his legal education in the office of Powers & Gled of Morrisville, Vt.

Here he was admitted to the bar in May, 1869, and came to St. Johnsbury in the fall, where he has since resided. He began practice with Jonathan Ross, afterward chief justice of Vermont and United States senator, but gave up his law office when he was elected judge of probate.

While practicing law he was state's attorney for two years and represented

ed this town in the legislature of 1880. He was president of the Passumpsic Savings bank, director of the First National bank, and deacon in the North Congregational church.

He was a republican and often spoke in campaigns for his party. He was

married August 15, 1876, to Susan Holbrook of the neighboring town of Lyndon and leaves, besides his wife, one son, Dr. Robert H. Smith, a physician at Akron, O., and one grandson.

Woman suffrage will add 15,000,000 to 18,000,000 new voters in the United States.

# I'LL SAY THEY ARE

Made by the Slater mill of Rhode Island, pure wool, guaranteed dyes, materials that are almost unobtainable by me today at a much higher price. I have a little over four hundred yards left of this special material in oxford greys, olive browns, mixed green and blue, unfinished thibets; marked to sell at \$27.50 to order. I consider these materials exceptional values at \$35.00. Grab this special offering before it's gone. So many shrewd buyers have been measured that my stock, tremendous as it was, is dwindling fast. Your time is limited, get aboard now while I continue to make this offer.

## Overcoats and Suits

Tailored to Order

\$35 to \$40 Values

**\$27.50**

Why hesitate? All round you is evidence of what clothing prices are; stores think nothing of asking \$40, \$50, \$60 and up for ready mades, and they've got to do it the way the wholesale market is—a man can blow a month's salary for a suit of clothes, and yet I am continuing my offer of a suit or overcoat to measure for \$27.50. But this offer lasts only as long as my stock of fabrics lasts. The woollens I talk about were bought months ago when the woolen market dropped temporarily, in quantities direct from mills and commission houses, cash buying, and cash selling. No charge accounts, no middleman's profit, and doing the biggest custom tailoring business in New England north of Boston enables you to save \$5.00 to \$15.00 on Mitchell's tailored clothes.

**MITCHELL, TAILOR 31 Merrimack St. LOWELL, MASS.**

### SILVER HOARDS

#### BOOST PRICES

BOMBAY.—One of the reasons for the rise in the price of silver is the practice among natives of several countries of burying the metal. Chinese cling to silver, but the greater amount is believed to be hidden away by natives of India. It is estimated that there is \$100,000,000 in silver held by the poorer classes in this country.

### AMERICAN GANG

#### TRIED AT BREST

BREST.—The Dearborn-O'Malley gang, a band of American crooks, stole army cars in eastern France, drove them into Luxemburg and sold them to German criminals. The four gangsters wore the uniform of the American military police. They were arrested while living luxuriously at Toul and escaped from prison at Lingay, but were re-captured. Now they're being court-martialed.

### FIREMEN CONDUCT

#### CO-OPERATIVE MESS

NEW YORK—"K. P." has no terrors for members of Hook and Ladder Company No. 4. They didn't mind it in the army. Now H. C. L. has no terrors, either. The firemen have a food fund, one of them has been appointed chef, and now they get their own meals. "They can't be beat on Broadway," say the firemen.

### DONALD B. MACMILLAN

The following sketch of Donald B. MacMillan who is to lecture at the First Universalist church, October 28, has been received at this office: Born in Provincetown, Mass., Nov. 10, 1874. Graduated from Bowdoin college in 1895 with A. B. degree. Principal of Levi Hall High school, North Gosham, Me., 1895-1900; head of classical department, Swarthmore Preparatory school 1900-1903; instructor at Wor-

### None Other Like It!

A Syrup of Rare Flavor for Every Use

Everybody likes sweets. And everybody likes Domino Golden Syrup. It is a pure cane product of delightful flavor—and very wholesome.

A full-bodied syrup—neither too heavy nor too light—neither too thick nor too thin. Just right for a fine spread on bread, cakes, waffles and biscuits.

Different from any other syrup. You never tire of the delicate cane taste. You can eat Domino Golden Syrup every meal of every day, winter and summer.

Of a rich golden amber color. Children love it—and grown-ups delight in it. Ask your grocer for Domino Golden Syrup. It is made by the American Sugar Refining Company, refiners of Domino Package Sugars—Granulated, Tablet, Powdered, Confectioners, Brown—Adv.

"It is the news, the truth and it to print." This is the standard The Sun follows in printing city, state and national news.

chester academy 1903-1905; assistant to Peary on successful trip to the North Pole in 1908-1909; crossed Labrador in 1910; cruised Labrador coast in canoe for ethnological study of Eskimos and Indians in 1911; cruised from Boston to Hebron, North Labrador, in 25-foot

power boat in 1912. In command of Crocker land expedition to the Polar regions in 1913-1917. He has covered 10,000 miles with dog team in company with the Polar Eskimos. Has made extensive study of the Smith Sound tribe and especially of the bird and

animal life of the far north. Is a fellow of both the Royal Geographical and the American Geographical societies. Has honorary degree of A. M. and Sc. D. from Bowdoin college. Is to be in command of the Bowdoin-Baffin land expedition of 1920-21.

## HEAD OF SWIFT & CO. MAKES DENIAL

CHICAGO, Oct. 17.—Louis F. Swift, president of Swift & Co., yesterday issued a statement denying the charges that the five big packers by enlarging the scope of their business threaten to control the wholesale grocery trade of the country which were contained in the latest report of the federal trade commission, made public yesterday.

Mr. Swift's statement reads in part: "The packing industry is again put in a wrong light by the latest installment of the series of attempts on the part of the federal trade commission to scare the American people into the belief that the large packers are getting control of the food supply of the country."

"In the first place the packers do not control anything. Swift & Co. is in active competition with all other packers in the purchase and sale of every product bought and sold."

"The charge that the five packers have divided the field, each specializing on certain lines, is absurd. Swift & Co. handles only such products as logically result from being in the packing business and such other products as can be handled efficiently through its sales organization and refrigerating equipment. The net result is the lowering of selling costs, more direct marketing from producer

and a better service to the public. This statement we stand ready to prove to any impartial tribunal. "There is no ground for the claim that the large packers bid fair to dominate the wholesale grocery trade. Swift & Co.'s sales of grocery products amount to only a little over 1 per cent of the total wholesale grocery business. The five large packers together handle not to exceed 3 per cent. "The trade commission's figures showing the percentage of poultry butter and eggs handled by the large packers are greatly exaggerated. "We have issued figures based on department of agriculture reports showing that Swift & Co. handles only about 6 per cent of the total quantity of these products sold in the United States."

"There is no combination or agreement with other packers in the handling of these products or to divide territory in their purchase or sale."

"I believe that the public is beginning to learn that it cannot rely on the prejudiced and sensational charges made by the federal trade commission and that this commission is doing the country a positive injury by stirring up discontent and misunderstanding."

### REUNION OF NOTRE DAME ALUMNAE

Members of the Notre Dame Alumnae association are looking forward to the annual reunion of the organization which is to be held in this city tomorrow. The session will last practically all day and will be held at Notre Dame academy in Adams street.

## Buy Millinery at Wholesale Prices and Save 1/3

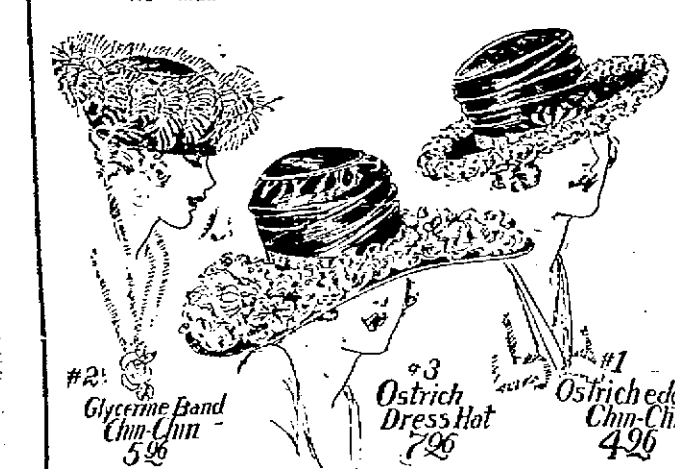

Our plan of selling direct to you eliminates big retail profits and assures you of widest possible variety of styles. Remember that while lavish retail store fixtures add nothing to the quality of your hat—they do add considerably to the price. That's why this upstairs salesroom with its simple and inexpensive fixtures CAN and DOES undersell street floor retail stores.

**REMEMBER—“Before You Buy Your Shoes This Week See What BOULGER Offers”**

About 200 women from all parts of Massachusetts as well as New Hampshire and New York are expected to attend.

The reunion will open with mass celebrated at 10 o'clock in the academy chapel and at 12.30 the annual banquet will be held. The afternoon will be given over to an entertainment by talented members of the association. The affair will be in charge of the officers of the organization.

### SUN BRIEVITIES

Best printing, Tobin's, Associate bids Lydon for best catering. Tel. 4934.

Fire and Liability Insurance, Daniel J. O'Brien, Wyman's Exchange.

Hutchins' Rubber Store, 214 Merrimack street. Raincoats "Everything in rubber."

John F. Leavitt, candidate for representative at the recent state primaries, has filed his expense account at the city clerk's office. Mr. Leavitt spent \$48.65.

Twenty-one applicants for chauffeurs' licenses were examined at city hall today by Inspectors Habbell and Hardy of the state highway commission.

Battery F Auxiliary met last evening to make arrangements for a reception and supper to the boys of the battery. The date of the affair has not yet been definitely determined.

James J. Weaver of 203 Fayette st. was accepted at the local army recruiting station this morning for one year's service with the Coast Artillery corps. Weaver saw service overseas in the world war, being attached to Battery C of the 51st Coast Artillery corps.

H. Lawrence Coggins, of this city, has resumed his studies at Pratt Institute, Brooklyn, where he is a member of the sophomore class in the department of architectural designing. Mr. Coggins was president of his freshman class, a member of the glee club and played on the school baseball team.

John H. Hoar, formerly connected with the lands and buildings department of this city in the capacity of elevator inspector is now special representative for the E. J. Woodson company, with headquarters in Detroit. Mr. Hoar was in Lowell recently visiting relatives and friends here, and incidentally doing business along his special line.

Leo F. Morris, who has been serving in the navy for the past two and a half years with the rating of storekeeper, has been honorably discharged from the service and has returned to his home, 455 High street. Morris made 13 trips to France during the war and a number of others after the armistice was signed. He was formerly employed as a conductor by the local street railway company.

### NEWS OF THE DAY IN POLICE COURT

On the charge of stealing \$10 from Patrick Flaherty on Oct. 15, Clara McFarland was arraigned before Judge Enright in police court today. She pleaded not guilty and a continuance was granted until Wednesday.

The case of Elzear Letue, accused of operating an automobile so as to endanger the lives and safety of the public was placed on file.

A suspended sentence of five months in the house of correction was ordered in the case of Wilfred J. Grandmaison, found guilty of neglect of his duties. Weekly contributions of \$15 to the probation department was also included in the order.

For drunkenness, Hector Christian was given a suspended sentence of six months to the above mentioned

### SUPERIOR COURT CIVIL SESSION

At the opening of the civil session of the superior court this morning a

verdict in the sum of \$291.81 was rendered in the case of Arnold A. Byam et al., vs. Wilfred Lavigne, an action of contract by which the plaintiffs sought to recover the sum of \$287.50 which they claimed was due them by the defendant as a commission for the

alleged sale of the property at 423-425 Broadway. Qua, Howard & Rogers appeared for the plaintiffs and Trull, Wier and O'Donoghue for the defendant.

The next case to go to trial was an action of contract brought by Henry

W. O'Brien against Joseph Dunn, who is endeavoring to recover the sum of \$162.50 as a commission for the alleged sale of the property numbered 610 School street. John A. Crowley for the plaintiff and A. S. Goldman for the defendant.

## DICKERMAN & McQUADE

You're As Good As You Think You Are

Success often hinges on one's mental attitude towards the problem in hand. Confidence is a great leveler of obstacles.

## FOND WOMEN PLEA TO WED SOLDIER

LONDON, Oct.—The Uxbridge Board of Guardians has been appealed to by an ex-soldier, a widower with three children, who has advertised in vain for a nurse and housekeeper. "I have many replies," he said, "but all the women want to get married."

## LEGLESS ATHLETE SWIMMING STAR

BRIGHTON, Eng., Oct.—Corporal Pittendrigh is distinguished among the 500 war cripples in the Pavilion General Hospital by reason of the fact that he takes a daily swim, regardless of weather. Pittendrigh swims a quarter of a mile or more with ease.

## FIND SKELETON OF OLD WARRIOR

PATERSON, N. J., Oct.—Workmen tearing down an old barn near here unearthed the skeleton of a man, over six feet tall. The bones were found in a camp site of Washington's army and it is believed that they are those of a revolutionary soldier.

Picking wild flowers at Milford, Surrey, Miss Kate Chant, aged 45, had an epileptic fit, fell into a ditch face downwards and was drowned in two inches of water.

## Features of The Sunday Supplement Tomorrow

### Artistic Lamp Shades

Writer for The Sunday Supplement says that artistic lamp shades lend much decorative value to interiors and she tells how to make them at home. There is no one thing, she says, that gives a room a cosier, homier look than low lighting. Ceiling lights produce a glare that eliminates shadows. It is the dim corners of a room that are restful to the eye. Women readers cannot afford to miss this very interesting article on lighting and shades.

### Living in Houseboat

Crowded London drives member of parliament to houseboat. The river Thames his house address. But thousands are less fortunately housed. London is having its own troubles in the matter of overcrowding. Streets a-throng with picturesque soldiers of Australia, New Zealand, thousands of whom ought to be back home but won't be. Almshouse taking in boarders. Zoe Beckley writes interesting article for The Sun on conditions in Europe. Read it in The Sunday Supplement tomorrow.

### The Same in Detroit

Special writer for The Sun says "No Place to Live" is cry from thousands in Detroit. Lake boats to be used as family hotels, tied up to docks this winter. Industrial leaders have organized a clearing house for home builders and buyers. It is called the House Financing corporation. It will make no profits for itself but will stimulate home building to the utmost. Tent colonies in suburbs.

### When Love Directs

Love of Chinese Princess for fair-haired Yankee foreshadowed Manchuria. Thaddeus White, American, has Chinese wife. Theirs was an unusual romance. White has won wealth and a unique international position as America's adviser-in-chief on Oriental affairs. Mrs. White is prominent in the American Red Cross and also the Chinese Ladies' societies. Read this story of romance in The Sunday Supplement.

### New Era for Red Men

Bold Yakima Braves Start Saving Coin. Story by Betty Dishon, special writer for The Sun of the only bank in the world conducted by Indians—the American Commercial bank of Wapato, a little town in the heart of the Washington hills.

### Washington Letter

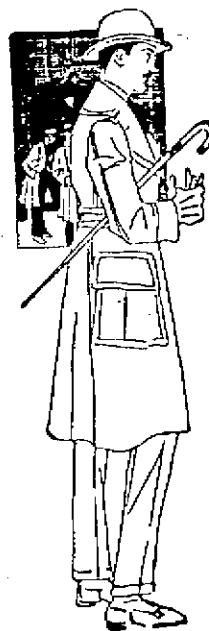

Richards this week deals exhaustively with the sugar situation and the steps to be taken to prevent a famine—also the plan of Senator Walsh to adopt a plan of compulsory education of foreigners coming here, allowing them five years in which to learn English.

### Quarter of a Century Ago

"Old Times" notes several wedding anniversaries of well known couples married 25 years ago—A celebration by Post 129, G.A.R.—Mill conditions and political contests.

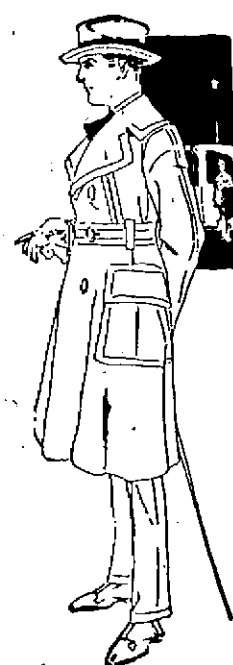

### Lady Lookabout

As usual this writer has several articles of interest to women dealing with conditions of the present day.

# The Finest to be Had SUITS —AND— OVERCOATS \$30 to \$60

Real worth and real value at each price.

## U. S. Troops Returning From Russia

VLADIVOSTOK, Wednesday, Oct. 8. (By the Associated Press.)—The American army transport Great Northern sailed from here October 7 with 100 officers and 1400 enlisted men, returning to the United States.

## Uses Common Yellow Mustard For Chest Colds and Sore Throat

Old Fashioned Simple Home Remedy Much Used by Doctors and Nurses for Inflammation, Congestion, Aches, Pains and Swellings

Mustard, real yellow mustard, the kind you use at home, is being used more than ever to banish distress and misery and free mankind from agony and suffering.

Not very long ago people used to make yellow mustard into a paste, spread it on a cloth and apply it to inflammation was present.

It surely did do the work it was expected to do, but it was messy and bothersome and often blistered the skin.

People still use yellow mustard when they get a cold in the chest or have pleurisy, lumbago or rheumatic pains and swellings.

But nowadays they buy this yellow mustard for use for something like 30 cents a box and find it much better, cheaper and cleaner than mustard plasters.

This yellow mustard preparation,

which is known to millions as Beggs' Mustardine, is sold at drug stores all over America and one box will do the work of 50 mustard plasters and it cannot blister the tenderest skin.

Beggs' Mustardine is the original mustard preparation used to take the place of blistering mustard plasters and is known among druggists as the quickest painkiller on earth.

It will pay you to keep a box of Beggs' Mustardine in the house, for it is good for so many ailments that you will need it often.

Just rub it on, that's all you have to do and headache, backache, earache and toothache will disappear almost instantly.

Don't fail to use it for neuritis, neuralgia, sciatica, lumbago, gout and rheumatism.

You may quickly find that there is nothing so good for sprains and strains, sore muscles, stiff neck and cramps in leg.

Heat eases pain and Beggs' Mustardine made of real yellow mustard contains more concentrated, non-blistering heat than can be found in any box the same size.

Just try a 30-cent box—you'll praise every day. Always in the yellow box.

## ENGLAND AIDS HOUSE OWNERS

LONDON, Oct.—Under the housing act, money is being loaned to the owners of buildings who are willing to convert them into flats for workers. The loan must not exceed half the value of the property.

Though England is a heavy importer of wool, but half the world's wool production is grown in the British empire.

## "OH, HOW I HATE TO GET UP IN THE MORNING"

If John R. Power of 418 Merrimack St., Lowell, Mass., the well known loom fixer, did much singing, he would probably have specialized in that song, "Oh, how I hate to get up in the morning." He said: "I couldn't sleep when I'd sleep it didn't seem to do me any good. I could hardly get out of bed; I felt like lying there all the time." Also had rheumatism that made my legs and shoulders sore and cramped. At times I could

## LUCKY DIAMONDS FROM VOLCANOES

HONOLULU.—There is an unprecedented demand for "olivines," the diamond-like crystals found in lava from Mt. Pele. These stones are called "Hawaiian Diamonds" and are of various colors—brown, yellow, scarlet—as well as white. Wearing of them is said to insure luck.

Bremen unemployed struck as a protest against reporting twice daily to the police.

hardly get out of my chair but since taking GOLDINE, that trouble is all gone. I sleep better and feel rested when I wake up. I eat good now and feel fine. I used to get home from work so tired I would go right to bed but now I go out to a show in the evening. GOLDINE is good medicine."

Ask John Brady what he thinks of GOLDINE for stomach and nerve trouble. Remember, GOLDINE is sold in Lowell by Carter & Sherburne, F. H. Butler & Co., W. P. Calise, Jr., Fred Howard, Wm. H. Kiernan, Frank E. McNabb, Wm. H. Noonan, R. F. Webster, Frye & Crawford Co. It is also sold by Roland G. Wright in Billerica, John S. Wentwood in Chelmsford, Conant & Co. in Littleton, Edward A. Woodside in Wilmington and dealers in Ayer, Westford, Dracut, Tewksbury and other towns. If your dealer does not carry GOLDINE in stock, have him secure it through the Lawrence Drug Co.—Adv.

## CONTROL DENTAL GOODS BLAMES UNITED STATES

Charge That Nation-Wide Plot Exists Among Manufacturers and Dealers

WASHINGTON, Oct. 17.—Charging that a nation-wide conspiracy exists among manufacturers and dealers in dental goods, which has destroyed competition, the federal trade commission has issued a formal complaint against the American Dental Trade Association of Boston, the Dental Manufacturers' club of New York city and the Retail Dental Dealers' association of Providence, R. I. Officers and members of the three organizations are required to file answers to the complaint before Nov. 21.

Individuals, partnerships and corporations which have endeavored to compete either with manufacturers or retailers belonging to the organizations have been driven out of business, the complaint asserts, or have been unable to enter the business because they could not secure admission to the organizations.

## MISS TRACY WILL SING HERE SUNDAY

Miss Tracy will be heard at the "League of Catholic Women" on Sunday afternoon, October 19th. She will sing a group of charming folk songs and will also read a short paper on the "Art of Singing from a Logical Point of View." She has studied in Florence, Italy and is one of Boston's well known sopranos. This is what some of the Boston papers have said about her:

"The beauty of Miss Tracy's voice was revealed by her wide range of program. Her offerings included Mozart, Schumann, Brahms; also Salter, Campa and Taubert. The singer amply proved her ability to give artistic interpretation to the excerpts of each."

"At the meeting of the Players' League club the beautiful voice and the highly artistic singing of Miss Tracy was commented on enthusiastically."

White stockings with birds embroidered in colored silk are a London fad.

Responsible For Delay in Peace With Turkey, Says Lloyd George

LONDON, Oct. 17.—In his speech at Sheffield last night, Prime Minister Lloyd George attributed the delay in the conclusion of the peace treaty with Turkey to the uncertainty as to the attitude of the United States. It was impossible, he said, to settle the destiny of Turkey before knowing whether the United States was going to share the burdens of civilization outside of the United States.

During his references to Turkey, Mr. Lloyd George turned to American Ambassador Davis, who was present and said: "I am glad that you are brought face to face with the American ambassador. We are undertaking a great civilizing duty at great cost to our country. Providence has sent this mission to our race. We beg our kith and kin in America to join us in this task. Unless they do so, I do not know what will happen to parts of the Turkish empire."

The prime minister in a further reference to Turkey said: "The people of Turkey have been living in the shadow of a great tyranny for centuries. They are appealing to America for help. I hope that the appeal will not be in vain. Such a remark might sound impertinent from a British minister, but we are undertaking similar responsibilities ourselves and find that we are coming to the limit of our strength and that it is unwise for us to go farther."

**DISTRIBUTION OF SUGAR**  
BOSTON, Oct. 17.—Distribution of sugar throughout the country under a zone system is to be put into effect shortly, said George John H. Sherburne, chairman of the state commission on the necessities of life said today.

New England in common with points east of Buffalo and Pittsburgh will receive sugar from Cuba, while other parts of the country will be served with Louisiana products and that of sections manufacturing beet sugar.

## To Prevent Profiteering

AUGUSTA, Me., Oct. 17.—A drastic measure, prepared by Attorney General Guy H. Sturgis and intended to prevent profiteering in the necessities of life and rents and hoarding, will be presented at the special session of the legislature next month. It was made public today.

The act will not apply to farmers, gardeners, dairymen or other agriculturalists with respect to their products.

The penalty fixed for profiteering and hoarding is a fine not exceeding \$1000 or imprisonment for not more than three years, or both. For rent profiteering, the penalty is the same, except the period of imprisonment is limited to one year.

**Why we can give you such Quality**

**\$3.95 to \$7.85**

BECAUSE the middlemen's profits are eliminated—because we sell to the public direct through our own 298 stores in the U. S.—and because our output is so enormous (over four million pairs a year) that they can be produced at much lower cost. That's why they cost YOU \$1 to \$4 per pair LESS.

**Newark SHOE for Women**

They are perfect in modeling distinctive in style, elegant in finish and faultless down to the smallest detail. They give wonderful service, every comfort—and save you \$1 to \$4. Why pay exorbitant prices any longer?

**This is No. 2139—A Stunning Style**

## WEDDING ANNOUNCEMENT

Invitation cards have been received in this city for the wedding of Miss Regina M. Berger, formerly of this city and now of Manchester, N. H., to Mr. Louis Ritchie, a prominent young resident of the Queen City, the ceremony to be performed at a nuptial mass at St. Joseph's rectory, this city on the morning of Oct. 21. Miss Berger is well and favorably known in this city. She is a registered nurse, being a graduate of the State Infirmary in Tewksbury. When the world war broke out the young woman, who at that time was doing district nurse work in Manchester, enrolled in the American Red Cross and saw service across. She returned two or three months ago at which time she resumed her work in the New Hampshire city.

## PLETHORA OF RAIN SCARCITY OF CARS

Not for some time has rain fallen with such rapidity and force as it did at various moments last night during a series of drenching showers which passed over the city. Although lightning played across the sky during the heaviest shower and at times was most brilliant and dazzling, it was a good distance off.

Despite the fact that showers were forecasted for the evening, many persons went out of doors without proper wraps or umbrellas and suffered a disagreeable soaking as a consequence.

Along about 10 o'clock something seemed to go wrong with the street car service—and the square was filled with homebound theatregoers and, although the rain was not falling quite so hard at that time, it was discomforting, nevertheless. No Westford street car came through the terminal station between 10:15 and 10:42, and when one finally did come it was packed to more than capacity before it reached Central street. Persons who attempted the impossible near the postoffice (to board the car) were greeted with the cheering news, "Another car right behind."

A Nutritious Diet for All Ages Quick Lunch at Home or Office Avoid Imitations and Substitutes

## CHANGES IN DIPLOMATIC AND CONSULAR SERVICE

NEW YORK, Oct. 17.—Sweeping changes in the diplomatic and consular services of the United States were suggested in resolutions adopted here today at the annual convention of the American Manufacturers' Export Association. The principal resolutions called for placing the entire diplomatic and consular systems, with the exception of ambassadors and ministers under proper civil service regulations; substantially increasing salaries; abundantly providing for living expenses and purchasing and maintaining "appropriate official residences."

William G. Sharp, former ambassador to France, suggested that salaries of America's foreign representatives should be doubled.

**UNITARIAN CONFERENCE**  
BALTIMORE, Oct. 17.—Reports of committees consumed the greater part of the final meeting of the Unitarian general conference here today.

The Rev. Houghton Fago of Hingham, Mass., national president of the Young People's Religious union, delivered an address on "Specifying the Faith."

## Held For Murder at Lincoln, N. H.

LINCOLN, N. H., Oct. 17.—Lormie Russell of Mountain Mills, Vt., a laborer at a construction camp here, was arrested today in connection with the killing last week of William ("Jack") O'Brien, a fellow worker. The arrest, according to Chief of Police Carey, was made when Russell confessed that he shot O'Brien after an argument, and took his watch to conceal the motive. O'Brien's home is believed to have been in Boston.

**CHILD'S SLAYER HANGED**  
CHICAGO, Oct. 17.—Thomas Fitzgerald, who on July 22 murdered Janet Wilkinson, aged 6, was hanged today.

He said he killed her because she screamed when he took her into his room to give her candy.

## Sugar Rationing For New York

NEW YORK, Oct. 17.—Arthur Williams, federal food administrator for New York, today was perfecting plans to place the city on a sugar rationing basis similar to that in force during the war.

Sales of sugar will be limited to one pound per customer. Many restaurants already have put into effect the sugar envelopes employed during the war.

Four New York refineries already have been compelled to close because of inability to get raw sugar. Mr. Williams has been informed, and others will be obliged to close unless the shipping situation is quickly restored to normal. Although the longshoremen's strike has been called off by a majority of the local unions, the return of workmen to the piers is reported to be slow. Several cases of disorder have been reported in Brooklyn, where alleged I.W.W. agents attempted to prevent strikers from returning to work.

## U-Boats' Huge British Toll Announced

LONDON, Oct. 17.—British merchant vessels lost through enemy action during the war totalled 7,759,090 gross tons, it was officially announced yesterday. Submarine action was responsible for the loss of 6,635,059 tons of this total.

The loss of 14,287 lives was involved in these sinkings, the official report added.

## Conflicting Claims on Steel Strike

PITTSBURGH, Oct. 17.—Conflicting claims by employers and union leaders involved in the strike of steel workers in the Pittsburgh district, were made today. The companies' statements expressed optimism and a representative of the Carnegie Steel Co. said that concern had 90 per cent as many blast furnaces in operation today as were working when the strike began.

Union leaders were emphatic in their declarations that the strikers were not losing ground. They said new recruits were joining the ranks of the strikers each day and added that they were well pleased with present conditions. According to union representatives, many of the mills which employers have claimed were operating, are "down tight" and the forces of workmen on hand were declared to be entirely inadequate to run the plants.

## Caillaux in High Court October 25

PARIS, Thursday, Oct. 16.—Joseph Caillaux, former premier of France, who is under arrest charged with intriguing to bring about a premature and dishonorable peace with Germany, will appear before the high court of the senate on October 25, at which time the accusation against him will be read and the date of his trial determined.

M. Moro-Giafferi, his attorney, will ask that M. Caillaux be admitted to bail in order that he may be a candidate in the Constituency of Sarthe, where he has been chosen as a nominee by the radical party, in the event the high court agrees to a postponement of the trial and will permit M. Caillaux to go before the voters.

## Big Liquor Plant Raided

MOBILE, Ala., Oct. 17.—One of the largest plants for the illegal production of liquors yet discovered, was raided yesterday by deputy sheriffs who destroyed 1500 gallons of beer and 200 gallons of corn whiskey and seized two stills, each of 120 gallon capacity. Two arrests were made. The stills had been in operation for some time. The location was about 14 miles from Mobile.

## \$50,000 Fire Loss in Woburn

BOSTON, Oct. 17.—The patent leather factory of James Robertson & Son, on Eastern avenue, Woburn, was totally destroyed in the general alarm fire shortly before 11 o'clock last night, which for a time threatened to wipe out the entire manufacturing district of the town, and it was only through the combined efforts of the Woburn and Winchester departments that the flames were prevented from spreading. Lightning is believed to have caused the blaze. The loss is estimated at \$50,000.

## NO U.S. REPRESENTATIVE

On Co-ordination Commis-  
sion Until She Ratifies  
the Treaty

PARIS, Thursday, Oct. 16. (By the  
Associated Press).—Immediately after  
formal ratification of the treaty of  
peace with Germany, the supreme coun-  
cil of the peace conference will proba-  
bly name a co-ordination commission,  
the duties of which will be to decide  
what bodies shall have jurisdiction  
over matters not definitely assigned  
by the treaty. This commission will  
in a way, carry on part of the work  
which has been performed by the su-  
preme council which is expected to  
close within six weeks.

Manifestly the United States cannot  
be represented on this co-ordination  
committee until she ratifies the  
treaty. General regret is apparent over  
the impossibility to start all the com-  
missions created under the treaty with  
a full membership from the great pow-

ers, as it would be much simpler if  
all the permanent members of the var-  
ious commissions could begin work  
simultaneously. In the Rhineland, the  
Belgian, French and British members  
of the inter-allied commission of which  
an American will be the fourth mem-  
ber, will probably be empowered by  
their governments to proceed with civ-  
il administration in spite of the fact  
that the Rhineland convention requires  
American co-operation. In American-  
occupied territory, military control will  
be continued by common consent until  
the United States senate ratifies the  
treaty and makes the establishment of  
civil government possible.

The co-ordination commission will  
have lesser powers than those held by  
the supreme council. Its members will  
not be plenipotentiaries, but will be  
required to refer important matters  
to their various foreign offices for  
decision. This commission will deal  
only with matters relating to the Ger-  
man treaty and will not indulge in the  
general discussion of Russian, Turk-  
ish or other international problems.  
The creation of the co-ordination com-  
mission will end the "international for-  
eign office" as the supreme council  
has been termed. The various foreign  
offices will function as usual.

The work of the American delega-

tion will be largely advisory, but there  
is a general disposition to consult Am-  
erican representatives on all impor-  
tant matters relative to the execution  
of the treaty terms.

## SOCIAL AND FRATERNAL

A splendid supper, inspection of past  
work by Inspector Nina P. Lovejoy and  
the perfecting of arrangements for ob-  
serving its anniversary at the next  
meeting were the features of the regu-  
lar meeting of James A. Garfield Re-  
lief corps, 33, held last evening with  
President Mrs. Almina Kilpatrick in  
the chair. Plans were also made to  
hold a supper and apron sale Nov. 1.  
It was announced that Mrs. Ingless will  
be the next matron.

Elgin Lodge, 166, N.E.O.P.

Elgin lodge, 166, N.E.O.P., held its  
regular meeting last evening in Ver-  
itas hall with a good attendance. Fol-  
lowing the transaction of considerable  
routine business, W. L. Curtis of  
Equity lodge, Lawrence, supervisor for  
this district, made an official visit and  
spoke on the general condition of the  
order in an optimistic vein. The speak-  
er's remarks were enthusiastically re-  
ceived.

## MATRIMONIAL

Mr. Peter Eugene Toohy and Miss  
Mary Alice Sullivan were married  
Wednesday, the ceremony being per-  
formed at St. Patrick's rectory by Rev.  
Joseph A. Curtin. The bride wore  
white satin and georgette crepe; a  
veil caught up with orange blossoms  
and carried a shower bouquet of bridal  
roses. She was attended by her cousin,  
Miss Esther May Osland, who was at-  
tired in pink georgette crepe trimmed  
with tulle and carried pink. The  
best man was a brother of the bride-  
groom, Mr. John Joseph Toohy. At  
the close of the ceremony a reception  
was held at the home of the bride and  
attending the festivities from out of  
town were Mr. and Mrs. Charles Greg-  
oire of New Hampshire. Mr. and Mrs.  
Toohy, who received numerous wed-  
ding gifts left on a wedding trip to  
New York and New Hampshire and  
upon their return they will make their  
home in this city.

The fourth of March was chosen  
for presidential inauguration because  
calculation with the calendar showed  
it would not fall on Sunday in its  
quadrennial recurrence for hundreds of  
years.

## WILL VISIT ANDOVER

Members of Clan Grant and its La-  
dies' Auxiliary will visit Andover this  
evening and plans have been perfected  
for an enjoyable time. Two covered  
auto vans will bring the members to  
their destination, one leaving West-  
ford and Chelmsford streets at 6.30,  
and the other, Paige street, at 6.45.

## Catarrrh Vanishes

Here is One Treatment That All  
Sufferers Can Rely Upon

If you want to drive catarrrh and all  
its disgusting symptoms from your sys-  
tem in the shortest possible time, go  
to your druggist and ask for a Hyonol  
outfit today.

Breathe the air of Hyonol and let it  
rid you of catarrrh and chronic head  
colds; it gives such quick relief that all  
who use it for the first time are aston-  
ished.  
Hyonol is a pure, pleasant antiseptic,  
which is breathed through the nose  
and throat deep into the head and  
lungs; it soothes the sore, inflamed  
membranes, reduces swelling and  
quickly heals all inflammation.  
Don't suffer another day with cat-  
arrh; the disease is dangerous and  
often ends in consumption. Start the  
Hyonol treatment today. No stomach  
dosing, no sprays, no douches, no dan-  
gerous drugs or narcotics. Absolutely  
harmless. Just breathe it—that's all.  
At leading druggists everywhere—Adv.

## ASKS RATIFICATION OF THE LEAGUE

BELLOWS FALLS, Vt., Oct. 17.—The second session of the annual convention of the Vermont State Sunday School association opened yesterday morning. Addresses were given by Rev. John C. Prince of Bellows Falls and Rev. Arthur W. Bailey of Boston.

The following officers were elected: President, W. B. Glynn, Saxtons River; vice president, Prof. H. F. Perkins, Burlington; recording secretary, A. M. Aseltine, Burlington; treasurer, W. H. Wood, Burlington; auditor, Prof. E. G. Evans, Burlington; member of international executive committee, W. B. Glynn, Saxtons River; members of board of managers for one year, C. T. S. Pierce, Vergennes, Rev. C. C. Merrill, Burlington; for two years, Dr. William Shaw, St. Albans, Prof. Raymond McFarland, Middlebury; for three years, Lieut. Gov. Mason S. Stone, Montpelier, Dean H. R. Roberts, Northfield.

The following resolution was adopted:

"The Vermont Sunday School association meeting in unusual numbers in annual convention at Bellows Falls desires to put itself emphatically on record as in favor of immediate ratification by the United States senate of the League of Nations covenant without amendments or reservations that will require a reassembling of the peace conference."

The secretary was instructed to send a copy of the resolution to Senators Dillingham and Page.

The addresses of the evening were given by Rev. W. C. Toward of Bennington and Rev. Milton S. Littlefield of New York city.

## ATTEMPT TO REVIVE THE OLD NIGHT LIFE OF PARIS

PARIS, Wednesday, Oct. 15.—(By the Associated Press)—The first attempt to revive the old night life of Paris is generally regarded here as a distinct failure. A few late suppers were served last night in Montmartre establishments between midnight and 1 o'clock in the morning but there was scarcely enough patronage to pay for the trouble. Business was also light in boulevard establishments, which during the war closed at an early hour.

In the Latin quarter alone there was some show of resurrecting old conditions. Students celebrated the first night under peace time regulations but had only reluctant service from waiters, who have generally been thoroughly won over to the idea of early closing. Outside the Latin quarter and off the boulevards, all establishments were deserted shortly after 11 o'clock. Some remained open, as a sort of formal inauguration of the new regime, until midnight, but closed then to save needless waste of electricity. It is the opinion of residents here that night resorts in future must look to the foreigner for patronage.

BOYS PIN HOPES  
ON "PIGS IS PIGS"

NICETOWN, Pa.—Inspired by Ellis Parker Butler's "Pigs Is Pigs," a boys' club has started with a dozen guinea pigs and hopes, by selling their offspring to laboratories, to help raise \$50,000 for a swimming pool in North Philadelphia. Five to eight babies every eight weeks is the regular schedule of a mother guinea pig.

## JEWEL THRONE

WILL BE SOLD

CONSTANTINOPLE.—The Turkish government proposes to sell the famous peacock throne, brought from India to Persia after the loot of Delhi and afterward captured by the Turks. Few occidentals have seen the throne which was described by a Frenchman who beheld it at Delhi in 1666 as a massive couch of gold, with lofty pillars and canopy, the whole encrusted with gems, among them hundreds of magnificent pearls.

## Agony of Asthma

New Prescription Gives Instant Relief. Makes Breathing Easy.

Thousands of people suffer from Bronchitis or Bronchial Asthma who, having tried advertised remedies, inhalers, patent smokes, douches, doctors, changes in climates, etc., without permanent benefit believe nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass., physician to find a simple, harmless treatment that gave almost immediate relief in even the most stubborn advanced cases and great numbers of former Asthmatics have now used this treatment with wonderful success.

The doctor's prescription is called Oxidaze and can be obtained from Lowell Pharmacy and leading druggists everywhere, who sell it on a guarantee of money back on the first package if in many cases it fails to give prompt relief.

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take a dose of Oxidaze when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Oxidaze is a safe treatment, easy and pleasant to take and contains no harmful, habit forming drugs.—Adv.

## LEGION ENDS CONVENTION

Mass. Branch Bars Political Partisanship—Favors Deportation of Alien Slackers

Lowell Man Named Delegate to National Convention—Other Officers Elected

WORCESTER, Oct. 17.—The first annual convention of the Massachusetts State Branch of the American Legion adjourned last night at 10 o'clock, after having been in session two days.

The next state convention of the Legion will be held in Springfield in 1920. New Bedford, the only other real competitor, withdrew its claims and nobody pressed Gloucester's invitation to go there next year.

Yesterday was election day with the Legion. The morning session began at 9 o'clock. Col. Edward L. Logan was chosen commander after a spirited contest and Louis A. Frothingham was elected first vice commander.

### Cavanaugh Withdraws

Maj. Frank W. Cavanaugh of Worcester withdrew his name from the contest for commander just before the start of the balloting, leaving but two competitors in the field against the old 101st Hub commander, Henry D. Wilson of Somerville, and Frank S. Paton of Dorchester.

The vote for commander was: Logan, 531; Wilson, 130; Paton, 23. Wilson and Paton joined in making the election of Logan unanimous.

Col. Logan got a great hand when he ascended the platform and the presiding officer, Louis A. Frothingham, surrendered him the gavel. He thanked the delegates for the honor conferred upon him and promised to devote himself to the welfare of the legion.

### The Officers

The complete list of officers follows:

Commander, Col. Edward L. Logan, South Boston.

First vice commander, Major Louis A. Frothingham, Easton.

Second vice commander, Maj. A. Piott Andrews, Gloucester.

Third vice commander, Francis P. Madden, Revere.

Adjutant, Leo A. Spillane, Chelsea.

Finance officer, Col. Frank S. Perkins, Salem.

Chaplain, Michael J. O'Connor, Cambridge.

Historian, Clem Putnam, Wellesley.

Members national executive committee, Col. John F. J. Herbert of Worcester, Gen. E. Leroy Sweetser of Everett.

The attempt on the part of the Chelsea post to reconsider the Lavelle rule, which shut out all subjects not of vital importance to the members, failed, the convention adhering to its stand not to throw the convention wide open as a free-for-all debating forum.

Delegate Connelly of Lynn started a long and heated discussion by advocating that the legion pay the expenses of the delegates to the national convention. Mr. Connelly contended that many worthy men who would like to go and would be worthy representatives of the legion, couldn't go because they could not afford the great expense.

Objection was made on the ground that such an undertaking would involve an expense of from \$25,000 to \$30,000. It was stated by George Cutler, the treasurer, that the Legion had only \$928.57 in the bank. Finally, by motion of Thomas D. Lavelle, the matter was referred to a committee, and "Sailor" Ryan reported late in the evening that the committee felt that it was not deemed advisable to finance and pay the expenses of the delegates, but that in cases where delegates could not afford the expense of the trip the posts would aid them.

### Recommendation Submitted

The committee on resolutions, through its chairman, Gen. John H. Sherburne, reported the following recommendations:

"We, the Massachusetts representatives of the American Legion, in convention assembled, do hereby reaffirm the high ideals and principles for which this organization now stands, and in addition do make the following recommendations:

"We believe that the American Legion should forever be free from partisan politics and to that end be it resolved, that no candidate for or incumbent of a salaried elective public office shall hold any office in the American Legion or in any branch or post thereof.

"Upon the question of suitable hon-

LOWELL, MASS.

or to our dead we feel that the selection of May 30 as Memorial day has proven satisfactory since its adoption, and it is fitting and proper that the graves of deceased members of the American Legion be especially marked that their memory may be perpetuated.

"Resolved, That the Massachusetts delegates to the national convention of the American Legion favor the selection of May 30 as the Memorial day of the American Legion and the adoption of a standard marker for the graves of their deceased comrades.

"We favor the deportation of aliens convicted under the espionage act and those who used improperly their status as aliens to evade military service, and we recommend that congress enact appropriate legislation to this end.

"We favor the correction by appropriate legislation amending the war risk insurance act in order to remedy its present obvious limitations.

"Where injustice has been done, we recommend legislation by congress to enable dishonorably discharged service men to obtain an impartial review of the courts-martial and their findings and sentence.

Vocational Board Criticized

"The United States Government has pledged itself to the care and vocational rehabilitation of all men disabled in line of duty in the late war. It is the duty and responsibility of the legion to see that these men have

prompt and efficient service from the Government.

"There is a general well justified dissatisfaction with the administration of the Federal Board for Vocational Education, and many instances have shown its inefficiency or unwillingness to carry out the purposes for which it was created; be it

Resolved, That the secretary at once communicate with our Representatives and Senators, and urge that immediate steps be taken to remedy the deplorable situation which now exists.

"Resolved, That our National officials be instructed to take such further action as they may consider best adapted to bring about a prompt and radical improvement in present conditions.

"Upon the question of further consideration by the National Government

to discharged soldiers:

"It is the sense of this convention that provision should be made so that those who served in the military or naval forces of the United States during the late war shall not undergo privations, or suffer because of the loss of opportunities that were so profitable to those in civil life who were able to take advantage of them, and should be given some additional compensation on length of service. But inasmuch as this matter affects in a personal financial manner each individual member of the American Legion; be it

"Resolved, That this entire question is one which the American Legion cannot, with wisdom or propriety, discuss, but which it entrusts with confidence to Congress.

Military House Cleaning

"We have had a bitter experience in

the cost of unpreparedness for National defense, and of the lack of proper training on the part of officers and men and we realize the necessity of an immediate revision of our military system and a thorough housecleaning in our entire professional military establishment.

"We therefore favor National military system based on universal military obligation, to include a relatively small Regular Army and a citizen army capable of rapid expansion sufficient to meet any National emergency on a plan which will provide competent and progressive training for all officers, both of the Regular Army and of the citizen forces. But it is the sense of this convention that such military system be subject to civil authority. Any legislation towards an enlarged and stronger military caste we unqualifiedly condemn.

"The delegates to the National convention are instructed to urge legislation in accordance with the spirit of this resolution.

"We recommend that the Massachusetts Branch of the American Legion

## MONUMENTS

We are accumulating some monuments in this country—that is, places that were the scenes of our history making. And with time we will accumulate more of them, and there should be some system for preserving them—future generations will remember us more kindly.

France has what is called the commission of national historic monuments. Its function is entirely sentimental rather than material. It restores and preserves all buildings that have had to do with the history of France. For instance, no private purchaser of a chateau can make changes or build additions to it without first submitting plans to this body for approval.

This French commission is made up for the most part of architects who have made a special study of periods or historic styles of architecture. We are about ready for such a commission in this country. Some of the best of our historic monuments have only been preserved through the patriotic efforts of individual citizens.

Some of the best examples of our splendid colonial architecture, even public structures, have been ruined by ill-advised changes and additions. The home and tomb of George Washington was only saved by the efforts of one woman, Miss Ann Pamela Cunningham of South Carolina. For 50 years after the death of General Washington the property was owned and occupied by John A. Washington, a nephew of the father of our country. The land grew poor and keeping up the house and grounds became a profitless responsibility. The house became unsafe. John Washington offered the property to the government and then to the state of Virginia, but both offers were declined.

Miss Cunningham organized the Mt. Vernon Ladies' Association of the Union that paid \$200,000 for the house and grounds in 1859 and a large additional sum was expended in restoration. This organization now holds title to the buildings and 200,000 acres of land around them, and it is made up of a representative woman from each state in the union.

An average of 13,000 persons visit Mt. Vernon per month. An admission fee of 25 cents, together with the income from endowment funds, not only pays for the upkeep, but many items of the original furnishings have been reassembled. The restoration of the mansion indicates a close and intelligent study of the manner of building and landscape gardening of its time—even to the care and way of trimming of the original box hedges of which Washington speaks with such pride in some of his correspondence.

Great precaution is taken against fire at Mt. Vernon, and a full set of drawings of all buildings has been made so that they can be replaced in exact duplicate if destroyed from any cause. A national commission of historic monuments, if one is ever established in this country, can well take pattern from the organization that has extended Mt. Vernon into all time.—N. E. A.

## TUBERCULOSIS

Much good may come from the New England Tuberculosis Conference now in session in Providence, R. I. It was supposed that the army physicians during the war would have accomplished something towards finding more definite information relative to the tubercle bacillus.

Perhaps it was unreasonable to suppose that the army doctors in the rush of business could give much time to the research necessary to stamp out the germ of tuberculosis or to bring the disease under control like smallpox and yellow fever.

The war is over and apparently instead of there being fewer cases of this disease there are actually more than there were before. Therefore, the fight must be kept up. Research work by medical institutes and colleges must be maintained and every possible means adopted to overcome the ravages of this disease.

Education of the people in how they may resist the disease germ will do much; and health departments can accomplish a great deal by insisting upon proper sanitation, light and air in the dwellings and by impressing upon the people the necessity of fresh air, nourishing food, sound sleep and the proper

periods of rest with an absence of mental worry. Anything that increases the power of resistance in the body, helps in the fight against tuberculosis.

Cities are required to maintain hospitals for the care of tuberculosis patients; and the removal of all such from the family circle would help in checking the spread of the disease.

Experts assert that the two chief sources of the bacillus and those by which the disease is most commonly spread are the human sputum and the milk of cows suffering from the disease. Boards of health, it seems, should be able to do much in suppressing both these sources of infection.

## SAFETY FIRST CAMPAIGN

The United States railroad administration has announced a nation-wide accident prevention drive on steam railroads from Oct. 18 to 31, during which period each railroad system is expected to conduct a special safety first campaign, not only for the prevention of accidents during that period, but for the education of the employees and the public in the various methods of preventing or avoiding accidents.

The first point to which the safety first men might direct their efforts would be to offer greater protection to brakemen on freight cars against the danger of overhead bridges, not only on main lines, but particularly in entering freight yards and premises of large corporations. We have had accidents of this nature here in Lowell and in neighboring towns, showing the result of carelessness on the part of the railroad companies and corporations in leaving the brakemen exposed to dangers of which they were not notified.

Many accidents also occur in the shifting of cars which in congested districts is conducted under great difficulties. Statistics show that a considerable number of persons are injured while in the act of stealing rides on freight cars. "Jumping freights" is the usual expression by which this mode of travel is known to railroad men and others. There is hardly a city in the country in which the victims of this foolish practice are not to be seen around the streets on crutches, many of them having lost limbs in addition to other injuries, while the victims who were killed were quietly buried and soon forgotten.

Another great cause of railroad accidents is the habit in which many people indulge of walking on the tracks. Often when they least expect it, they are confronted with a train approaching at rapid speed leaving them but little time to escape. When caught on a bridge they may have no opportunity of escape and in other cases they step from the path of a train approaching only to be killed by another train coming in the opposite direction.

In recent years by far the greater number of railroad fatalities result from accidents at crossings, due to trains striking automobiles. It seems that some mode of giving greater warning to approaching automobiles, should be adopted at every grade crossing. Many of these crossings are encountered on country roads where the approach of a train is hidden from view by trees, so that drivers have no warning of the danger until too late. If the present campaign for the prevention of accidents results in the adoption of some method of notifying approaching motorists to beware of crossings ahead, it seems that many fatal accidents might thus be prevented.

Much has already been done in the safety first movement by some of the railroad companies. On the New York, New Haven & Hartford for example there was a decrease of 31 in the number killed in the first eight months of this year as compared with last year, and a decrease of 1,204 in the number of persons injured. If other companies have achieved equal results the sum total of the safety movement throughout the country should be very gratifying.

## COTTON GROWERS BALK

The cotton growers of the south are up in arms against the middlemen, according to reports from the World Cotton Conference at New Orleans. The southern cotton growers appeal to the spinners of Europe to send their representatives direct to the growers instead of to the middlemen who take to themselves \$11.50 of the price of each bale of cotton marketed. After entering this protest the growers were met by the charge that the more calamities come to the cotton crop the better it is for the growers and the more prosperity comes to the south. In line with this contention it was hinted that the boll weevil instead of being regarded as an enemy is entitled to a monument at the hands of the cotton growers.

Possibly it was in pursuance of a profitable policy of enticement that the growers said they intend to raise more foodstuffs on their farms, dropping cotton for a time until they have established their farms on a new productive basis. After that they intimate that they may grow cotton if they get the right price.

It appears that the cotton growers are becoming quite independent and defiant. They do not seem to have any regard for the interests of the rest of the country. Should they pursue a policy of enticement as a means of forcing up the price, it will be necessary to let down the tariff bars against foreign cotton and substitutes for cotton. The cotton growers have enjoyed unprecedented prosperity and should not attempt to adopt a selfish policy that would prove injurious to the nation at large. They should be protected against the operations of speculators and if it be true that the middleman is deriving such large profits from dealing in cotton, it would be an excellent idea to eliminate him altogether.

## THE DYE INDUSTRY.

Not much is heard of the dye industry just at present although the question of American dyes to take the place of those formerly supplied by Germany is always one of great importance to the textile manufacturers. The Longworth bill for a tariff against imported dyes came to the front at hearings in the house, but thereafter dropped out of sight. It is not assumed that a tariff alone affords complete protection. In quantity more is being manufactured now than we imported before the war. The total production for 1918 was 57,000,000 pounds, or one-fourth more than in 1917, but nevertheless, many important dyes are still missing. Some experts suggest that in order to solve the dye problem beyond peradventure, it will be necessary for the government to appropriate money for the purpose of conducting technical experiments of an elaborate character and which would entail considerable expense. Another suggestion is that German patents could be seized and utilized to meet foreign competition. Another year will probably change the dye situation for better or worse.

## IT SERVES THEM RIGHT

The Metropolitan Park commission of Boston confirms the former sentences of dishonorable discharge of nineteen Metropolitan park policemen who refused to go on duty at Seely Square on the night of Sept. 9 when Boston was a prey to a mob of crooks, looters and murderers. They were asked to assist in defending the city left unprotected as a result of the police strike. The sentence is just. They have no right to complain. They are unworthy of trust or confidence as guardians of public order. They have received their just deserts. They deserve no sympathy.

Some organizations have a habit of passing resolutions on every matter on which they are interested. In many cases they make fools not only of themselves but of others also; and not infrequently when some of their own ideas thus expressed are flouted in their faces, they are unable to offer any defense. When any local branch of an organization of national scope passes resolutions it implicates the entire body although it may express only its own ideas. It would be well, especially for hot-headed people who want to give public expression to their feelings to consider calmly whether they are going to help anybody or whether their hasty action will do more harm than good.

It is gratifying to know that the doctors offer assurance that President Wilson is on the sure road to recovery.

## SEEN AND HEARD

It's tough to be hungry and have the price and still not be able to eat.

His friends will tell the victim of indigestion to starve himself. Why starve? Might as well die one way as another.

This is truly a wonderful world if you can keep viewing it in that light and accept every old thing "for the best."

The highest wages in the world, they say, are being paid in Detroit, and money is no object. But people are paying sky-high rent for cramped quarters in polling booths and other shanties. And when it pours and pours as though the heavens would fall, hubby and wifey say to each other: "How fortunate that we have such a comfortable home." Rais!

## Of the Same Mind

The curly-haired little sprit of the house came running to her father in the study, and, throwing her arms about his neck, whispered confidentially in his ear: "O, papa, it's raining!"

Papa was writing on a subject that occupied his mind to the exclusion of ordinary matters, so he said rather sharply: "Well, let it rain."

"Yes, papa, I was going to," was the quick response.—Pittsburgh Chronicle Telegraph.

## The Cause

Teddy hated to wash his face more than once a day. Just as vehemently he liked to use the hose to sprinkle the flowers. Father had to remonstrate with him for oversprinkling his flowers. "You'll make them wilt if you sprinkle them at any time except in the morning," he told him.

A few days later mother was trying to persuade him to wash his face for lunch. Then grandmother tried to use her influence. "Why I always wash my face before lunch," she told him.

Then Teddy looked at grandma's wrinkles and remembered the flowers. "Yes, and just see how wilted it is," he retorted.—Indianapolis News.

## Passed the Test

A young man from our town had gone into a training school as an automobile mechanic. In one of their tests an automobile was taken apart and it was his duty to assemble each part to its respective place. He had done this with the exception of one piece, which was missing and which he could not find. The C. O. told this young fellow that it was up to him to get this piece, so, taking his superior officer at his word, he proceeded to take the missing part from the commanding officer's own car and he was one of four out of a class of 100 who passed the test.—H. H., in San Francisco Chronicle.

## "Glass Eyes"

Artificial eyes in imitation of the eyes of birds and animals are made in great variety. The eyes are made, of course, in imitation of nature, and many of them are beautiful. The steel that the manufacturer or dealer keeps always on hand is wonderful in its variety. There is no eye that could not be supplied. Here are humming birds' eyes, and alligators' eyes, tigers' eyes, and swans' eyes and eyes for owls, and for eagles, and for birds of all kinds and sizes; eyes for mounted fishes, eyes for the bear, the lion, the panther, the fox, the squirrel, the dog and the wolf, and for other animals to be mounted, and eyes for imitation pigs and dogs, sheep and cats, and so on.

## Rain

(Copyright, 1919, N.E.A.)  
When infant Spring is born to Mother Earth,  
The sky, all sympathizing,  
Shower gentle blessings on her well-come birth,  
And gladden her baptizing.

When conquered Autumn lies upon his back,  
All silent in his sleeping,  
The mourning Sky puts on a pall of gloom,  
And calls to bitter weeping.  
—EDMUND VANCE COOKE.

## MAN ABOUT TOWN

John H. Hoar, a Lowell young man who has made good in Detroit where many Lowellians are at the present time, was in Lowell recently and, in conversation with the writer, declared that the average person could not be made to understand how extremely busy and prosperous is the big city in Michigan. The highest of wages is being paid there and money is no object, but the city, corporations and individuals are up against it on the housing proposition. Detroit is overpopulated away into the thousands and people are living in tents, polling booths and all kinds of temporary structures. Sharks, he said, are doing a rushing business there. Speaking of the Americanization proposition in Detroit, Mr. Hoar said that manufacturers and others are going at it "heavy hammer" fashion. The man who is not an American citizen or has not expressed his intention to

## Stopped Her Baby's Cough

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevens, Vivian, W. Va., writes: "When my baby was 11 months old he had a terrible cough and nothing did him any good. I read about Foley's Honey and Tar, and the first dose helped him and in two days the cough had stopped. I can say Foley's Honey and Tar saved my baby's life after everything else had failed." Contains no opiates.

Burkshaw Drug Co., 418 Middlesex St., Moody's Drug Store, 301 Central St.

## MIDDLESEX WOMEN'S CLUB

Monday, Oct. 20, 4 p. m.—Dr. Maurice Francis Egan, United States minister to Denmark, 1897-1918, who was to speak on "Embarrassing Moments in the Life of a Diplomat," has been obliged owing to illness to postpone his lecture until later in the season.

The committee has been fortunate in securing Miss Mary Clark for a song recital. Miss Clark, who is a dramatic coloratura-soprano, was for some time a pupil of Mrs. Sembrich. She is now studying with Caruso and expects to sing in grand opera by the end of next season.

Friday, Oct. 25, 1:15 p. m.—President's Conference of the Massachusetts State Federation of Women's Clubs.

become one by taking out his first papers in the process of naturalization, is not hired any more. And no odds how good a workman he may be, the fellow who is on the job and who has probably been on it for years without getting naturalized, is told that he must get out or become an American citizen. The majority do, but there are some who refuse and express their intention to return to their home country. As to the housing problem in Detroit, an exceptionally interesting story of conditions there will appear in The Sun Sunday Supplement, Saturday.

Which are more prone to truancy in the local public schools, girls or boys? William F. Thornton, chief attendance officer of the local school department, was discussing the subject the other evening and in response to a query he said that there was far more truancy among boys than girls. Obviously, reasons are assigned as the cause of this, such as the natural instinct in boys to do things that may lead to a little adventure and excitement, and the contrasting hesitancy on the part of their sisters to stray from the path of constant attendance at school. But one girl truant presents as many difficulties as a dozen boys, Mr. Thornton said, and no truant officer is particularly in love with the job of bringing back a truant girl to the right path. It is almost impossible to tell the parents of an erring girl that their daughter isn't living up to her duties as laid down by the school teacher, because every parent thinks his or her daughter irreproachable in every respect. Mr. Thornton said parents very often become unpleasantly indignant if they are told that their daughter is causing trouble and offer little or no co-operation in righting the wrong.

According to reports from farmers in neighboring towns the potato crop this year is very poor, which means that there will be a scarcity of the tubers and that prices will be high in consequence. During the past few days I got in touch with a number of neighboring farmers and they are unanimous in saying that their crop is not to be compared with that of last year, and that there is a great danger of the potatoes rotting before the cold season is over. The amateur farmers in this district are also reporting very poor success as far as the growing of potatoes goes. In Maine, however, it is said to be altogether different, but the Maine farmers know how to keep up their prices. A few days ago I met a resident of this city who spent his vacation in Maine during the latter part of September and he told me that he saw immense fields of potatoes. In one place he saw no less than 6,000 bushels on the field and the boss of the farm informed him his potato diggers refused to work unless they received between \$9 and \$12 a day for their labor. "Of course," he said, "the farmers paid the price rather than let

their crop go to waste on the field," and that means that we, residents of Lowell and others, who get most of our supply from Maine, will have to pay the price for potatoes next winter. During the digging season farmers were getting \$2.50 a bag on the field, at wholesale.

Traffic cops, street railway starters, city editors—all must attempt to answer a large variety of durn fool questions as the weeks go by. Perhaps that's why they're so patient. But did you ever think of the girl who sits at the information desk in the telephone exchange and answers the questions of Mr. and Mrs. Lowell in search of their "party" and a multitude of out-of-town folk as well. Verily she must have the patience of Job, must this young woman.

Perhaps if we knew just what she's "up against" we'd be a bit more considerate when we air our opinions of the service in general over her wire. One information operator that I know told me of an individual who sprung the following: "I'm an out-of-town man and I want you to get the number of a man named Fred. I don't know his other name but he rides on the Westford street car." Yes, it's true, and but a sample of the type of questions that are daily propounded to the "information" operator.

## A Woman's Hearty Recommendation

Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Weston, Belvidere, Ill., writes: "I could not stoop down and when I was down I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, strong and better in every way. My general health is improved. I heartily recommend Foley's Kidney Pills to all suffering from kidney trouble. They relieve dizziness, puffiness under the eyes, sore muscles and joints and rheumatic pains when caused by disordered kidneys. Burkshaw Drug Co., 418 Middlesex St., Moody's Drug Store, 301 Central St.—Adv.

## SEA-GOING BUS

### IS GIVEN TEST

LONDON.—Casualties caused recently by the overturning of the "deeps" motor buses in British cities have led to the invention of a device by which the authorities can test the stability of cabs. They are placed in a frame, with weight to correspond to a maximum load, and are tilted at a sharp angle.

Roller skates were patented in 1823 by a London man.

Are you having trouble

with your skin?

If you have eczema, ringworm or similar itching, burning, sleep-destroying skin-eruption, try Resinol Ointment and Resinol Soap and see how quickly the itching stops and the trouble disappears.

Resinol Soap and Resinol Ointment are sold by all druggists. For samples, free, write to Dept. J. L. Resinol, Baltimore, Md.

Remember that—  
**Resinol**  
makes sick skins well

### LIKE AFTERNOON TEA—ONLY DIFFERENT

LIEGE, Belgium—These old ladies have formed a pipe smoking club. They gather in the afternoons like the people of England do for their afternoon tea. The members are up in the eighties and nineties. They're talking of war hardships.

### TO STAMP OUT TYPHUS

American Red Cross Acts  
To Check Spread Along  
Trans-Siberian Railroad

OMSK, Thursday, Oct. 9.—(By the Associated Press).—The American Red Cross has undertaken to establish and administer quarantine stations along the trans-Siberian railroad in an effort to stamp out typhus which is spreading at an alarming rate. This work was undertaken at the request of Admiral Kolchak.

The visit of Col. Rudolph Rallings Teusler, in charge of Red Cross work in Siberia, to Omsk, has resulted in a plan of co-operation between the Rus-

sian civil and military authorities. The latter will assume the burden of maintaining not only proposed quarantine stations, but hospitals already established.

Conditions may be judged from observations made by Col. Teusler en route to this city from the east. At Irkutsk, he found 300 patients without blankets in barren barracks and attended by convalescents. In filthy box cars in front of the barracks were one thousand others.

Col. Teusler reports having outfitted 10,000 beds in Russian hospitals, in addition to nine hospitals with 3800 beds under the management of the Red Cross.

Spiders chew their food with hard, horny jaws. The jellyfish absorbs its food by wrapping itself around the object which it seeks to eat.

### CITY SAVES ADDICTS FROM DRUG CLUTCHES

NEW YORK.—Fresh air and exercise were the chief medicines administered by specialists in curing the first 300 patients in the city drug sanitarium on North Brother Island. City Health Commissioner Copeland announces that two months' treatment completes the cure.

## They used RED PILLS and testify to their value

### Very grateful

Circumstances compelled me to start working at a very early age, so that at sixteen, I was so weak that I had to stop. In reading the newspapers, I learned of the excellent results obtained through the use of RED PILLS for Pale and Weak Women, and decided to try my luck. I took good care of myself and used RED PILLS for two years, and soon recovered my strength. Indeed, I was then stronger than ever. To-day I am married and mother of seven children. I do all my own housework with ambition and courage, and am feeling fine in every way, thanks to RED PILLS, which I still take whenever I feel myself getting run-down.—Mrs. DIDACE LAJEUNESSE  
64 Clinton St., North Side, Cohoes, N.Y.

### Her only medicine

It is quite a while now since I started to take RED PILLS for Pale and Weak Women, and I have always found them very satisfactory. I could do nothing without them. As soon as I stop taking them, I find that I cannot sleep regularly, I feel ill at ease, and excessively nervous. RED PILLS are the only remedy which can keep up my strength, for I am always overworked. Through seeing so many recommendations published in the papers, I got to know RED PILLS, and now, in turn, I consider it my duty to tell others what they have done for me. Trusting this may be the means of helping some other women who may be weak and suffering.

—Mrs. ESTHER POIRIER  
464 Cartier St., Manchester West, N.H.

### Nervousness after "La Grippe"

I have been using RED PILLS for Pale and Weak Women since last January, and am pleased to say that they have helped me wonderfully by strengthening me and by relieving me of the nervousness which had remained since I was taken ill with the Spanish Grippe last fall. I like RED PILLS so well that I intend to take them again, so as to keep myself constantly fit and in good health.—Miss ALICE DALY  
363 Pond St., Woonsocket, R.I.

### Dizziness, headaches, palpitations

For over a year I had been suffering from general weakness, dizziness, headaches, palpitations, and was also coughing quite a bit. As may be imagined, I found it rather difficult to attend to my household duties in this state of health, so that all my family was suffering thereby. I was determined to do my utmost to get better, and so started taking RED PILLS for Pale and Weak Women which helped me right away by toning up my system and by ridding me of the headaches and dizzy attacks which had been the cause of such worry to me. In fact, I am now feeling fine, thanks to their beneficial effects.

—Mrs. EUGENE CANDA  
130 Marquette St., Saginaw, Mich.

### RED PILLS are for Women only

They are always sold in boxes of fifty pills, 50 cents a box, 6 boxes for \$2.50. See that the name of the "FRANCO-AMERICAN CHEMICAL COMPANY LIMITED" is on every box

who are now deprived of the benefits of the act.

"The Red Cross by its activities during the war in behalf of service men has endeared itself to the American public and is now helping to solve many problems in which the American Legion has a vital interest."

"We therefore resolve that the Massachusetts Branch of the American Legion in convention assembled express its deep interest and pledge its support to the third Red Cross roll call."

When the resolutions were submitted by Gen. Sherburne, Maj. Wheelock of Fitchburg asked that the second plank be stricken out on the ground that the subject was already covered in Section 3 of the constitution.

### Resolutions Adopted

Delegate Conroy of New Bedford said that the resolution was designed to eliminate politicians from the or-

ganization. Col. Root of Haverhill declared that the resolution was the art piece of work the convention had done and he wanted it to stand.

Col. Logan pointed out that the resolution was probably aimed at Col. Herbert, a delegate at large.

Gen. Sherburne said that it was not a matter of law, merely an expression of the feelings of the legion members, to be taken for what it was worth.

The resolutions were then unanimously adopted.

The attempt to put the convention on record in favor of pay for discharged men and women who were in the army or navy or Marine corps failed, the convention taking the ground that congress could be counted upon to deal fairly with the subject and treat them liberally and justly.

Delegate Jannup of Dorchester, a former navy man, was dissatisfied with the failure of the resolutions to suf-

ficiently condemn alien and native slackers.

He told of his experience with them and said that he has taken great delight punching the head of one of them through a car window after listening to him boasting how he has remained at home and made big money at the Victory plant in Squantum, while he and his two sons had donned Uncle Sam's uniforms and did their bit as fighting men in the war. The delegates cheered him.

Col. Herbert said after the adoption of the resolution that he was not disturbed over the paragraph said to be aimed at him and his candidacy for lieutenant governor on the democratic ticket.

Replying to Col. Root, who informed him that he intended to publicly oppose him in partisan politics, while holding office in the legion, Colonel Herbert said that he welcomed the opposition and told Col. Root that he

would send him an engraved invitation to be present at his inauguration as lieutenant governor next January.

Members of state executive committee elected were: District 1, R. A. Flood, North Adams; District 2, A. F. Foot, Holyoke; District 3, David J. Nolan, Worcester; District 4, William J. Keville, Belmont; District 5, J. Wells Parley, Needham; District 6, Fred Doyle, Boston; District 7, Judson Hennigan, Beverly; District 8, Charles E. Davis, New Bedford; District 9, Louis P. Eaton, Brockton.

### Delegates Elected

The following delegates at large to the national convention were elected: Jasper G. Bacon, Jamaica Plain; William T. Ryan, Holyoke; John F. J. Herbert, Worcester; William J. Keville, Belmont. Alternates, James H. Welch, Fitchburg; Henry L. Fowler, Greenfield; John J. O'Rourke, Lowell; Way Vagle, Newton.

## "BOB" HART GOING GOOD

Scored All of New Bedford's Goals in Last Night's Victory Over Fall River

NEW BEDFORD, Oct. 17.—New Bedford and Fall River polo teams met for the first time here last night, New Bedford winning, 6 to 3.

Jean brought down the decision of the tie crowd when, after minutes of foul, he slammed the ball at his own goal on the free shot. Jean saw the joke when Purcell, who was forced to make a good stop, shouted at him. Both sides played a good passing game.

"Bob" Hart scored all of New Bedford's goals. The summary:

| NEW BEDFORD |   |
|-------------|---|
| R. Hart Jr. | 6 |
| Rhoads      | 0 |
| Sturtevant  | 0 |
| Pomeroy     | 0 |
| Conley      | 0 |
| Totals      | 6 |

| FALL RIVER  |   |
|-------------|---|
| G. Hart Jr. | 1 |
| Pierce Jr.  | 0 |
| Curran      | 0 |
| Purcell     | 0 |
| Totals      | 1 |

Stout, Corley 46, Purcell 32, Rhoads, R. Hart Jr., G. Hart Jr., Pierce, Referee, Carroll.

**POLO NOTES**  
Frank Hardy, former leader of the rival Lawrence team, will come to Lowell tonight at the head of the Salem team to play Capt. Harkins' club at the Crescent rink and a red hot game is expected.

"Kid" Williams and Alexander, who did the rushing for Salem last season are back on the job and to date have been setting a fast pace. Williams is a speed merchant and his work is always a treat to watch. It is said he is working well with Hardy and the team is considered one of the fastest in the league at the present time.

"Molly" Morrison, who filled in with Lowell a few games last season and played with several other teams will be in the Salem lineup. He's a good peppy performer. Lovegreen will play goal.

Lowell's successful start here on Tuesday night, though handicapped by the absence of Griffith, made a big bit with the fans and a good crowd is expected here tonight to see the "battle."

A large delegation from Woburn, as well as a number from Salem, will be on hand tonight. The Saltmires are coming with fish horns, etc. to root for their team.

It was announced last night that "Hon" Griffith, star center of the Lowell team, would be in the lineup tonight. Griffith is a great favorite here, where he has played for the past two seasons, and his work had an important part in Lowell's success in winning two successive pennants. His friends will be out in large numbers to greet him when he hops into the cage tonight.

## MURPHY'S HORSES WIN AT ATLANTA

ATLANTA, Oct. 17.—Yesterday was Murphy day at Lakewood park, the Poughkeepsie trainer winning two of the four events on the card.

The veteran trotter, Royal Mac, winner of two races at Lexington, again went to the front, beating the small field in the \$2500 event for 2:07 trotters; while Esther R., making her first appearance since she was disqualified at Columbus four weeks ago, did the same thing to the 2:07 pacers.

Day Star, the winner of the junior division of the Kentucky Futurity, was in a soft spot in the sweepstakes event for 2-year-olds. Walter Fox landed him first in a job in each heat.

The real speed shown in the 2:07 trot was in the last halves and quarters of each heat. Royal Mac twice going the last half in 1:06, with the final quarter in .29, and then doing the last half of the last heat in 1:09, with a quarter in .23.

Esther R. had only a trio to beat in the 2:07 pace and Murphy covered her up in the early part of each heat, winning easily through the last eighth.

## MORE BETTING THAN EVER IN ENGLAND

LONDON. (Correspondence of the Associated Press).—There is more betting than ever on horse racing throughout England, according to one of the leading London bookmaking firms, as though every one was trying to make up for the war-time period when racing as well as betting was suspended.

"It is not only that more people are betting," said the head of the concern, "but they are wagering larger sums. The small man who used to have his 'tanner' on a race now risks his shilling or half-crown, while the clubman who formerly was content to wager a sovereign now bets a five."

"I have been in business for 35 years, and I have never made such books as this year over the Derby and other classics."

"Another point about present day

STILL GOOD FRIENDS

Pat Moran and Kid Gleason shaking hands. The Kid offered congratulations to Pat after the series had been won by the Reds.

betting," continued the bookmaker, "is the number of women who back horses. Fifteen years ago I don't think we had a dozen women customers. Now we have hundreds. I don't know where they get their information, but some of the biggest checks we have drawn this year have been for women."

"They nearly always pay, too, when they lose. Of course, we get an occasional defaulter, as we do among our men customers. But take them all around they are just as sporting over the business as any of the men we have on our books."

A poison epidemic is killing wild fowl in Utah and surrounding states.

## ADAIR GETS DECISION

Awarded Verdict After Fast 12 Round Bout With Duffy—Other Bouts

Barney Adair and Jimmy Duffy, both of New York, met in the main bout at the Crescent rink last night and after a fast battle over the entire distance, 12 rounds, referee Carney declared Adair the winner.

The decision did not meet with unanimous approval, many being of the opinion that it should have been called a draw. Duffy, however, that was a draw. Duffy, however, that was a draw. Duffy, however, that was a draw.

The decision was a difficult one, but as the referee scored the rounds carefully, and found that Adair had the advantage, he rendered his verdict accordingly. Duffy's backers and many of the crowd, however, were not satisfied with the decision.

The entire program was well arranged and satisfactorily staged. One extra prelin was introduced because of the brevity of the opening event. In the first number Kid Jinx lasted less than a round with Young Fawcett. Huddy Kane and Kid Jellison then came forth for the second event. This, too, was of short duration, for in the

second round Jellison went to the carpet from a blow that landed in the vicinity of the spinal column. He was backing away from the haymaker landed.

Young Pano who won the first bout then came on for his second bout of the night. This time he met Young Corrigan and he found a very rugged and hard hitting opponent before him. Corrigan put up a great battle. The bout was full of action and went big with the fans. Corrigan's hitting and willingness to fight all the way found appreciation on the part of the members. Both were fighting furiously when the final bell rang and in his confusion, the referee's draw decision was misunderstood, many thinking he had awarded the decision to Pano. He immediately sent Announcer Roane to the ring to explain that the award was a draw.

The semi-final between Dubby Dolan of Lawrence and Frank Molins of Lowell was a "whale" of a number. Both are aggressive and fast performers and they fought hard all the way in the early rounds, which was fairly even, but Molins went to the front as the rounds were tolled, and while Dolan flashed in the last two rounds, Molins had a comfortable lead and was given the decision.

It was announced that on next Thursday night Benny McCoy of Baltimore and Roy of St. Paul, bantamweights, will meet in the main bout.

**AMUSEMENT NOTES.**  
Below is what the press agents of the different theatres say of the current attractions and of others to come:

**THE STRAND**  
You can't beat Douglas Fairbanks when it comes to introducing and carrying out new and novel stunts. In his latest million dollar production, "His Majesty, the American," which has been held for the entire week at The Strand, Fairbanks shows some of the most daring work ever accomplished in the motion pictures. But don't think that he has a monopoly on this particular brand of picture entertainment. Not by a long shot. George Walsh, another live wire of the screen is there in his latest offering, "The Winning Stroke" and it's a regular "battle of stunts" between the pair. We don't pretend to decide the winner. We leave that to you. And besides these two great attractions there is a good comedy and excellent Weekly.

Next week another really big picture attraction is promised in Nazi-

Mail Orders  
Send your order by mail. Don't hesitate. It is a perfectly safe way to buy. Mail orders are shipped promptly. Satisfaction guaranteed and tires are returnable in ten days if they do not meet your approval.

## We Guarantee Absolute Satisfaction

You may be as particular as you please in buying these tires. We try to be more particular than you will be. Our idea is to satisfy you in every detail. If you do not get all you expect from us, we make good.

These remarkably low prices will interest all motorists, especially as it will not be possible, unless present market signs fail, to duplicate the prices for many months to come.

Bear in mind that all the tires in this sale were carefully selected, have no serious defects and are as good for practical purposes as "firsts." The mileage is in them. They are splendid "buys" one and all. Come now and come early.

THE TIRE VALUES IN THIS SALE WILL BE A REVELATION TO TIRE USERS

## GERMANS INDIGNANT

Protest Enormous Cost of Maintaining Entente Armies of Occupation

BERLIN, Wednesday, Oct. 15. (By the Associated Press.)—Indignation was expressed today by members of the budget commission of the assembly when the national treasurer announced the cost of maintaining entente armies of occupation and various control commissions would be from 2,300,000,000 to 3,000,000,000 marks annually. The minister added that the drain on the national defenses would "eventually react on the entente" and expressed the hope that the size of the occupying armies would be gradually reduced.

Socialist and democratic deputies declared the entente demands "exceeded all limits of moderation" and charged the troops were indulging in "extravagances at Germany's expense" and charged the troops were indulging in "extravagances at Germany's expense." Four leading Berlin hotels have been requisitioned for the accommodation of inter-allied missions, which are expected to arrive next week. A government official told the budget commission today that efforts to induce the entente to reduce the size of these missions had been futile. A wireless

despatch received here says it is expected the missions will total 400 officers and 800 men and will bring 200 automobiles to this city.

## BLEACHERY BOWLING LEAGUE WINNERS

The Shoe Duck and Packing Room teams in the Bleachery bowling league were the winners at last evening's clash on the alleys, with the Finishing Room and Repair Shop quieting going to a spirited draw. The rolling of McQueen, for the Packing Room, was a feature. The scores:

| SHOE DUCK ROOM   |    |    |        |
|------------------|----|----|--------|
| McIntyre         | 72 | 84 | 51 237 |

## PROVIDING PLACES FOR KICKERS

As an incentive to organized football in Lowell, the park commission has laid out three regulation gridirons in various sections of the city and these will be ready for games tomorrow afternoon, it was stated this morning.

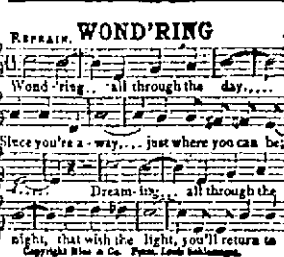

The need of properly laid out football fields here in Lowell has long existed and it is felt that the sport will enjoy a decided stimulus as the result of the park department's action. With the exception of Spalding park and occasionally Washington park in Middlesex street, there have been no properly appointed places available for the fall sport.

The gridirons have been laid out on the South common, North common and the fair grounds. Regulation goal posts, white yard lines and all the other paraphernalia essential to the conduct of a football contest have been provided by the commission.

The use of the fields by various elevens will be regulated just as the baseball diamonds are in the summer—each team will be given equal opportunities.

## Sensational Song Hit

A new ballad which is the latest New York rage, entitled "Wond'ring," is a sensational affair prettily written with a swinging fox-trot chorus by the same author and composer of the current musical successes, "Romance" and "Tents of Arabia." The following is a portion of the chorus:

This song is written in only one octave with a number of odd harmonies that seem to particularly appeal to the fair sex. The slight advance over popular music has not kept it from being a tremendous hit. Orchestras are using the melody as a fox-trot. This can be had for talking machines and player pianos.

to take advantage of them by application at the park department office in city hall.

## THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Scientific studies state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.—Adv.

# America's Economy Clothes

## P&Q

Made In Our Own Sunlight Tailor Plant In New York

Sold Direct Through Our Own 32 Good Clothes Shops.

### An Overcoat For "Everyman"

#### At A Price That Everyman Can Afford To Pay.

Some merchants ought to get the Iron Cross for their ability to charge high prices.

The P&Q policy is to encourage buying—to put the best possible clothes within reach of any man, at the lowest possible prices.

The enormous showing of

## P&Q Overcoats And Suits at

# 25 30 35

will convince you that the great chain of 32 clothes shops comes honestly by their reputation for value giving.

You never saw a handsomer collection of Suit Models—nor a more broadly comprehensive line of Overcoats—nor a greater variety of patterns.

And yet our prices are at least \$10 lower, because we make the clothes and sell them direct—you don't have to pay the middleman's profit—and our enormous volume of business further decreases the cost—and you get all the saving!

A small deposit will reserve any overcoat in our stock until you need it.

## MATRIMONIAL

Mr. Norman H. MacDonald and Miss Bertha Dimock, both of Billerica, were united in marriage on October 6 by Rev. Mr. Blossie, pastor of the Billerica Baptist church. Mr. MacDonald is connected with the N.E.T. & T. Co. in Boston and the couple will make their home in Dorchester.

## Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## BELGIAN ROYAL PARTY IN "MOVIELAND"

LOS ANGELES, Cal., Oct. 17.—King Albert, Queen Elizabeth and Crown Prince Leopold of Belgium, arriving here today from a visit to the natural wonder of the Yosemite valley and the Giant Sequoia of California, were introduced to a new experience in "Movieland."

Their majesties were invited to meet the leaders of the professional motion picture world and be escorted through the studios. Later they were to be taken through the gardens and orange groves of Pasadena and Glendale. Three and one-half hours was all the time they planned to spend here.

Soldiers of the 91st "wild west" division that served in Belgium, were at the station to meet the royal party. From the king, many of this organization had received decorations in Belgium for heroic deeds of fighting with Albert's troops.

## NEW TAXES IN GERMANY

BERLIN, Wednesday, Oct. 15. (By the Associated Press.)—It has been decided by the tax commission to impose a 10 per cent. tax on advertisements and hotel lodging bills. The rate for the levy on luxuries has not as yet been fixed, but that on the turnover of business concerns has been adjusted at one and one-half per cent.

## REED DEFEATS ROBINSON

FRAMINGHAM, Oct. 11.—A crowd of 1,000 at the Casino A. C. last night saw Paul Reed of Boston win by decision over George Robinson of Cambridge in a 12-round bout.

## RESUME LONG

## MURDER TRIAL

MONTPELIER, Vt., Oct. 17.—The Washington county court was prepared today to resume the trial of George A. Long, who is charged with the murder of Mrs. Lucina A. Broadwell at Barre on the night of May 3, Juror Thomas J. Ferris having recovered from the illness which caused an adjournment two days ago.

The cross-examination by the defense of Harry E. Broadwell, husband of the dead woman, was expected to occupy a large part of today's session. Evidence brought out by the state was intended to show that Broadwell was not near the place where the body was found and had no opportunity to commit the crime.

## FUNERALS

COTE—The funeral of Cyrille Cote took place this morning from his home, 31 Willie avenue. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Aurelien Morell, O.M.I., assisted by Rev. Eugene Turcotte, O.M.I., as deacon, and Rev. Guillaume Ouellette, O.M.I., as sub-deacon. The bearers were Joseph Meunier, Leon Proulx, Louis Deschamps, Simon Jolbert, Theophile Croteau and Adolphe Desrosiers. Burial was in St. Joseph's cemetery, where the communal prayers were read by Rev. Joseph Bolduc, O.M.I. Funeral arrangements were in charge of Undertakers Amadee Archambault & Sons.

## FUNERAL NOTICE

POFF—Mr. William Poff died yesterday at 4 p. m. He leaves his wife, Carrie Poff; two daughters, Cora and Lillian; two brothers, George and Clinton; and Charles, of Worcester; two sisters, Mattie Colburn of Brockton and Hanna Hamlet of Lowell. Services will be held in the chapel at Woodlawn cemetery, Nashua, N. H., at 3 p. m.

## Fall of Petrograd Reported

Continued

viki since the soviet regime took power in December, 1917.

## Report Lacks Confirmation

LONDON, Oct. 17.—The march of General Yudenitch at the head of the northwestern Russian army on the city of Petrograd was still progressing favorably at the latest advices. Some reports of his advance, however, have apparently outrun his actual progress. There appeared for instance some doubt today whether the fortress of Kronstadt, outpost at the water approach to Petrograd, had capitulated to British naval forces, as indicated in reports during the night. The British Admiralty had received no confirmatory advices and the accuracy of the news was questioned in Admiralty circles.

Despatches from Scandinavia have announced the capture of Gatchina, 25 miles south of Petrograd, by the Yudenitch forces and stated that he was advancing on Tsarskoe-Selo, former residence of the late Emperor Nicholas and Krasnoye-Selo, nearby. Reports of the capture of these places by the anti-bolshevik army, however, seemed of doubtful accuracy. A Bolsheviki wireless station is located at Tsarskoe-Selo and announcement was made by the wireless press here this morning that the Bolsheviki were apparently still in possession of it as soviet propaganda was yet being sent out by the station during this forenoon.

## Soviet Troops in Mutiny

Soviet troops are reported to be leaving Petrograd, a mutiny among the men having broken out. In any event advices indicate that the Yudenitch forces are encountering feeble resistance.

Bolsheviki troops are said to have captured Kiev, but in this region the situation is obscure. It was reported last week that Kiev was in the hands of General Petliura's Ukrainian army, which advanced against General Denikin's lines. With the exception of the capture of Kiev, the Bolsheviki seem to have been repulsed along the new front.

Further details of the situation south of Moscow have not been received, but it appears that Bolsheviki armies in that region are launching counter attacks against General Denikin's lines. The location of the line of battle in this region, has not been reported recently but it is known to be west of the Tobol river, which flows northward through the eastern foothills of the Ural.

In the meantime, Admiral Kolchak, head of the all-Russian government at Omsk and commander of the anti-Bolsheviki elements on the east Russian front, is advancing rapidly in pursuit of the soviet armies which have been ordered to retire. The location of the line of battle in this region, has not been reported recently but it is known to be west of the Tobol river, which flows northward through the eastern foothills of the Ural.

Siberian Forces Hold Line  
OMSK, Thursday, Oct. 9. (By the Associated Press.)—Siberian forces are

holding the line of the Tobol river, except in the vicinity of Yalutorovsk and Kurgan, which are still in Bolsheviki hands. The military situation has been virtually unchanged during the past week because of heavy rains and mud, which have brought operations to a standstill.

## Body Still at Site

LONDON, Oct. 17.—The wireless press this morning announced that the Russian bolshevik authorities were still sending during the forenoon today propaganda messages through the wireless station at Tsarskoe-Selo. This would indicate that General Yudenitch had not yet, as reported, reached this point in his advance on Petrograd.

Hutchins' Rubber Store, 214 Merrimack street, Rubber boots. "Every thing in rubber."

## EMPLOYMENT FOR UNSKILLED LABOR

All kinds of positions are open for unskilled labor, both male and female, outside the city, according to C. F. Cronin, manager of the United States employment bureau in the War Camp Community building on Dutton street, which is still doing business despite the recent order from the government discontinuing all United States employment officer throughout the country. It is understood that the office is soon to be taken over by the directors of the War Camp Community Service, and will be continued in its present form for the benefit of Lowell's ex-service men and civilians as well.
